PART I.

S. O.

No. 1223-74 / C. B. 128-18-2

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
dated 3rd April 1919.

OFFICIAL MEMORANDUM.

All communications intended for the Palace Controller, should be addressed to the Huzur Secretary from the 9th April 1919.

By Order,

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Secretaries to Government.
The Heads of Departments.
The Deputy Commissioners of Districts.

Exd.—C. R.

Standing Committees in each District.

No. G. 22516-29
P. P. 134-18-479

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, 4th April 1919.

OFFICIAL MEMORANDUM.

At the Legislative Council Meeting held on 24th March 1919, it was urged that a Standing Committee should be constituted in each district to advise Government regarding the policy to be pursued in regard to the food situation.

2. Government are accordingly pleased to direct that a Committee consisting of the Deputy Commissioner (President), the Revenue Sub-Division Officers, the District Economic Superintendent (Secretary), the District Superintendent of Police, and three non-official gentlemen be formed in each district.

3. The non-official members may be nominated by the Deputy Commissioner and their names reported to Government.

4. The Committee will meet at least once a month and review the situation regarding the supply of food stuffs in the district and make suggestions, if any, for the consideration of the Central Food Stuffs Committee.

5. Copies of the Proceedings of each meeting should be forwarded to the Government and also to the Revenue Commissioner and the Food Controller.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.
The Inspector-General of Police in Mysore.
The Food Controller and Director of Civil Supplies in Mysore.
The Deputy Commissioners of Districts.
The Secretary to the Economic Conference.
The Secretary to Government, Departments of Education and Agriculture.
The Secretary to Government, Revenue Department.

Deaths of Europeans in the State.

No. G. 22390-8 / P. P. 3-18-100

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, the 3rd April 1919.

CIRCULAR MEMO.

The instructions conveyed in Circular Memo No. G. 4199-4238—G. M. 63-05-62, dated 8th March 1906, and the heading of the form prescribed in Circular Memo No. G. 6661-710—G. M. 135-12-70, dated 30th April 1913, having been found to have given room for doubt as to the nature of cases of deaths of Europeans that should be reported, the Deputy Commissioners of Districts are hereby informed that all cases of deaths among Europeans whether employed in Government Service or not or whether in receipt of pensions from any Government or not should be reported. To make this clear, the heading of the form of the return will be altered to "Return of deaths of Europeans, etc. (including members of the Civil Service of India) in the ..... District for the month of .... 19 .

2. The form thus revised admits of its being used for reporting cases of deaths for purposes of the Administrator General's Act as required in Government Order No. 7953-61—J. 919, dated 14th January 1897.

3. The form as thus revised will be printed at the Government Press, and 100 copies supplied to each of the Deputy Commissioners. A sufficient number will also be kept in stock at the Stationery Depot to meet future requisitions.

By Order,

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Deputy Commissioner, Bangalore District (with reference to his letter No. C. Per M. 18-4, dated 20th January 1919).
The Deputy Commissioners of other Districts.

READ—

Government Order No. G. 10487-546—P. P. 41-18-6, dated 4th December 1918, sanctioning an advance of Rs. 30,000 for the purchase of seed grains and certain other charges.

Order No. G. 24112-17—P. P. 41-18-22, dated 21st April 1919.

With a view to afford prompter relief to raiyats during the present season, Government are pleased to place at the disposal of the Director of Agriculture in Mysore, a further sum of Rs. 20,000 for the purchase of seed grains for paddy and ragi to be distributed to raiyats through the several Taluk Grain Depots. The value of the seeds thus distributed should be recouped from Takavi Loans, sanctioned by the Revenue authorities under the rules for the grant of Land Improvement Loans.

2. At the same time Government are of opinion that Takavi Loans should be granted more largely and applications disposed of with greater promptitude than ordinarily. The Revenue Commissioner is requested to issue suitable instructions for the prompt disposal of all such applications. The interest to be charged on these special loans may be fixed by the officers granting them at slightly concession rates according to the circumstances of each case, but subject to a minimum of 2 per cent.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Revenue Commissioner in Mysore.

Khaki Helmets.

No. G. 22804-5—Mily. 206-18-6, dated 7th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Correspondence ending with letter No. 7102, dated 22nd January 1919. from the Chief Commandant, Mysore State Troops, recommending (1) the adoption of khaki helmets for use by the Infantry and the Mysore Horse for all parades other than ceremonial ones as they are cheaper and more convenient than the khaki Mull pugries that are now being used and (2) the first issue of the helmets being made free at a cost of about Rs. 6,000.

Order No. G. 22804-5—Mily. 206-18-6, dated 7th April 1919.

Sanctioned.

The Chief Commandant is requested to point out to the Comptroller the source from which the amount required to meet the expenditure may be re-appropriated.

Development of the Government Branch Press at Mysore

No. G. 23856-61—G. P. 42-17-21, DATED 17TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Correspondence ending with letter No. 2614—a, dated 3rd March 1919, from the Superintendent, Government Printing, in regard to the development of the Branch Press at Mysore City.

Order No. G. 23856-61—G. P. 42-17-21, dated 17th April 1919.

The work in the Government Press has increased considerably in recent years and it has also become necessary to make adequate provision for the large quantity of printing work required to be done for the University and the Railway Department. The Branch Press in Mysore City has therefore to be developed so as to make it fit to cope with some of the extra work and the bulk of the work of the University and the Railway Department, the headquarters of which latter have since been transferred to the Capital City. The Superintendent, Government Printing, has proposed with this object the following items of additional expenditure to be incurred during the current as well as in future years:—

	Rs.
Non-recurring for machines, type, etc.	25,000
Do buildings	10,000
Recurring, additions to staff	6,192
Do contingencies . ..	480
Total ..	41,672

Government approve of the Superintendent's proposals with the modification that a sum of Rs. 13,000 only be spent on extra machines and type and other material during the current year, the expenditure being met out of the provision of Rs. 40,000 under "Purchase of Machines" in the current year's Press Budget.

The establishment of the Branch Press as it stood hitherto and as it is now sanctioned is shown in the annexure. The additional contingent grant asked for, namely Rs. 40 per month, is also sanctioned. The entire revised establishment should not be entertained at once, new hands being taken on to the extent necessitated from time to time by the increase in work.

The additional expenditure during the rest of the current year on account of establishment and contingencies subject to a maximum of Rs. 1,032+80 will, as a special case, be met out of the grant for the "Purchase of Materials and Types" in the current year's Press Budget. The Comptroller is requested to make necessary provision in the budget for this expenditure in future years.

An estimate of Rs. 31,215 has been separately sanctioned for improving and extending the Branch Press building at Mysore City.

It is expected that, with this additional equipment, the Branch Press at Mysore will be able to undertake, in addition to the work that it has done till now, all the work of the University and the Railway Department, except work of any special nature for which they may wish to make separate arrangements. The University and the Railway Department will not contribute to the expenditure on equipment and buildings but all work done for them will be charged for according to the schedule of sanctioned rates.

The Superintendent, Government Printing, is requested to report before the end of the current official year the steps taken to carry out the instructions contained in this order.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Superintendent, Government Printing.
The Comptroller to Government through the Financial Secretariat.

Carbon Papers.

No. G. 23554-5—P. & S. 9-18-140, DATED 15TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. C. 3568 – Gl., dated 21st March 1919, from the Revenue Commissioner in Mysore, forwarding copies of correspondence between the Deputy Commissioner, Chitaldrug, and the Superintendent, Government Stationery, in the matter of the supply of certain articles of stationery and requesting for reasons explained, the supply of eight quires of carbon papers required urgently for the use of the office of the Deputy Commissioner, Chitaldrug.

Order No. G. 23554-5—P. & S. 9-18-140, dated 15th April 1919.

In the circumstances reported, the Superintendent, Government Stationery, is requested to supply eight quires of carbon papers at a very early date to the Deputy Commissioner, Chitaldrug.

Carbon papers should not, as far as possible, be employed when more than half a dozen copies are required. Heavy manifolding is not calculated to do much good to typewriting machines either. When a large number of copies are required, the matter is best cyclostyled for issue.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Superintendent, Government Stationery,
The Revenue Commissioner in Mysore.

Exd.—C. R.

Memo No. G. 23556-610, dated 15th April 1919.

Copy of the above is forwarded, with compliments to the Heads of Departments and the Deputy Commissioners of Districts for information.

By Order,
C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Wastage of Paper and Other Articles of Stationery.

No. G. 22623-82 / P. S. 9-18-129

GOVERNMENT OF H. H. THE MAHARAJA OF MYSORE,
GENERAL AND REVENUE SECRETARIAT,
Dated Bangalore, the 5th April 1919.

CIRCULAR.

As there is reason to believe that much avoidable wastage of stationery still occurs in several offices and as prices of articles of stationery also rule very high, the attention of all Heads of Departments and Deputy Commissioners of Districts and all other indenting officers is invited to the marginally noted circulars issued from time to time in the matter of economy in the use of stationery and they are requested to take special precautions to guard against avoidable wastage in their offices and to have their indents for stationery made out with greater care henceforward.

Read-

Reports from the District Magistrates of Districts on the working of the Merchandise Marks Regulation, 1892, during the year 1917-18.

Order No. G. 22423-30—Legis. 13-8-9, dated 3rd April 1919.

Recorded.

2. The number of cases in which the difference between the described and actual lengths was in excess of the variations permitted in the Rules was as noted in the margin. No prosecutions were instituted under the Regulation during the year under report and the reports do not show what action, if any, was taken in respect of the differences noticed above. The District Magistrates are requested to invariably report in future the action taken in such cases.

Kolar	... 9	cases
Bangalore	... 16	,,
Kadur	... 3	,,
Chitaldrug	... 2	,,
Shimoga	... 10	,,
Mysore	... 2	,,

3. The statement received from the District Magistrate, Hassan, does not give the described lengths of the pieces examined, thus rendering it impossible to ascertain if the shortages reported were within the limits allowed by the rules or not. The attention of the District Magistrate is drawn to para 2 of Government Order No. J. 2563-70—Legis. 6-17-9, dated 12th January 1918, reviewing the reports for 1916-17, in which the necessity for furnishing the said details has been emphasised.

4. The District Magistrate, Tumkur, brings to notice that it was found during inspection that full pieces of cloths were not available, the merchants having sold portions of them, and suggests that some full pieces might be caused to be examined by the Municipalities concerned while levying octroi duty on them. This is the practice in vogue in the Mysore and Kadur Districts and may be adopted in the other districts also.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The District Magistrates of Districts.

Progress Report.

No. G. 22693-5—Cts. 216-18-2, dated 5th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. G. 22693-5—Cts. 216-18-2, dated 5th April 1919.

Government consider that the working of the scheme for the separation of Judicial and Executive functions should be carefully watched, especially in its earlier stages; and in order that the necessary information may be available from time to time, they are pleased to lay down the following instructions.

2. The District Magistrates of the districts into which the scheme may have been introduced will obtain from the presiding officers of the newly established Courts, quarterly statements showing the number of cases instituted during the quarter, as well as those, if any, pending at the end of the preceding quarter, the number disposed of and the number left pending, showing separately those pending for over two months with explanations as to pendency in each of such cases. They will also obtain a similar statement in regard to the disposal and pendency of appeals.

To be arranged under the usual main heads as in Annual Judicial Statement No. 2 (Criminal).

3. These statements for the various courts should be obtained as far as possible within a week of the expiry of each quarter, and submitted with his comments, if any, by the District Magistrate concerned within the week following to the Chief Court, which will be requested to forward the statements with any remarks of the Judges, to Government for information before the close of the month following the quarter.

4. Government consider it important that the calendars of the Magistrates under the new scheme should be carefully scrutinised, and any tendency to grant unnecessary adjournments or otherwise protract disposals of cases watched and checked. They will be glad if the Chief Court will issue such further instructions as may be considered necessary to ensure this being regularly done.

5. The Government will also be glad to be furnished with a special report from the Chief Court by the commencement of August next as to the working of the scheme during the six months during which it will have been in operation in the Bangalore and Shimoga Districts by the end of the current official year.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

Maintenance of one General Cash Book for the Mysore Jail.

No. G. 24231-2—Pris. 29-18-5, dated 22nd April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Order No. G. 11826-7—Pris. 29-18-2, dated 17th December 1918, recording the audit note of the accounts of the Mysore Jail from April 1917 to June 1918 with the observation that separate cash books should be maintained for entering the transactions of the General and the Manufacturing Departments in strict compliance with Rule 836 of the Mysore Jail Manual.

2. Correspondence ending with letter No. L. A. D. 227, dated 16th January 1919, from the Comptroller, stating that one general cash book for all transactions may be maintained in the Mysore Jail, as one and the same officer, *viz.*, the Chief Jailor is in charge of both the Jail and the Manufacturing Departments and that the existing arrangement of having only one cash book for all the transactions in the Mysore Jail may continue.

Order No. G. 24231-2—Pris. 29-18-5, dated 22nd April 1919.

Government are pleased to accept the view of the Comptroller under the peculiar conditions obtaining in the Mysore Jail and accordingly direct that the Government Order read above be modified in so far as it relates to the maintenance of separate cash books.

2. The following will be added as an exception to Rule 836 of the Mysore Jail Manual.

Exception.—In the case of the Mysore Jail only one general cash book will be maintained for recording all the transactions taking place there, separate ledgers being opened for the various accounts.

C. S. BALASUNDARAM IYER,
Chief Secretary to Government.

To—The Inspector-General of Prisons in Mysore.
The Comptroller to Government.

Administration Report of the Railway Department for 1917-18.

No. G. 22495-6—G. M. 153-18-4, dated 4th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

The Administration Report of the State Railway Department for the year 1917-18, received from the Secretary to Government for Railways with his letter No. 1721, dated 14—25th December 1918.

Order No. G. 22495-6—G. M. 153-18-4, dated 4th April 1919.

1. Recorded.

2. *Personnel.*—Mr. D. G. Dani was appointed as Agent and Secretary to Government for Railways when Rao Bahadur Mr. K. Krishna Iyengar was placed on Special Duty in the Public Works Department.

3. *Railway Committee.*—The Railway Committee met ten times during the year and dealt with 23 questions.

4. *State lines worked by the Madras and Southern Mahratta Company.*—The length of these lines was 411·23 miles as in the previous year. The gross earnings on these lines amounted to Rs. 41,87,109 or Rs. 2,40,490 more than in the previous year, and the net earnings to Rs. 21,65,734 or Rs. 2,73,243 more. The percentage of return on the total capital outlay of Rs. 2,58,02,450 was 8·39 as against 7·35 in the preceding year. The net profit to the State during the year amounted to Rs. 9,62,589 as against Rs. 7,17,832 in 1916-17.

5. *Lines worked by the State.*—The total length of the lines worked by the State increased from 125·35 miles in the previous year to 231·75 miles or by 106·40 miles.

The gross earnings on these lines amounted to Rs. 4,61,636 as against Rs. 1,96,796 and the net earnings to Rs. 1,37,140 as against Rs. 15,459, respectively, in the previous year. The net return on the capital outlay was 1·12 per cent against ·35 in 1916-17.

The working expenses are still comparatively high, though there has been some improvement in the year under review. Endeavours should be made to manage these lines more economically.

6. *The Mysore-Arsikere Railway.*—The total capital outlay on this line during the year was Rs. 11,53,180, thus bringing the total outlay up to the end of the year to Rs. 82,68,463. The gross earnings were Rs. 1,59,593 and the percentage of working expenses to gross earnings was 68·69. The total length of the line was 102·95 miles.

7. *Kolar District Railway.*—The capital expenditure during the year on this line was Rs. 1,37,785. The gross earnings were Rs. 1,58,400 during the year as against Rs. 1,19,855 in 1916-17; and the percentage of working expenses to gross earnings fell from 96·31 in 1916-17 to 66·75 in 1917-18. The total length of the line was 63·51 miles.

8. *Bangalore-Chikballapur Railway.*—The Section from Yeswanthapur to Bangalore was opened for all traffic on 7th January 1918. The total capital outlay during the year was Rs. 1,18,869, thus bringing the capital outlay from the commencement of operations to Rs. 11,47,671; and the gross earnings amounted to Rs. 1,21,565. The percentage of working expenses to gross earnings stood at 55·33 against 72·75 in the previous year, which is a satisfactory improvement.

9. *Tarikere-Narasimharajapura Tramway.*—The gross earnings on this line amounted to Rs. 22,078 as against Rs. 925 in the previous year. The percentage of expenses to earnings was 189·63 an altogether unsatisfactory position. The details of the working of the tramway require closer supervision.

10. The following lines are under construction or preliminary arrangements for construction are in course of progress.

(1) The Chikjajur-Chitaldrug Railway;
(2) The Tadasa-Hebbe Tramway;
(3) The Kemmangundi-Benkipur Tramway;
(4) The Agasanhadlu-Benkipur Tramway; and
(5) The Shimoga-Arasalu Railway.

11. *Surveys and Investigations.*—The surveys of the following lines were completed:—

(1) Shimoga-Bhatkal Railway;
(2) Arasalu-Tirthahalli Railway;
(3) Mysore-Coorg Railway;
(4) Tumkur-Sira-Chitaldrug Railway;
(5) Hebbe-Muthodi Tramway; and
(6) Benkipur-Jolhal Tramway.

A project was prepared for the Nanjangud-Kakankote railway and a preliminary survey started for a line from near Kadur to Chikmagalur.

The details of the scheme relating to Bhatkal harbour are still under investigation.

12. *Accidents.*—There were on the State lines 34 accidents to persons, 181 to cattle, 73 derailments, 25 engine failures and 31 other minor accidents.

13. Government observe that the report makes no mention of the Carriage and Waggon Departments and no reference to Railway Stores and Railway Audit. Information on these matters should be included in future reports of the Department. A special brief report about these points for the year 1917-18 may be submitted for the information of Government within a month.

No. G. 23285-6—G. M. 19-18-13, DATED 12TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with letter No. 1193, dated 12th March 1919, from the Private Secretary to His Highness the Maharaja, forwarding for approval, a set of rules for minimising losses and breakages of articles of Government House, Mysore, sent to camps in connection with the visit of distinguished personages to the State.

Order No. G. 23285-6—G. M. 19-18-13, dated 12th April 1919.

The rules proposed by the Private Secretary to His Highness the Maharaja are approved and appended to this order.

C. S. BALASUNDARAM IYER,
Chief Secy. to Govt.

To—The Private Secretary to His Highnees the Maharaja.
The Comptroller, Mysore Government.

Exd—C. R.

With a view to minimise the losses and breakages of articles of Government House, despatched to camps in connection with the visit of distinguished personages, the following rules are framed for the guidance of the Superintendent of Government House and the Camp Superintendent:-

I. The articles taken to camps may be classified as follows—

(*a*) Furniture and linen.
(*b*) Tents and carpets.
(*c*) Crockery, cutlery, glass and kitchenware, etc.

The departments or officers making use of them are—

(1) The Palace Department.
(2) Government House,
(3) Local officers.

A Gazetted officer is generally placed in charge of all the camps.

II. Arrangements for safeguarding articles of Government House supplied to camp.

(1) There should be a Police Jamedar with a posse of half a dozen constables to keep watch in the camp from its beginning to its close.

(2) A senior clerk designated Camp Clerk or Camp Superintendent' will be responsible for getting up the camp, furnishing it and looking after the guests.

(3) Printed forms containing the description of articles of furniture, cutlery and crockery generally supplied to the camp should be supplied to the clerk or to the Superintendent in charge who should note therein the number of articles of each description received in camp and the date of receipt thereof.

(4) A list of articles generally supplied to a guest putting up in a tent should be printed, filled up and hung in each tent.

(5) One or two junior clerks with a peon or two will receive and issue furniture, linen, stores, etc., and maintain accounts under the orders of clerk or the Camp Superintendent as the case may be.

(6) The Camp Superintendent will check the accounts maintained in the stores and the articles issued therefrom as often as possible.

(7) A tindal or a Jamadar with sufficient number of kalasis will pitch and furnish tents and be responsible for hot and cold water arrangements. These servants have to account for the tents, carpets and vessels entrusted to their care.

(8) A responsible peon should be told off for every ten tents to watch the furniture, etc., kept therein.

(9) A special clerk should be detailed for daily checking the furniture in each tent with the help of the list referred to in Rule (4) *supra*.

(10) A butler of Government House with a maity and a water and a cook will look after the crockery, cutlery, kitchen and glassware, etc. He should be held primarily responsible for the articles entrusted to him. These four menials should not be disturbed from the beginning to the closing of the camp.

(11) Each official entrusted with the charge of any articles of camp should report all breakages and losses immediately to the Camp Superintendent, who will make the necessary enquiry and report the result of his investigation to the Gazetted Officer in charge of the Camp.

(12) The Palace Department should be requested to take all they want from Government House at Mysore and as far as possible not to indent for things in the camp and that Department should be held responsible for returning to Government House at Mysore the things lent to it.

(13) The local officers or their servants should be held responsible for all articles left in their tents and should return them to the stores before their departure from camp.

(14) As it is likely that some articles may be lost in transit, a reliable servant of Government House should accompany every batch of carts containing Government House articles to and from the camp, with a detailed inventory of articles conveyed in them and he should be held responsible for loss of articles on the way to and from the camp.

(15) On every articles sent to camp the letters G. H. M. should be marked. This prevents mixing up of articles brought into camp from other sources and facilitates identification.

(16) Two separate sheds in a convenient locality should be constructed in the camp and placed at the disposal of the Government House in good time before the commencement of the camp for storing articles of Government House. One will be allotted to the Government House butler and the other to the Clerical Establishment of Government House attending the camp. The accommodation so provided should be secure, commodious, rain and whiteant proof.

(17) The hired servants should be put up in sheds or tents at some convenient distance from the camp so that their services may be availed of at all times and their quarters must be specially watched.

(18) The kitchen and the stores should not be open to any one (hired servants included) except to members of the Government House staff.

Breakages.

III. Articles of Government House should always be carefully packed for despatch to camps under the supervision of a responsible clerk. Breakages due to the transmission of things in country carts, the rough handling of boxes. etc., in the Railway Station as also breakages of articles by the guests and their servants cannot be helped. In the case of the breakages of articles by Government House servants and hired servants, half the value thereof is, under standing orders, recovered from the party concerned.

Management and Control of Government Motor Cars.

No. G. 23151-4—G. M. 17-18-56, DATED 11TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Government Order No. G. 2699-701—G. M. 17-18-4, dated 5th August 1918, sanctioning certain arrangements for the management of the Government Motor Cars.

Order No. G. 23151-4—G. M. 17-18-56, dated 11th April 1919.

In supersession of all previous orders, Government are pleased to lay down the following instructions in regard to the management and control of Government Motor Cars:—

2. The Motor Cars and the establishment employed thereon which are now under the administrative control of the Chief Secretary will hereafter be transferred to the Department of Industries and Commerce.

3. A small department of Government Motor Cars will be organised under the Superintendent, Central Industrial Workshop, who will be in direct charge of the establishment sanctioned for the cars subject to the administrative control of the Director of Industries. The Superintendent will supervise the work of the subordinate staff employed on the cars, disburse their pay and will be responsible for the cars being kept in good condition and for supply of the required quantities of petrol and accessories required. He should comply promptly with the requisitions of the Private Secretary to the Dewan for the requirements of the Dewan's tours, and for guests.

4. The tender system will be adopted as far as possible for purchase of materials and accessories required for the use of the cars. The Superintendent will be responsible for the proper and correct maintenance of accounts in this respect.

5. The Director of Industries, in consultation with the Comptroller, will prescribe the necessary forms and registers for maintaining the accounts.

6. The Director of Industries will inspect the cars every month and give such instructions and orders as may be necessary to keep them in good condition.

7. The charges on account of the maintenance and care of Motor Cars will form a separate minor head in the annual budgets under the Industries Department.

8. The following cars will be required for future use:—

1 Touring Car for the Dewan.
1 Touring Car for the Dewan's Staff Officers, and
1 Lorry for taking luggage.

Proposals for their up-keep and staff should be submitted for the next budget year.

C. S. BALASUNDARAM IYER,
Chief Secretary to Governmen .

To—The Director of Industries and Commeree.
The Comptroller, Mysore Government.
The Secretary to Government, Public Works Department.
The Secretary to Government, Departments of Education and Agriculture.

End.—C. R.

(6) The Camp Superintendent will check the accounts maintained in the stores and the articles issued therefrom as often as possible.

Finance Committee.

No. G. 23970-24029—R. A. 36-18-14, DATED 19TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Again Government Order No. Fl. 5197-246—G. F. 112-17-5, dated 26th March 1918, constituting a Finance Committee for considering the draft budget prior to its discussion in the Representative Assembly.

2. Also Government Order No. G. 16710-70—R. A. 36-18-1, dated 8th February 1919, prescribing rules for the election of a member from the Representative Assembly to the Finance Committee of 1919.

Order No. G. 23970-24029—R. A. 36-18-14, dated 19th April 1919.

The following instructions are issued under paragraph 2 of the Order of 26th March 1918, read above for the election of a member of the Representative Assembly every year to serve on the Finance Committee of the State:—

(1) The election of a member of the Assembly to the Finance Committee will be made at the Dasara Session of the Assembly each year on a day to be announced by the President.

(2) Members of the Assembly who desire to stand for election, will intimate the fact in writing to the Chief Secretary to Government not later than the 10th Suddha of Asvija.

(3) On the day of election a voting paper containing all such names will be given to each member for recording his vote.

(4) Each member will immediately return the voting paper given to him, to the Chief Secretary or other officer deputed by the Chief Secretary to receive and count the votes, scoring out all the names other than that of the one member for whom he votes.

(5) The officer referred to above will when the voting papers have been returned by the members with their votes recorded proceed to ascertain the result of the voting. The Member in whose favour the largest number of votes are recorded will be considered to have been elected to serve on the Finance Committee and his name will be duly notified in the Gazette along with the names of other non-official members of the Finance Committee.

(6) In the event of two or more members securing the same number of votes which is also the largest, Government may choose one of them by lot and such member will be considered to have been elected by the members of the Assembly to serve on the Committee.

(7) If the member elected dies or otherwise becomes incapable of serving on the Committee before it meets, the member who received the next largest number of votes at the time of the election will be deemed to have been elected to the Committee.

Books and Accounts of the Mining Companies on the Kolar Gold Fields.

No. G, 22878-9—GEOL. 115-17-5, DATED 8TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Para. 10 of Government Order No. Fl. 2664-8--Geol. 35-17-3, dated 28th November 1917, directing the Chief Inspector of Mines and the Director of Geology to arrange for an annual inspection of the books and accounts of the Mining Companies on the Kolar Gold Fields.

2. Letter No. G. 726—Geol. 115-17-1, dated 15th July 1918, from the Chief Secretary to Government, to the Officiating Director, Department of Geology, stating that the Superintendents of the several mines may be requested to obtain the views of their Directorates in England in regard to the annual inspection of mines accounts and that after the receipt of their replies further instructions would issue.

3. Letter No. 1535, dated 13th December 1918, from the Director, Departments of Mines and Geology, forwarding a copy of letter dated 10th December 1918, from the Secretary and Treasurer, Messrs. John Taylor & Sons Committee, stating that the Superintendents of several Companies have been instructed by their Directorates to afford all necessary facilities as required under clauses 17, 18 and 19 of the leases for the inspection of the accounts by Government and submitting certain suggestions in the matter.

Order No. G. 22878-9—Geol. 115-17-5, dated 8th April 1919.

On a consideration of the proposals, Government are pleased to direct as follows:—

(1) The accounts of the Mining Companies will under clauses 17, 18, and 19 of the leases be inspected once a year sometime during the month of June.

(2) The mines will be informed that the scope of the inspection will be to satisfy Government that proper accounts are being maintained by the Companies in accordance with the terms of leases.

(3) The officers who will conduct the inspection of the books and accounts will be the Chief Inspector of Mines, and the Comptroller to Government or a Gazetted Officer of the Account Department deputed by him.

(4) The inspection of accounts will be conducted, as suggested by the Director, at the office of the Local Auditor for the Mines and if any further information as required regarding the accounts of any particular Mine the books of the Mine may be called for or inspected at the offices of the Mine.

2. The first inspection may be conducted by arrangements with the Secretary and Treasurer, Messrs. John Taylor & Sons Committee, sometime during the month of June 1919 by the Chief Inspector of Mines and the Comptroller. The inspecting officers are requested to submit along with the report of the first inspection suggestions in regard to the actual work to be done in the course of the annual inspection in future.

GENERAL AND REVENUE SECRETARIAT.
Dated Bangalore, 22nd April 1919.

OFFICE MEMORANDUM.

Instances have come to the notice of Government in which, contrary to the spirit and intention of Rules 19 and 20 of the Rules for the conduct of Public Servants, Officers of Government have attended entertainments held in their honour which, having been got up by a large number of persons, can hardly be described as being of a private character, and have further accepted or allowed to be made speeches and addresses of a laudatory character. Government wish it to be understood that Officers ought not to allow complimentary speeches, oral or written, to be addressed to them in any form; and that subordinate officials, while they may attend, ought not to be made to support, by pecuniary or other help, entertainments got up in honour of their superiors.

2. In order to make the above intentions of Government perfectly clear the Rules will be modified as shown below:—

Present Rules.	*Revised Rules.*
19. A Government servant may not without the previous sanction of Government receive any complimentary or valedictory address, accept any testimonial presented to him or attend any public meeting or entertainment held in his honor, nor may he take part in any similar acknowledgment of the services of any other Government servant, or of any person who has recently quitted the service of Government. (Public demonstration in honour of Government servants.)	19. A Government servant may not without the previous sanction of Government receive *or respond to* any complimentary or valedictory *speech or address in any form*, accept any testimonial presented to him, or attend any public meeting or entertainment held in his honor nor may he take part in any similar acknowledgment of the services of any other Government servant, or of any person who has recently quitted the service of Government.
* * *	* * *
20. A Government servant may take part in a private farewell entertainment attended only by personal friends as a mark of regard to himself when retiring from the service or quitting a District or station, or to another Government servant in similar circumstances.	20. A Government servant may take part in a private farewell entertainment *supported* only by personal friends *none of whom are among his official subordinates* as a mark of regard to himself when retiring from the service or quitting a District or station, or to another Government servant in similar circumstances.

3. The rule as to complimentary and valedictory addresses does not apply to the case of Judges of the Chief Court, in regard to whom, the practice hitherto observed will continue.

Arrangements for the Press Representatives.

No. G. 24047-86—Cash 99-18, dated 21st April 1919.

GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE, GENERAL AND REVENUE SECRETARIAT.

NOTICE.

The following arrangements will be made at Mysore for the convenience of the Press Representatives during the Second Session of the Representative Assembly, commencing on the 28th April 1919.—

1 Suitable seats will be provided for Press Representatives in the Durbar Hall, with a view to afford them facilities to take down notes of discussions during the sittings of the Assembly

2 A Press Room will be opened in the Public Offices building, Mysore, which will also serve as a waiting room and library for the Press Representatives.

3 A couple of tents supplied with furniture will be pitched on the maidan to the north of the Public Offices building, Mysore, to serve as a Press Camp

4 The Press Room and the Press Camp will be open only to such of the Press Representatives as hold tickets of admission to the Representative Assembly meetings which will be issued to them on production of proper credentials from the Editors of recognised newspapers

By Order,
C. S BALASUNDARAM IYER,

Concessions in regard to Temporary Cultivation.

No. R. 12921-74—L. R. 42-18-15, DATED 7TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. R. 4602-16—L. R. 276-18-3, dated 21st September 1918, directing that unoccupied assessed lands be given for temporary cultivation on condition that one-half of the assessment is paid in advance and the other half after the harvest.

2. Para 5 of Government Order No. G. 19498-512—P. P. 134-18-379, dated 5th March 1919, requesting the Revenue Commissioner to submit definite proposals regarding the measures necessary to stimulate the cultivation of quick-growing crops.

3. Government Order No. R. 12087-91—L. R. 42-18-12, dated 21st March 1919, sanctioning certain concessions to stimulate the raising of quick-growing food-crops in the area commanded by the Vani Vilas Sagara.

4. Letter No. F. C. 266, dated the 22nd—24th March 1919, from the Revenue Commissioner in Mysore recommending with reference to the Government Orders read above further concessions to stimulate the cultivation of quick-growing crops.

Order No. R. 12921-74—L. R. 42-18-15, dated 7th April 1919.

The Revenue Commissioner recommends :—

(1) That a concession rate of Re. 1 per acre may be recovered on all lands commanded by the Krishnarajasagara Channels, for which water can be supplied for quick-growing Mungar crops irrigated ragi, jola, and sixty days' paddy during the present season.

(2) That as the concessions referred to in the first of the Government Orders read above are not sufficiently tempting to induce the raiyats to take up immediately the cultivation of the waste lands, the assessment in respect of such lands which may be taken up and grown with food or fodder crops within the next three months, *i.e.*, before the end of June 1919, may be remitted.

(3) That arrangements may be made through the Director of Agriculture to supply the raiyats with the necessary quantity of ragi or jola for seed purposes.

2. The Chief Engineer on special duty in connection with the Krishnarajasagara is of the opinion that a water rate of Rs. 3 per acre may be levied on lands irrigated from the Krishnarajasagara.

3. Having regard to the present prices of dry grains, Goverument are pleased to direct that a water rate of Rs. 2 per acre may be charged for water supplied from Krishnarajasagara reservoir.

4. The other concessions recommended by the Revenue Commissioner are approved.

5. The Director of Agriculture is requested to obtain from the Amildars estimates of the quantity of seed grains required for their respective taluks and arrange to place the required stock at the disposal of the Amildars for distribution to the applicants.

6. The Revenue Commissioner is requested to submit a report in August next specifying the extent to which the concessions were availed of by the raiyats.

The Rules for the Receipt and Disposal of Petitions.

No. R. 12883-91—L. R. 377-18-3, dated 7th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Order No. R. 12883-91—L. R. 377-18-3, dated 7th April 1919.

As instances have come to the notice of Government in which petitions intended for Revenue Officers are not received by them, in person, but by their clerks; and also cases in which endorsements in respect of petitions are not issued, Government desire to invite the attention of all Revenue Officers to paras 10-12 and 17 of the rules for the receipt and disposal of petitions printed at page 8 of the Supplement No. II of the Mysore Land Revenue Manual, wherein it is laid down that petitions should be received by the officers themselves and not by the clerks; and that endorsements embodying final orders should be issued to the petitioners. A stricter observance of these rules should be enforced in future.

Maintaining Suitable Mounts.

No. R. 13015-24—L. R. 65-18-15, dated 9th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Order No R. 13015-24—L. R. 65-18-15, dated 9th April 1919.

Under Government Order No. R. 4481-523—R. F. 26-1898, dated 10th June 1903, every Amildar and Deputy Amildar is required to maintain at least one good riding horse or pony. The Assistant Commissioners are permitted under Government Order No. R. 3894-935, dated 14th April 1903, to perform their inspection on horse-back or on foot or in an open carriage. No obligation on their part to maintain riding animals has however, been definitely laid down. The means of locomotion to be used by the Deputy Commissioners during their tours have not been specifically prescribed. It is however a recognised principle that all executive officers entrusted with the inspection of villages, etc., should be good and active horsemen and maintain suitable mounts. Recently Government have had occasion to remark on the inadequacy of Village Inspection by Deputy Commissioners and their subordinate executive officers.

2. In order to secure uniformity in the matter and to ensure the satisfactory discharge of inspection work on the part of Revenue Officers of all grades, the Government are pleased to lay down the following rules for future guidance:—

(1) Deputy Commissioners will henceforth be required to maintain at least one horse for inspection work.

(2) Every Assistant Commissioner in charge of a Revenue Sub-Division will likewise be required to maintain one horse.

(3) Government Order, dated 10th June 1903, regarding Amildars and Deputy Amildars should be strictly enforced in future.

(4) The Revenue Commissioner is requested to obtain and review at the end of every half-year, the return of horses and saddlery owned by Officers who should certify the fact of their maintaining at least one horse in their quarterly tour statements.

(5) To enable officers to secure suitable mounts, the Chief Commandant, will be requested to supply from the cast horses of the Military Department requirements of officers at a reasonable upset price, as far as possible recovering the amount in twelve monthly instalments.

Remission of Assessment.

No. R. 13579-88—L. R. 375-18-13, DATED 24TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

The marginally noted letters from the Revenue Commissioner in Mysore, submitting reports together with statements of cases regarding relief in the matter of the payment of land revenue in the several districts on account of the failure of the monsoons and consequent inadequate supply of water in the tanks during the year 1918-19.

No. F. C. 258	dated	4th March 1919
Do	do	15th do
Do	do	26th March—2nd April 1919
Do	do	25-26th March 1919
Do	do	4th April 1919
Do	do	9th do
Do	do	9—10th April 1919.
Do	do	14th—15th April 1919

Order No. R. 13579-88—L. R. 375-18-13, dated 24th April 1919.

Government have made careful enquiries regarding the outturn of wet and dry crops in the several districts and obtained carefully prepared estimates. In view of the fact that large areas of wet lands in some districts, particularly Kolar and Tumkur, remained uncultivated, and that in a large portion of the cultivated area, the crops have almost totally failed, Government consider that some relief to the raiyats is called for in the matter of payment of land revenue during the current year as a matter of special concession owing to unfavourable change of the season due to failure of the monsoons. They are however of opinion that such concession is required only in cases where the lands have not been cultivated at all, or the crops have totally failed, inasmuch as in the other cases where the raiyats have raised some crops, however small, they have realised very good prices for their crops, the prices of food grains having ruled invariably high throughout the year and showing a tendency to continue to do so for some time to come.

As regards dry crops, although they have generally been very poor, the abnormal high prices of ragi and horse gram realised by the raiyats do not justify the grant of any concession with regard to this class of lands.

2. The Revenue Commissioner has already been informed in letter No. R. 12639—L. R. 375-18-4, dated 29th March 1919, that no suspension of the collection of revenue is justified anywhere this year.

3. Having regard to the considerations set forth above, the Government are pleased to sanction the grant of remission, in the current year, of half the wet assessment in the case of all wet lands under tanks, which have *not been cultivated* at all or in which the crops have *totally failed*, in the taluks and districts specified in the annexure.

Conversion of Agricultural Lands into Building Sites.

No. R. 26-37—L. R. 501-17-2, DATED CAMP MYSORE, 27TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The summary of discussion in Subject No. 32 of the Proceedings of the Representative Assembly of April 1917, regarding the removal of restriction for the conversion of agricultural lands into building sites in towns and the reply of Government thereto.

Order No. R. 26-37—L. R. 501-17-2, dated Camp Mysore, 27th April 1919.

The subject has, in the past, been several times pressed on the attention of Government in one shape or other, but no definite orders have been passed. The questions for consideration and decision are the following:—

(i) Whether permission should be given free, to owners of agricultural lands situated in Municipal Towns to build residential houses thereon.

(ii) Whether in such areas the Municipalities concerned should not be required to pay the capitalized value of the assessment of any agricultural land that may be acquired by them for being converted into building sites.

(iii) Whether in non-municipal areas the building of houses on agricultural lands under occupancy should be encouraged without levying any fine under the rules.

(iv) Whether the fine should not be waived at least in the Malnad.

2. As regards point (i) Government observe that by the conversion of agricultural lands into building sites their value is greatly enhanced and that as this increase in value is due not to any efforts on the part of the occupant but to the accident of the lands being comprised in, or situated close to the Municipal limits, it is reasonable that Government should participate in the unearned increment in the value of the land. They are not therefore prepared to forego their share in the increased value which is recovered in the shape of fine under Section 63 of the Land Revenue Code and Rules 58 and 59 of the Land Revenue Rules.

3. When agricultural lands are acquired by Municipalities and disposed of as building sites, larger amounts than the value of the lands are realized by them. In all such cases, Government are entitled to compensation for loss of revenue or the land appropriated for building purposes. They therefore direct that as provided in Rule XI of the Rules under the Land Acquisition Regulation, the assessment in such cases should continue to be paid by the Municipality concerned or a lump sum should be paid once for all equal to 25 times the assessment of the land.

4. As regards point (iii) Government observe that except in cases falling under Section 63 (i) of the Land Revenue Code under which occupants of agricultural land have the privilege of erecting farm-buildings and dwelling houses for themselves and their labourers for the better cultivation of the land, the appropriation of such land for building purposes requires the previous permission of the Deputy Commissioner and also the payment of a fine. The rules cannot be relaxed. If however an occupant parcels out his land amongst a number of persons for building houses for other than cultivation purposes, Government must interfere in the matter and take over the duty themselves of acquiring the land and properly distributing it among the intending house-builders under a suitable scheme so as to prevent speculation on the part of land owners, and to legalize the allotment of building sites under Section 134 of the Land Revenue Code.

5. The case is however different in the Malnad where much difficulty is experienced by raiyats for want of convenient sites close to their agricultural lands. As the

No. R. 2637—L. R. 501-17-2, dated Camp Mysore, 27th April 1919.

existing restriction will cause hardship to them, Government are pleased to direct that whenever raiyats apply for permission to build houses on their agricultural land for other than cultivation purposes the right to levy the fine be waived.

Minor Tanks Restoration Scheme.

No. R. 13567-78—L. R. 15-18-7, dated 24th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letter No. C. Per. 90, dated 19th February 1919, from the Revenue Commissioner in Mysore, forwarding a report on the working of the Minor Tanks Restoration Scheme for 1917-18, together with the reports received from the Deputy Commissioners of Districts.

(*Printed as accompaniment No. I)

Order No. R. 13567-78—L. R. 15-18-7, dated 24th April 1919.

Recorded.

2. The reports were submitted by the Deputy Commissioners on the dates mentioned in the margin most of them being incomplete and not free from discrepancies requiring further explanation and unnecessary correspondence.

District		Date of submission of report
Bangalore	...	9th August 1918
Kolar	...	28th do
Tumkur	...	3rd do
Mysore	...	15th do
Hassan	...	31st July 1918
Shimoga	...	9th August 1918
Kadur	...	19th September 1918
Chitaldrug	...	18th July 1918

3. The following discrepancies are noticed:—

(i) the number of unrestored minor tanks is given differently in the successive reports;

(ii) the number of unrestored minor tanks selected for restoration is 575 according to the report under review whereas the Revenue Commissioner's review, dated 8th March 1918, and the statement accompanying it give the figure as 580 and 613 respectively.

These discrepancies should be explained and correct lists of unrestored minor tanks prepared for each district.

4. Out of 499 works which were incomplete at the end of the previous year and 575 tanks selected for restoration only 101 and 8 tanks respectively, were completed in the year under review. Of the new tanks selected during the year as many as 367 were left entirely untouched. In the result 598 tanks remained incomplete at the close of the year. The total number of tanks to be restored is 14,253.

5. The statement submitted with the report under review shows that a sum of Rs. 42,830 was recovered as contribution this year as against Rs. 52,835 in the preceding year. The figures in the case of the Kolar and Chitaldrug Districts have not been furnished. Nor have any explanations been offered for the omission. It is seen that there is considerable laxity in the matter of recovery of contribution. The Revenue Commissioner is requested to see that the rules are strictly enforced and that cases requiring exceptional treatment are, whenever necessary, reported to Government for orders.

6. Tank Panchayets have not in any district taken up the work of restoration.

7. The marginally noted figures show that there have been heavy lapses during the year, *i. e.*, over 40 per cent of the allotments but, in the Hassan District the total expenditure exceeded the allotment by a thousand rupees. The outlay in the Bangalore District was insignificant, not even one tank being completely restored.

District		Allotment	Expenditure	Percentage
Bangalore	...	27,000	6,320	23'40
Kolar	..	50,000	25,356	50'71
Tumkur	..	25,000	10,807	43'00
Mysore	..	27,000	15,972	59'16
Hassan	...	33,000	34,000	103'00
Shimoga	...	27,000	9,260	34'00
Kadur	..	27,000	26,445	97'90
Chitaldrug	..	13,000	6,653	51'17

(*Printed as accompaniment No. II)

No. R. 13567-78—L R. 15-18-7, dated 24th April 1919.

8 Progress in the working of the scheme is slow, mainly on account of the following defects:—

(i) Incompetent subordinate executive maramat staff
(ii) Inadequate interest on the part of Revenue Officers
(iii) Inadequate professional supervision
(iv) Difficulty in getting contractors
(v) Delay in payment of bills.
(vi) Imperfect inspection by Sub-Division Officers and Deputy Commissioners.

It is essential that these defects should be remedied at once. The proposals regarding the revision of the Maramat Establishment and the rules relating to the restoration of minor tanks, are expected to contain the necessary remedial measures They are now long overdue and should be submitted without further delay

B RAMASWAMAIYA,

ACCOMPANIMENT No I.

Revenue Commissioner's Report on the working of the Minor Tank Restoration Scheme for the year 1917-18

The report from the Chitaldrug District alone was received in time and that of the Kadur District was received last as late as 18th September 1918. Many of the reports were incomplete, and further particulars, besides explanations for certain discrepancies in the figures contained in the reports, had to be called for from almost all the districts

Maramat Establishment.—The scale of establishment sanctioned in Government Order No. R 8464-74—L R. 193-13-2, dated 28th April 1914, was fully kept up to during the year, with a few exceptions. The Mysore District was without a Draftsman for about four months. A Tank Inspector was posted to the Kumsi Sub-Taluk only on 23rd October 1917 The Deputy Commissioner, Kadur District, states that till present set of Tank Inspectors, who know only Kanarese and are not quite up to the work expected of them, are replaced by competent men trained in Surveying, etc, it would be exteremely difficult to take up and work out even half the required number of tanks in a year. He has given a list of such unqualified men The Deputy Commissioner of Mysore proposes that duly qualified Sub-Overseers be substituted for the present set of Tank Inspectors

2. (*a*) *Preparation of programmes, etc* —The number of unrestored minor tanks in each district at the beginning of the year is given in column 2 of the statement attached to this report and amounts to 18,371 Out of these, 4,118 tanks have been considered to be unfit for restoration

The exact number of such tanks in Tumkur and Tiptur Taluks of the Tumkur District, Mandya Taluk of the Mysore District and in all the taluks except Hassan and Belur in the Hassan District, has not been furnished It is not, therefore possible yet to state the precise number of unrestored tanks fit for restoration The number may be taken approximately to have been 14,253 at the beginning of the year under report as noted in the margin.

Bangalore	936
Kolar	1,758
Tumkur	290
Mysore	621
Hassan	4 581
Shimoga	4,680
Kadur	1,718
Chitaldrug	66
Total	14,253

(*b*) Meetings were held in all the districts to consider the programme of works for the year under report, but this was not done before the end of March as required under the Rules. Tanks the restoration of which considered remunerative and did not cost more than 20 years' revenue under them were invariably given preference. In this way, 575 tanks, as per details given in the margin, were selected to be operated upon under the Scheme. This number includes some of the tanks selected during the previous year but not taken up.

Bangalore	63
Kolar	80
Tumkur	78
Mysore	70
Hassan	100
Shimoga	83
Kadur	96
Chitaldrug	5
Total	575

No. R. 13567-78—L. R. 15-18-7, dated 24th April 1919.

3. *Incomplete works.*—The statement given below shows the number of incomplete works in progress at the end of the previous year and the number out of them completed during the year.

District	Number of incomplete works of the previous year	Number completed during the year	Balance
Bangalore	66	7	59
Kolar	45	13	32
Tumkur	75	17	58
Mysore	46	7	39
Hassan	95	35	60
Shimoga	97	15	82
Kadur	62	6	56
Chitaldrug	13	1	12
Total ..	499	101	398

Thus, out of 449 incomplete works at the end of the previous year, 101 were completed during the year, leaving a balance of 398. The Deputy Commissioner of Kolar reports that most of the incomplete works pending at the end of the year, were nearing completion. The incomplete works in the Mysore District, at the end of the year, were 82 and the Deputy Commissioner states that the Maramat Engineer is unable to cope with the large number of works in his district and that an additional temporary establishment is necessary for the purpose. Proposals therefor have been received from him in this respect and will be dealt with in due course.

4. *Progress in the current year.*—From the statement given below, it will be seen that 575 tanks were selected for restoration during the year and plans and estimates were prepared in respect of 338 tanks. Out of the total number, 251 estimates were sanctioned 187 tank works were taken up for restoration, and 8 were completed within the year, while the remaining works reaching various stages of progress. In sanctioning the estimates the maximum limit of 20 years' assessment under the tanks was kept in view and this limit was not exceeded in any district, except in the case of 11 tanks in the Kolar District.

District	Number of tanks selected for restoration	Number of tanks in respect of which estimates were prepared	Number of tanks whose estimates were sanctioned	Number of tanks taken up for restoration	Number of tanks whose restoration was completed
Bangalore ..	63	63	17	15	..
Kolar ..	80	61	48	24	1
Tumkur ..	78	43	26	25	..
Mysore ..	70	20	17	10	..
Hassan ..	100	50	57	57	6
Shimoga ..	83	26	23	10	..
Kadur ..	96	62	38	43	..
Chitaldrug ..	5	13	5	3	1
Total ..	575	338	251	187	8

Professionl scrutiny of estimates was resorted to in the case of two tanks in the Bangalore District and in almost all the cases in the Kolar and Kadur Districts. Revised estimates in respect of 13 tanks, 3 in each of the districts of Bangalore, Kolar, Tumkur and Hassan and one in Chitaldrug District had to be prepared.

5. *Finance.* From the particulars given in the following statement, it will be seen that though the recovery of contributions from the raiyats before the sanction of the estimates should be the rule and the grant of time for payment of the contributions after the work is started should be the exception, it was only in 77 cases that the contributions were recovered in full before sanctioning the estimates or before starting the works and that out of the remaining 117 cases, the contribution was recovered in part in 47 cases and not recovered all beforehand in the remaining 70 cases most of which are in the districts of Kadur, Hassan, Shimoga and Chitaldrug. The attention of the Deputy Commissioners concerned will be drawn to this and they will be instructed to see that the recovery of the

contribution in instalments after the work is started is allowed only in exceptional cases the reasons for granting the concession being recorded in each case. In 2 cases in the Kolar District, 3 in the Shimoga District and 13 in the Kadur District, the amounts payable were treated as loans payable in two or five years, respectively. The amounts thus treated in the Kolar District was Rs. 1,065. The Deputy Commissioner of Shimoga says that in 8 cases, the contributions from the raiyats were partly in cash and partly in the shape of labour valued at Rs. 1,988. The total amount of contributions recovered during the year in all the districts, except Kolar and Chitaldrug, amounted to Rs. 42,830.

District	Number of estimates sanctioned	Number of tanks taken up for execution	Number of cases in which contribution was paid in full before the estimate was sanctioned or the work was taken up	Number of cases in which contribution was paid in part before the work was taken up	Number of cases in which time was allowed for the payment of contribution
Bangalore ..	17	15	15	..	..
Kolar ..	48	24	22	..	2
Tumkur ..	26	10	2	8	..
Mysore ..	17	10	7	10	..
Hassan ..	57	57	16	29	12
Shimoga ..	23	10	15	..	8
Kadur ..	58	43	..	..	43
Chitaldrug ..	5	3	..	..	5
Total ..	251	172	77	47	70

The Deputy Commissioners of Mysore and Kadur state that on the strength of the mutchalikas executed by the raiyats, many works, were started before the contributions were paid in full. The form of mutchalika not only varied, but was defective and consequently, a suitable form had been recently prescribed in this office Circular No. C. 444—Gl. dated 24th September 1918, and a copy thereof submitted to Government for information.

6. *Agency.*—In all the districts, the works were generally entrusted to the villagers themselves when they were willing to take them up, and it was only in cases in which the local raiyats did not come forward to take up the works that they were given over to the professional contractors outside It is reported that in Shimoga and Kadur Districts, much progress could not be made with the works owing to the scarcity of labour and contractors. The Deputy Commissioner of Kadur states that in the Malnad Taluks of his district, the raiyats do not generally come forward to take up the works leaving their usual engagements in coffee estates and that therefore the progress in the restoration of tanks in such taluks, entirely depends on the labour imported from South Canara and available only at fixed periods of the year. It is said that it was with much difficulty that the raiyats holding lands under some of the tanks were induced to take up works in preference to professional contractors. The Agency of the Tank Panchayets was not utilised in any of the districts, for the execution of any of these works.

7. *Actual execution of works and payments.*—In all the districts, except Kadur, the rules laid down in Government Order No. R. 9425-36—L. R. 36-16-17, dated 10th March 1917 for the execution of works and payment of bills are reported to have worked satisfactorily. The Deputy Commissioner of Kadur reports that as the people taking up contracts in his district are of moderate means they generally desire to have two payments in a month, but owing to the transmission of work bills from the Amildar to the District Office through the Sub-Divisional Assistant Commissioners and *vice versa*, delay occurs in the payment of bills. To remedy this defect, he suggests that in special cases of the kind in question, payments on intermediate bills duly checked by the Technical Assistant on the spot may be made to contractors without the countersignature of the Amildar. The opinions of the other Deputy Commissioners on this proposal have been called for and on their receipt, the matter will be considered.

To facilitate prompt payments, it seems to be desirable that the Assistant Commissioners in charge of the Sub-Divisions should be authorised to issue checks as contemplated in para 9 of Government Order No. R. 2440-87—L. R. 408-14-40, dated 29th August 1916. This would, however, necessitate their being given an additional clerk for maramat work. The Deputy Commissioners will be consulted in the matter and necessary further action taken.

No. R. 13567-78—L. R. 15-18-7, DATED 24TH APRIL 1919.

8. *General remarks.*—Out of the allotment of Rs. 2,29,000 sanctioned for works during the year, a sum of Rs. 1,35,394 was spent during the year as shown in the margin. In the Kadur District, the allotment was almost fully utilised and in the Hassan District it exceeded by a thousand. In the Kolar, Mysore and Chitaldrug Districts, a little more than a half of the total allotments was utilised. The outlay in the Bangalore District was only 23 per cent of the allotment which was the lowest.

District.	Allotment Rs.	Expenditure. Rs.
Bangalore ...	27,000	6,320
Kolar ...	50,000	25,356
Tumkur ...	25,000	10,807
Mysore ...	27,000	15,972
Hassan ...	33,000	34,300
Shimoga ...	27,000	9,260
Kadur ...	27,000	26,445
Chitaldrug ...	13,000	6,653
Total ...	2,29,000	1,35,394

10. A statement in the prescribed form showing the progress made in the restoration of Minor Tanks is appended. It will be seen therefrom that the expenditure as establishment charges have been far in excess of the outlay on works in the districts of Bangalore, Tumkur and Shimoga amounting to 204, 122 and 118 per cent respectively. The Districts of Hassan, Kadur and Kolar have shown the best results with only 34, 38 and 40 per cent respectively. Particulars of the establishment charges have not been given in the statements received from the districts, nor is information forthcoming as to how far the services of the Maramat establishment were utilised for other than Minor Tank Restoration works such as minor building works within the power of sanction of Deputy Commissioner or works relating to other Departments as Muzrai, Conference and Village Improvement, Local Funds, etc. Even after making due allowance for the expenditure on these works, there can be no doubt that the establishment charges in many of the districts are disproportionately heavy. This is a matter requiring serious consideration. I shall submit separate proposals in this respect in consultation with the Deputy Commissioners and the Chief Engineer.

ACCOMPANIMENT No. II.

Statement showing the progress made in the restoration of minor tanks during the year 1917-18.

District	Total number of unrestored tanks as per list referred to in Rule 1, of the Minor Tank Re-toration Rules	Number of tanks decided to be abandoned as unfit for restoration	Balance to be restored	Number of tanks restored from the commencement of the scheme, viz., since December 1914 till the end of the previous year	Number of incomplete works at the end of the previous year	Number of new tanks selected for restoration during the year	Number of tanks completely restored during the year: Out of those in col. 6	Out of those in col. 7	Total	Incomplete works in progress at the end of the year	Tanks, if any, out of those in col. 7 not at all taken up for execution during the year	Actual outlay on works during the year, viz., the amount for which cheques were issued: Allotment for the year	On incomplete works shown in col. 6	On new works shown in col. 7	Total	Percentage of expenditure to the total allotment for the year	Percentage of establishment to expenditure	Contribution recovered from the ryots: Number of tanks in respect of which contribution was recovered	Amount

Tank Panchayets Scheme.

No. R. 17-25—L. R. 14-18-32, DATED CAMP MYSORE, 27TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letter No. C. Per. 37-1, dated 7—10th February 1919, from the Revenue Commissioner in Mysore forwarding a consolidated statement showing the progress made in the constitution of Tank Panchayets during the half year ended 30th June 1918 with a copy of his review thereon.

(Printed as an accompaniment)

Order No. R. 17-25—L. R. 14-18-32, dated Camp Mysore, 27th April 1919.

Recorded.

2. Some of the reports have not been prepared with care. Besides the discrepancies and omissions referred to by the Revenue Commissioner in his review the following are noticed:—

(i) The figures in column 8 of the Revenue Commissioner's statement against the Kolar and Tumkur Districts should be 3 and 8 respectively and the total 13 as against 2, 7 and 11 respectively;

(ii) The figure 336 against the Tumkur District is apparently incorrect as the same was reported to be 334 in the previous half yearly report;

(iii) The Deputy Commissioners of Bangalore and Kolar have not furnished figures in column 4. The Revenue Commissioner is requested to obtain explanations in respect of items (ii) and (iii).

3. The information called for in the concluding portion of paragraph 5 of Government Order No. R. 10141-9—L. R. 13-17-56, dated 6th April 1918, as to the actual work done by the Panchayets already constituted has not been furnished. This should be expedited.

ACCOMPANIMENT.

Revenue Commissioner's Review dated 10th February 1919, on the progress made in the working of the Tank Panchayet Scheme.

Statement showing the progress made in the constitution of Tank Panchayets during the half-year ending 30th June 1918, received from the Deputy Commissioners on the dates noted below:—

District.	Date of receipt.
Bangalore	Not received.
Kolar	6th September 1918.
Tumkur	14th October 1918.
Mysore	5th August 1918.
Hassan	24th July 1918.
Shimoga	17th July 1918.
Kadur	25th July 1918.
Chitaldrug	18th August 1918.

Recorded.

2. None of the statements was received within the time prescribed by Government Order No. R. 8023-31—L. R. 188-14-51, dated 18th March 1919, which directs that the statements should be submitted not later than the 10th of the month immediately succeeding the half-year. The Deputy Commissioner of Bangalore is requested to report within

No. R. 17-25—L. R. 14-18-32, dated Camp Mysore, 27th April 1919.

a week why the return for his district has not been sent up yet. The Deputy Commissioners of Tumkur and Kolar are also requested to explain the cause of the delay in the submission of their returns. If the delay was due to non-receipt of the return from any of the subordinate officers the name of such officer may be reported with his explanations for the delay and the Deputy Commissioner's opinion thereon.

The appended statement shows the progress made during the half-year under review. No appreciable progress during the period has been made in any of the districts, except Tumkur, and no progress at all in the districts of Hassan, Shimoga and Kadur. It does not serve much useful purpose to know that the formation of Panchayets in respect of five tanks was under correspondence in the Mysore District or that steps were being taken to bring three more tanks in the Kadur District under the Regulation.

This is the correct total of column 6 of the statement and not the figure 10 shown therein.

In column 4 of the Tumkur District statement the total number of Major Tanks in the district comes to 415 and not 425 as against 430 noted in the statement of the previous half-year. The reduction in the number of Major Tanks by 15 thus caused needs explanation. Again the correct total has not been given in column 6 showing the number of Major Tanks under Panchayets up to the end of the previous half-year. The figure ought to be 22 plus 7 or 29 (Twenty-two constituted during the previous half-year and seven during the half-year under reference) and not 41 as shown in the statement. The Deputy Commissioner, Chitaldrug, has similarly given a wrong figure in the same column, as the number of Panchayets at the beginning of the previous half-year being 9 and the number constituted during the period being one, the total at the end will then be 10 and not 9 as shown in column 6 of the statement. The discrepancies pointed out should be explained. These discrepancies go to show that the statements are not prepared with care and scrutinised by some responsible officer. The Deputy Commissioners are requested to make proper arrangements for the correct preparation and scrutiny of their statement. Information regarding the work done by the various Panchayets so far constituted has not been furnished by the Deputy Commissioners. Their attention is invited to para 5 of Government Order No. R. 10141-9—L. R. 13-77-56, dated 6th April 1918, also to this office Circular No. C. Per 37-2, dated 23rd April 1918 on the subject and the information called for therein should be invariably furnished along with the returns.

Statement showing the progress made in the restoration of minor tanks during the half-year ending 30th June 1918.

3. Correspondence ending with letter No. A. C. 916-Gl., dated 5th March 1919, from the Revenue Commissioner in Mysore, forwarding communications received from the Deputy Commissioners of all Districts containing their proposals for the revision of the pay of the menial establishment of their offices, and submitting his final proposals in the matter, involving an extra cost of Rs. 37 per mensem for all the eight districts.

Order No. R. 13405-14—L. R. 568-14-7, dated 22nd April 1919.

The Revenue Commissioner's proposals embodied in the accompanying statement are sanctioned in their entirety with effect from the 1st July 1919.

2. The reduction in the number of hands should be given effect to as soon as possible, by not filling up existing or future vacancies to the required extent.

3. The net cost of the revised scheme is Rs. 1,464 per mensem against the present sanctioned scale of Rs. 1,427 per mensem for all the districts. The extra cost of Rs. 37 per mensem on this account will be met from the privision of Rs. 45,000 made in the Land Revenue Budget of 1919-20 for Sub-Division, purchase of furniture, etc.

Report on the working of the Revenue Survey Department.

No. R. 13532-9—L. S. 29-18-3, DATED 24TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

The Administration Report of the Mysore Revenue Survey Department for the Survey year ending with the 31st October 1918, received with letter No. 186, dated 1st March 1919, from the Superintendent of Revenue Survey and Settlements in Mysore.

(Printed as an accompaniment)

Order No. R. 13532-9—L. S. 29-18-3, dated 24th April 1919.

Recorded.

2. *Personnel.*—During the year, there were some changes in the personnel of the department, the most important of which were the absence of Mr. Darashah, on combined leave for six months from 20th February 1919 and the retirement from 20th August 1918 of Mr. C. Rajagopalacharlu, Deputy Superintendent, who was in charge of the department during the Superintendent's absence. Messrs. T. Hanumantha Rao, R. A. Narasimha Iyengar and Sheik Abdulla, the officers drafted from the Revenue Department, having completed their departmental training were placed in independent charge of three newly formed Field Establishments.

3. The question of improving the pay and prospects of the officials in the Department with a view to increase its efficiency and attract the right sort of men, is now engaging the attention of Government.

4. *Re-survey.*—During the field season of the year under review, four Measuring Establishments dealt with 56,990 fields in 745 villages, distributed over an area of 1,126 square miles, as against 33,691 fields in 435 villages, distributed over 327 square miles during the previous year, dealt with by one full Measuring and one Mixed Establishment. It appears from the Survey Superintendent's report that all the four establishments were under-manned, with the result that the quantity of work turned out by an establishment in the year under report, compares unfavourably with that of the previous year. The Superintendent is requested to see that each field officer has the full compliment of trained men under him.

5. *Classification.*—There were two Classing Establishments as in the previous year. Original Classification was executed in respect of 315 fields with an area of 1,572 acres in 2 Inam villages as against 153 fields with an area of 768 acres in 2 Inam villages during the previous year. Re-classification was made in 44,511 fields comprising an area of 104,376 acres in 987 villages, against 55,082 fields with an area of 78,822 acres in 630 villages, during the previous year. Government note with satisfaction that the outturn of work by the Classing Establishments had considerably increased in the year under report.

6. *Re-settlement.*—Revised rates were introduced during the year in the late Harnahalli (present Arsikere) and Koppa Taluks, resulting in an increased annual revenue of Rs. 12,274 or 12·64 per cent and Rs. 2,194 or 2·06 per cent respectively. The proposals for the re-settlement of the Chiknayakanhalli and Nelamangala Taluks received during the previous year, were also sanctioned with effect from 1st July 1919. Government regret to note that settlement work is heavily in arrears and that the number of taluks awaiting re-settlement is on the increase. As it appears that this is in some measure due to the delay on the part of the Revenue authorities to promptly supply the statistics required for re-settlement, the Revenue Commissioner is requested to bring home to the local Revenue authorities, the necessity for promptly complying with the requisitions of the Survey Department, in this important matter.

7. The net expenditure of the Department for the year was Rs. 1,75,013 as against Rs. 1,38,735 in the previous year. The average cost per acre of the total area traversed during the year is only Re. 0-3-4 as against Re. 0-7-7 during the previous

year. The additional expenditure does not cover the additional revenue received on account of re-settlements introduced.

8. The operation of the department which is now considerably strengthened should show greater speed in effecting re-settlements which are long overdue.

9. Government consider it desirable that, like other departments, the Survey Department also, should, prepare its annual reports at the close of every official year and are accordingly pleased to direct that the next report should be for the year 1918-19 and submitted by the 15th September next.

The Report on the Working of Treasuries.

No. R. 12734-43—R. M. 56-18-2, DATED 2ND APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. C. Per. 63, dated 12th—18th February 1919, from the Revenue Commissioner in Mysore, submitting the Comptroller's review on the working of the Treasuries in the State during the year 1917-18, together with his remarks thereon.

*Printed as accompaniments

Order No. R. 12734-43—R. M. 56-18-2, dated 2nd April 1919.

1. Recorded.

2. Government are glad to note that there was a decided improvement in the working of the several Treasuries in the State as a whole during the year under review over that in the previous year, both in the matter of submission of the several returns and schedules by the several Treasuries, and also in the number of omissions, irregularities and mistakes noticed. There was however a slight increase during the year in the number of bills wrongly paid, the Treasuries in Mysore, Chitaldrug, Hassan and Kolar Districts being solely responsible for them.

3. As regards the cases of imperfect scrutiny of bills resulting in over payment noticed by the Comptroller, the action taken by the Revenue Commissioner should be reported to Government.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

ACCOMPANIMENTS.

Letter No. C. Per. 63, dated 12th—18th February 1918, from the Revenue Commissioner in Mysore, to the Secretary to Government, Revenue Department.

I have the honour to forward herewith copy of letter No. T. A. D. A. 802, dated 6th January 1919, together with its enclosures in original, from the Comptroller to Government, reviewing the working of the Treasuries in the State during the year 1917-18.

2. From statement B appended to the Comptroller's letter it will be seen that there was a decided improvement in the working of the Treasuries during the year under review. The maximum average delay in the submission of the 1st and 2nd lists of payments and of the cash account was 5, 6, and 5 days as against 7, 5 and 5 days respectively during 1916-17. The number of schedules delayed fell from 200 in 1916-17, to 64 in 1917-18, and there was no delay in the submission of vouchers. There was also an appreciable reduction from 527 to 339 in the number of other omissions or mistakes and in the average number of requisitions for correction of Treasury Accounts. There was, however, a slight increase from 51 in 1916-17, to 54 in 1917-18, in the number of bills wrongly paid. The Treasuries in Mysore, Chitaldrug and Kolar Districts have showed a decided deterioration in respect of wrong payments being responsible for 20, 18 and 14 cases respectively during 1917-18 as against 3, 6 and *nil* during 1916-17. The Deputy Commissioners concerned will be requested to direct the Treasury Officers to more zealously watch the payment of bills and avoid wrong payments in future.

3. Statement D shows the delay in the submission of statements of Lapsed Revenue Judicial and Personal Deposits and of Clearance Registers of Deposits, Revenue and Judicial. The delay ranged from 6 days to 2 months and 12 days in the former case and from 6 days to 2 months and 15 days in the latter and is by no means satisfactory.

No. R. 12734-43—R. M. 56-18-2, dated 2nd April 1919.

4. *Objectionable items.*—Of the 16 objectionable items specially noticed by the Comptroller 8 relate to the Mysore District. 3 to the Shimoga District, 1 to the State Huzur Treasury and 1 to each of Kolar, Tumkur, Hassan and Chitaldrug Districts. Items marked 1, 3, 4 and 5 relate to the payment of bills after the expiry of 6 months or 1 year without the requisite sanction. These as well as items 2 and 9 are instances of extreme carelessness. Items 6 and 7 relating to the Mysore District are of a more serious nature involving overpayments through imperfect scrutiny of bills. The Comptroller will be addressed for details with a view to take adequate notice of the conduct of the officials responsible for these irregularities.

Items 8 and 10 relating to Hassan and Shimoga Districts are instances of confusion of Treasury Procedure.

Items (11) and (12) relating to the irregularities in the Seringapatam and Chan .-giri Taluk Treasuries and item (14) relating to fraud in the State Huzur Treasury have been separately disposed of by Government in their orders Nos. R. 15-17—L. R. 137 of 17-3, dated 18th June 1918, R. 8533-34—L. R. 41-17-18, dated 11th January 1918, and Fl. 929—S. & A. 206-17-2, dated 16th August 1918, respectively.

In regard to item 13 *re* the adoption by the Mysore District Treasury of the wrong figures furnished by the Amildar of Malvalli in March 1918, the Deputy Commissioner will be requested to take adequate notice of the conduct of the officials at fault.

With regard to item (15) relating to the remittance of small silver from the Mysore District Treasury to the Bank of Madras, Bangalore, a report has been made to Government in my letter No. C. 4511, dated 16th August 1918.

In regard to item 16 *re* the furnishing of wrong figures by the Treasury Officer, Kolar, and the belated submission by the Hassan District Treasury of the advance statement of Revenue collections for June 1918, necessary instructions were issued to the Deputy Commissioners concerned to guard against the repetition of such serious irregularities.

5. The Comptroller has also furnished a list of vouchers not received up to the end of the year 1917-18. The Deputy Commissioner, Mysore, from whom such vouchers are due has been separately addressed to cause their immediate submission.

ACCOMPANIMENT No. 2.

Letter No. T. A. D. A.—802, dated 6th January 1919, from the Comptroller to the Government of His Highness the Maharaja of Mysore, to the Revenue Commissioner in Mysore, Bangalore.

I have the honour to forward herewith the following report on the working of the Treasuries for the year 1917-18, with the usual statements. Owing to dislocation of work caused by Influenza, it was not possible to forward this report on the due date.

1. *Monthly Accounts and their accompaniments; Statements A. B. and C.*— No District Treasury sent the monthly cash accounts on the due date. There was a delay of a day in Kolar, 2 days in Kadur, Chitaldrug and Hassan, 3 days in Tumkur, Shimoga and the State Huzur Treasury and 5 days in the Mysore District Treasury. There was similar delay in the despatch of the 2nd lists of payments from the above Districts. In the submission of the 1st list of Payments there was a delay of a day in Kolar, Kadur and Chitaldrug Districts, of 2 days in the Tumkur District, 4 days in Shimoga and 5 days in the Mysore and Hassan Districts. Though the delay in the submission of the cash accounts and the bi-monthly lists of payments was generally less than in the preceding year, yet in view of the simplification of Treasury Procedure as sanctioned in Government Order No. Fl. 8075-15—G. F. 170-16-11, dated the 27th June 1917, it should have been avoided. In the submission of schedules which should be sent with the Cash Accounts there has been improvement in all the Districts except Mysore in which as many as 25 schedules were delayed. These evidently are not being written up day by day as provided in the Treasury Manual. It is satisfactory to note that there has been no delay in the submission of vouchers with the Lists of Payments. A few of them are, however, still due only from the Mysore District as shown in the Statement F.

Annual Returns.

2. *Statement D.* shows the due date of receipt of the annual statements of Revenue, Judicial and Personal Deposits and the actual date on which they were received from each District Treasury for the year under review. Excepting Kadur District which as in the previous year sent its returns in time, there was delay in all the other District Treasuries. Chitaldrug and Bangalore submitted their returns after a delay of 6 and 26 days respectively, the delay in Tumkur, Kolar and Shimoga varied from one to two months, and in the Mysore and Hassan Districts the delay was 2 months and 15 days. The delay in the submission of Savings Bank Annual Returns will be noticed in the report on the working of the Banks.

3. *Statement E.* furnished the names of officers who were in charge of the several District Treasuries during the year under report.

4. *Items objected to.*—The defects and omissions noticed in the audit of Treasury Accounts and Lists of Payments are shown in Statements A and B. The following irregularities deserve special mention:—

(1) *Payment of bills after expiry of 6 months without sanction by this office.*

(*a*) Travelling Allowance Bill of the Prosecuting Inspector, Tumkur, for April 1917, for Rs. 9, cashed in November 1917.

(*b*) Pay Bill of the Anglo-Vernacular School, Huliyar, for April 1917, for Rs. 7-13-0 cashed in November 1917.

(*c*) Pay bill of Village Elementary School, Tumkur Taluk, for Rs. 1-12-0 for April 1917, cashed in November 1917.

(*d*) Pay bill of Village Elementary School, Koratagere, Gubbi Taluk, for Rs. 2-14-0 cashed in November 1917.

(*e*) Pay bill of Village Elementary School, at Huliyurdurga, Kunigal Taluk, for Rs. 3-1-0, for April 1917, cashed in November 1917.

(*f*) Pay bill of Village Elementary School, Sira Taluk, for Rs. 6 for April 1917, cashed in November 1917.

The Treasury Officer, Tumkur, in reply to the objection raised by this office, intimated that the period was wrongly counted from date of countersignature.

(2) Infantry Retiring Fund Bill for Rs. 8-11-6 was cashed at the Mysore District Treasury in November 1917, (Voucher No. 442) without pre-audit by this office.

(3) Arrear Supplemental Bill of the Village Elementary School, Holalkere Taluk, for June 1918, relating to a claim more than 6 months old was paid by the Holalkere Taluk Treasury without the sanction of this office.

(4) Supplemental Bill of the Cutcherry Establishment of the Shikarpur Taluk for July 1917, in which undisbursed pay relating to the period January to October 1914, was refunded in July 1917, that is, after a long delay of 3 years. The bill also contained arrear claim more than a year old and the Taluk Treasury cashed the bill without the sanction of this office.

(5) Travelling Allowance Bills of the Village Elementary Schools of the Malvalli, Seringapatam and Nanjangud Taluks for June 1917, were cashed in the Taluk Treasuries in March 1918, without the previous sanction of this office though the period of claim exceeded 6 months.

Cases of Imperfect scrutiny of bills.

(6) In the Establishment Bill of the Second Munsiff's Court, Mysore, for January 1918, the details of the amounts for Process Nazirs and Amins worked up to Rs. 206 while Rs. 208 was paid at the District Treasury.

(7) In the Menial Establishment Bill of the Superintending Engineer, Krishnarajasagara Works for May 1918, details worked up to Rs. 221-8-0, but Rs. 231-8-0, was wrongly entered as the total and the same paid at the Treasury.

Belated issue of Remittance Transfer Receipts.

(8) Taluk Treasury Officer of Arkalgud, Hassan District, received sums on behalf of the Bank of Mysore tendered by the Coronation Co-operative Society at Arkalgud from August to December 1917, and issued duplicate challans to the Bank. The Bank passed the amounts to the credit of the Society in their accounts. A few days after, the Taluk Treasury issued Remittance Transfer Receipts for the amounts credited and forwarded them direct to the Bank. The Bank realised them and credited the amounts to the Society a second time. The mistake was subsequently found out and necessary adjustment made in the accounts. The Treasury Officer's explanation that the Taluk Sheristadar who was responsible for the mistake was new to the Treasury work and that the New Procedure which had to be followed resulted in confusion and led to the irregularity, is untenable.

Payment of Public Works Pass Orders at other than the Treasury on which they were issued.

(9) Pass order No. 180, dated the 28th April 1918, for Rs. 296-4-0, issued by the Executive Engineer, Sanitary Division, on the State Huzur Treasury, Bangalore, was wrongly cashed at the Mysore District Treasury on the 7th May 1918. The irregularity was pointed out to the Treasury Officer.

Issue of R. T. Rs. for sums credited wrongly to other heads.

(10) A sum of Rs. 100 was tendered at the Tirthahalli Taluk Treasury, Shimoga District, on the 16th February 1918 for credits to Deposits of the Bank of Mysore. The Treasury wrongly credited the amount to "Miscellaneous unclassified items" instead of to Remittance Transfer Receipts and at the same time issued a Remittance Transfer Receipt. After a delay of 5 months the Treasury Officer proposed necessary corrections in the Treasury Accounts.

No. R. 12734-43—R. M. 56-18-2, dated 2nd April 1919.

Irregularities in the Treasury transactions.

(11) On the 28th February 1918, owing to the heavy transactions in the Serangapatam Taluk Treasury, the Sheristadar Mr. Latchman Rao, deputed on his own authority Deputy Gumastas Sundara Rao and Sesha Iyengar to receive remittances and sign the challans and Khirdies independently of the Shroff. As a result of this irregular arrangement, there was a deficit of Rs. 190 which was discovered in the remittances received by Sundara Rao. Instead of instituting immediate enquiries, the Sheristadar closed the Treasury without closing the day's account. On the 2nd March 1918, Sundara Rao, produced Rs. 190, which was credited into the Treasury without a challan. For this irregularity, the Sheristadar was retired and the Amildar censured in Government Order No. R. 15-17—L. R. 137 of 17-3, dated the 18th June 1918.

(12) The Deputy Commissioner, Shimoga, reported in his letter No. 565 (Rev), dated the 3rd April 1918, that the cash balance of the TalukTreasury at Channagiri was found short by Rs. 199-5-4, on the evening of the 27th February 1918 and the amount was made good by the acting Shroff Murtiyachar on the 1st March 1918 and that there was also an excess of Rs. 200 found in Currency Notes on the morning of the same date which was credited on the 19th idem. The deficiency having been discovered on the evening of the 27th February 1918 it should have been either made good at once or charged on in the accounts of the day for being recovered from the person at fault and the actual balance only shown in the accounts. It was irregular not to have closed the accounts for 27th February 1918, on the same day and to have kept them open till the 1st March 1918 when the deficiency is reported to have been made good. It was also objectionable to have kept out of accounts till the 19th March 1918, the sum of Rs. 200 said to have been found in excess on the 1st March 1918. The above irregularities occurred on the 27th February 1918 and the first report was sent to this office only on the 3rd April 1918, *i.e.*, after a delay of over a month, ignoring the rule in Article 20 of Civil Account Code, Volume I. The Deputy Commissioner in his final report No. 565 (Rev)., dated the 14th June 1918, intimated that the Taluk Sheristadar has been warned for his having failed to exercise proper check over his subordinates and the amount found in excess ordered to be refunded to the party. The matter is still under correspondence with the Revenue Commissioner.

(13) In the Cash Balance Report for March 1918, received from the Malvalli Taluk Treasury, the Amildar showed the closing balance on the 1st March 1918, instead of the opening balance on that date. The District Treasury Officer, Mysore, instead of verifying the figures furnished by the Amildar in the Cash Balance Report with the figures of the daily "C" Account received from the Taluk, merely adopted the figures furnished by the Amildar in the District Cash Balance Report for the month. The Deputy Commissioner in his letter No. C. 5048, dated the 2nd April 1918, has intimated that the persons responsible for the carelessness would be suitably dealt with.

(14) On the 5th of April 1918, a pensioner presented his receipt and the pension payment order at the State Huzur Treasury, Bangalore, but did not wait for taking payment that day. The next day he appeared and claimed payment, but his receipt was found missing and another was prepared and payment was made to him. The first receipt was abstracted by one Ramachandra Rao, a volunteer working in the Treasury and the latter obtained payment by presenting it on the 6th idem. There was thus a double payment which was discovered at the time of verifying the accounts and cash balances at the close of the day when the voucher in support of the payment made to Ramachandra Rao, was found missing. The Treasury Officer investigated the matter and found that Ramachandra Rao, had perpetrated fraud and the amount was made good the very day. The irregularity was reported to Government and orders passed in Government Order No. Fi. 929—S. & A. 206-17-2, dated the 16th August 1918.

(15) The Mysore District Treasury sent in April 1918, to the Bank of Madras, Bangalore, a remittance of Rs. 39,200 in small coins which were fit for circulation. On being questioned by this office as to the need for this remittance, the Treasury Officer replied that there was no demand for those coins at the time. In the following month, the Treasury Officer sent an indent for Rs. 25,000 worth of the same coins to meet the demand at that time. By this action unnecessary remittance charges were imposed on Government.

(16) All the Treasuries were asked to report to this office by wire the collections during May 1918, under Principal Heads of Revenue. On the 4th idem a telegram from the Treasury Officer, Kolar District, was received intimating among other things that Excise Revenue was Rs. 5,49,000. On further enquiry as to whether this unusually large figure was correct, the Treasury Officer wired on the 10th idem that the correct figure was Rs. 99,000. But actually the amount recorded in the Treasury Cash Account was only Rs. 86,000 and the matter was reported to the Revenue Commissioner for issuing

necessary instructions to the Deputy Commissioner, Kolar District, for guarding against such mistakes in future. The Revenue Commissioner has asked the Deputy Commissioner to instruct the Treasury Officer to exercise more care and circumspection in dealing with such matters and to take adequate notice of the officials responsible for inaccuracy of the figures furnished to this office.

In June 1918, the Treasuries were asked to report to this office by wire before the 3rd July 1918, the Cash Balance on the 1st July 1918 and also to send in advance statements of collections in June 1918, under Principal Heads of Revenue. The Deputy Commissioner, Treasury Department, Hassan District, intimated the cash balance on the 8th July 1918 and sent the statement of Revenue Collections on the 9th July 1918 and the submission of an important report due to Government had therefore to be delayed. The Revenue Commissioner was requested to issue necessary instructions to ensure better attention on the part of the Treasuries to the calls of this office for information, accounts, returns, etc.

Concluding remarks.

The delays, defects and irregularities noticed above go to indicate that a better supervision on the part of the Treasury Officers is necessary and for securing the efficiency of the treasuries, it is essential that the officers in immediate charge take greater personal interest.

A—Statement showing the defects, etc., noticed in the working of the Treasuries in the State for the year 1917-18.

Village Improvement Committees and Works.

No. R. 13474-82—R. M. 4-18-108, DATED 23RD APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. R. 13474-82—R. M. 4-18-108, dated 23rd April 1919.

Government consider that the Village Improvement Statistics, particularly those relating to the Village Improvement Committees doing real work and the progress under Village Improvement works require careful scrutiny and are therefore pleased to direct that the Sub-Divisional Officers should inspect each year at least 50 per cent of the Village Improvement Committees and works in their respective jurisdictions.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Notification No. R. 18—Ft. 202-16-2, dated 4th July 1917, issued under Section 4 of the Forest Regulation in the matter of the proposed constitution of the Avalgod Forest Block in the Sorab Taluk.

2. Letter No. 3074—Gl., dated 11—13th February 1919, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's letter No. 400, dated 15—19th December 1918, reporting on the conclusion of the settlement of the block.

3. Letter No. 10059, dated 12th March 1919, from the Conservator of Forests, agreeing to the issue of the final notification in the matter.

*Printed with the B. and C. Registers as accompaniments.

Order No. R. 12786-9—Ft. 139-18-4, dated 4th April 1919.

The settlement effected by the Forest Settlement Officer is approved. The Notification under Section 17 of the Forest Regulation constituting the block a State Forest with effect from 1st June 1919 will be published in the Gazette.

2. The Deputy Commissioner, Shimoga District, is requested to duly promulgate the boundaries of the block in the village concerned.

NOTIFICATION.

No. R. 12790—Ft. 39-18-5, dated 4th April 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that from the 1st June 1919, the area, the boundaries of which are set forth in the Schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof.

Schedule

District:—Shimoga
Taluk:—Sorab

Approximate area:—1798 acres 15 guntas or 2·80 square miles.
Name of Block:—Avalgod.

Boundaries:—

North.—Starting from a point on the right bank of a jungle stream about 2 chains north-east from the south-west corner of survey No. 27 of Kuppe the boundary line runs south-east for about 13 chains through survey No. 8 of Avalgod to a point about 5 chains south-west from the south-west corner of survey No. 6; then north-east for about 6 chains to a point about 7 chains south-west from the south-east corner of survey No. 6; then south-east for about 8 chains to a point about 5 chains south-west from the southernmost corner of survey No. 5; then slightly north-east for about 7 chains to a point about 5 chains south from the south-east corner of survey No. 5; then south-east for about 10 chains to a point about 5 chains south-west from the south-west corner of survey No. 3; then again south-west for about 10 chains to a point about 6 chains south-east from the south-east corner of survey No. 3; then north-east for about 20 chains to the south-east corner of survey No. 1; then along its east-side to its north-east corner; then north-west

for about 13 chains to a point about 5 chains north-east from the north-east corner of survey No. 4; then in the same direction for about 11 chains through survey Nos. 8 and 7 to a point about 5 chains north-east from the north-west corner of survey No. 4; then north-west for about 3 chains through survey No. 7 to a point about 5 chains north-east from the north-west corner of survey No. 5; then along the common boundary between Kuppe and Avalgod to the south-east corner of survey No. 1 of Kuppe; then east for about 2 chains through survey No. 5 of Kondagalali to a point about 6 chains south-west from the south-west corner of survey No. 9; then along the west sides of survey Nos. 8 and 7 to the south-west corner of survey No. 7; then along the south sides of survey Nos. 7 and 6 to the south-east corner of the latter survey number; then along the east and north-sides of survey No. 6 and east side of survey Nos. 7 and 8 to a point about 5 chains south-east from the south-east corner of survey No. 9; then north-east for about 5 chains through survey No. 5 to a point about 5 chains south-east from the said corner; then north-east for about 11 chains to a point about 6 chains south-east from the south-west corner of survey No. 11; then south-east for about 26 chains to a point about 5 chains south from the south-east corner of survey No. 16; then again south-east for about 3 chains to a point about 6 chains south-west from the south-west corner of survey No. 20; then south-west for about 8 chains to a point about 6 chains west from the south-west corner of the village site; then south-east for about 17 chains through survey No. 5 to the south-west corner of survey No. 3 (tank); then along the west and south sides of survey No. 4 to its southernmost corner; then south for about 2 chains to a point about 4 chains south-west from the south-east corner of survey No. 4; then south-east for about 5 chains through survey No. 5 of Kandagalali and 58 of Pura to a point about 5 chains south from the south-west corner of survey No. 25 of Kondagalali; then again south-east for about 6 chains through survey No. 58 of Pura to a point about 5 chains south-east from the south-east corner of survey No. 25 of Kondagalali; then north-east for about 4 chains through survey No. 58 to a point about 6 chains south-east from the said corner; then north-east for about 12 chains through survey No. 58 of Pura and 24 of Kondagalali to the south-east corner of survey No. 26 of the latter village; then again north-east for about 23 chains through survey No. 24 to the south-east corner of survey No. 23; then along its east side to its north-east corner; then north-east for about 32 chains through survey No. 24 to the quadro-junction bandhs of Chimnur, Kumbathi, Kondagalali and Ammagondanakoppa villages.

East.—Then the line passes along the common boundary between Kumbathi and Ammagondanakoppa to the north-west corner of survey No. 17 of the latter village; then along the west side of the said survey number to its south-west corner; then south-east for about 44 chains through survey No. 16 to the south-west corner of survey No. 14 (tank); then along the west side of survey No. 15 to its south-west corner; then south-east for about 22 chains through survey No. 16 to the tri-junction bandhs of Kumbathi, Ammagondanakoppa, and Sagadde villages; then along the common boundary between Sagadde on one side and Kumbathi and Brahmanvada Sagadde on the other to a point about 5 chains north-east from the northernmost corner of survey No. 2 of Sagadde; then north-west for about 5 chains through survey No. 8 to a point about 6 chains north-west from the said corner; then south-west for about 7 chains to a point about 6 chains north-west from the south-west corner of survey No. 2; then again south-west for about 5 chains to a point about 5 chains west from the said corner; then south-east for about 7 chains to a point about 6 chains south-west from the same corner; then north-west for about 4 chains to a point about 8 chains south-west from the south-west corner of survey No. 2; then south-west for about 3 chains to a point about 7 chains north-east from the northernmost corner of survey No. 3; then along the common boundary between Brahmanvada-Sagadde and Sagadde to the north-east corner of survey No. 3 of the latter village.

South.—Then the line runs along the northside of survey No. 3 to its northernmost corner; then north-west for about 20 chains through survey No. 1 of Sagadde to a point about 6 chains south-east from the north-east corner of the village site; then along the east, north, and west side of the said village site to a point about 5 chains north-east from the north-west corner of survey No. 24; then west for about 19 chains to a point about 5 chains slightly north-west from the north-east corner of survey No. 39; then along the east sides of survey Nos. 51 and 60 to the north-east corner of the latter survey number; then north for about 8 chains to the south-east corner of survey No. 10 of Pura; then along the common boundary between Sagadde and Pura for about 20 chains to a point about 5 chains east from the south-east corner of survey No 60 of Pura; then north-west for about 45 chains through survey No. 59 of Pura to the north-east corner of survey No. 54; then along the north side of survey number 54 to its north-west corner; then along the north and west sides of survey number 57 to its south-west corner; then along the north side of survey No. 41 to its north-west corner; then along the common boundary between Kolisal and Pura to a point about 5 chains north from the north-east corner of survey No. 48 of Kolisal; then west for about 9 chains through survey No. 49 to the north-east corner of survey No. 44; then along its north side to its north-west corner; then

west for about 27 chains through survey No. 49 to the north-east corner of survey No. 50; then along its north side to its north-west corner; then south-west for about 9 chains through survey No. 54 to a point about 4 chains south-west from the westernmost corner of survey number 50; then slightly south-west for about 12 chains to a point about 5 chains west from the westernmost corner of survey No. 51; then south-east for about 2 chains to the north-west corner of survey No. 52; then along its west side to its westernmost corner; then north-west for about 25 chains through survey No. 54 to the south-east corner of survey No. 55; then along its north-side to its northernmost corner; then west for about 7 chains to a point about 3 chains north-west from the north-west corner of survey No. 55; then south-west for about 11 chains to a point about 6 chains north-west from the north-west corner of survey No. 56.

West.—Then the line continues along the common boundary between Malalagadde and Kolisal to the tri-junction bandhs of the said villages and Avalgod; then along the right bank of a jungle stream running along the common boundary between Avalgod on one side and Siravanthi and Malalagadde on the other to meet the starting point.

REMARKS.

The following rights of way are admitted within the block for use by men and cattle only in case of footpaths which are 6 feet in width; and by men, cattle and carts in case of cart-tracks which are 12 feet in width, throughout the year.

1. *High Road from Ulvi to Sorab.*—It enters the forest in the western boundary of the block at a point about 6 chains north-west from the north-west corner of survey No. 56 of Kolisal and runs north-east for about 52 chains through survey Nos. 54 of Kolisal and 8 of Avalgod and quits the forest at a point about 5 chains south-west from the south-west corner of survey No. 6 of Avalgod.

2. *Foot-path from Pura to Kondagalali.*—It enters the forest in the southern boundary of the block at a point about 6 chains east from the north-west corner of survey No. 41 of Pura and runs north-west for about 30 chains through survey Nos. 58 of Pura, 24 and 5 of Kondagalali and quits the forest at a point about 3 chains north-west from the south-west corner of survey No. 3 (tank) of Kondagalali.

3. *Cart-track from Pura to Ammagondanakoppa and on to Kumbathi.*—It enters the forest in the southern boundary of the block at a point about 3 chains north-west from the south-east corner of survey No. 54 of Pura and runs north-east for about 4 chains through survey No. 59 of Pura and joins the cart-track number V *infra* at a point about 4 chains south-east from the north-east corner of survey No. 54.

4. *Cart-track from Brahmanvada-Sagadde to survey No. 20 of Sagadde.*—It enters the forest in the eastern boundary of the block at a point about 8 chains north-east from the northernmost corner of survey No. 2 and runs south-west for about 6 chains through survey No. 1 and quits the forest at a point about 5 chains north-west from the northernmost corner of survey No. 2; It again enteres the forest at a point about 5 chains north-west from the south-west corner of survey No. 2 of Sagadde and runs south-west for about 17 chains through survey No. 1 and quits the forest at a point about 5 chains north-east from the north-east corner of survey No. 20.

5. *Cart-track from Kolisal to Kumbathi.*—It enters the forest in the southern boundary of the block at a point about 3 chains south-east from the north-east corner of survey No. 54 of Pura and runs north-east for about 56 chains through survey Nos. 59 of Pura and 16 of Ammagondanakoppa and quits the forest at a point about 9 chains south-west from the north-west corner of survey No. 5.

6. *Cart-track from Kondagalali to survey No. 50 of Pura.*—It enters the forest in the northern boundary of the block at a point about 5 chains south-west from the south-east corner of survey No. 25 of Kondagalali and runs south-east for about 15 chains through survey No. 58 of Pura and quits the forest in the southern boundary of the block at a point about 5 chains north from the easternmost corner of survey No. 41 of Pura.

7. *Foot-path from Kolisal to the High Road.*—It enters the forest in the southern boundary of the block at a point about 3 chains north-west from the north-west corner of survey No. 55 of Kolisal and runs north-west for about 17 chains through survey number 54 and meets the HighRoad.

By Order,
B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette.*

No. R. 12786-9—FT. 139-18-4, DATED 4TH APRIL 1919.

Letter No. 400, dated 15-19th December 1918, from the Forest Settlement Officer in Mysore, to the Revenue Commissioner in Mysore, through the Deputy Commissioner, Shimoga District.

I have the honor to report on the conclusion of the Settlement of Avalgod block in Sorab Taluk, Shimoga District.

2. The initial notification under Section 4 of the Mysore Forest Regulation proposing to constitute the area into a State Forest appeared on pages 538—539 of the English issue of the *Mysore Gazette*, Part I, dated 12th July 1917, and the proclamation under Section 5 of the said Regulation was issued on 25th July 1917 and the same published on pages 867 and 869 of the Kannada issue of the *Mysore Gazette*, Part II, dated 2nd August 1917. The spare copies of the notification were got served on the villagers concerned through the Amildar, Sorab.

3. I inspected the locality and perambulated the line in company of the Range Officer, Amildar, the villagers and the village officials concerned on 18th April 1918.

4. The following 12 claims were preferred to me during my enquiry.

(i) 2 claims to right of way.
(ii) 10 claims to miscellaneous rights.

I admitted both the claims in (i) as well as 6 claims out of (10) in (ii) and rejected the rest.

5. The Deputy Commissioner in his docket No. C. Mis. 150, dated 5th August 1918 says that no appeals have been preferred to him against my decision.

6. There was only one gomal in the village of Pura which was proposed to be taken up for the forest. I wanted to exclude it for the use of the village cattle, but could not do so as the block would be awfully mutilated and disfigured. I, therefore recommend that the marginally noted assessed waste survey numbers which are unoccupied from a very long time as the villagers do not seem to have really in need of them, in addition to kharab survey No. 40, aggregating to an area of 95 acres 30 guntas may be converted into gomal for the benefit of the villagers.

	Survey No.	Area. A.	g.
	41	20	20
	42	19	12
	54	11	22
Assessed waste	55	0	29
	56	2	29
	57	16	20
Kharab	40	24	18
		95'30	

7. About 200 acres out of the only gomal survey No. 54 of Kolisal having an area of 255 acres 26 guntas, has been taken for the block. To compensate this loss, I propose that about 200 acres out of kharab survey No. 28 having an area of 305 acres 3 guntas may be converted into gomal.

8. The following records are herewith submitted:—

1. "B" Register.
2. "C" Register.
3. Boundary Notification.
4. Sketch Map.
5. Topo tracing.

9. The date from which the reservation is to take effect may kindly be inserted in the draft boundary notification.

No. R. 12786-9—Ft. 139-18-4, dated 4th April 1919.

R.—Register of claims to lands, rights to forest produce or easements in the proposed **Avalgod State Forest.**

Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
2	3	4	5	6	7	8
Chendrasekhara Gowda, Patel of Kuppi on behalf of the villagers.	17-4-18	Prays for the exclusion of survey No. 27 as they have no other gomal for their village.		Free grazing may be allowed.	Out of the gomal area of 99 acres 11 guntas available in the village, the Forest Department proposes to take 70 acres. The villagers say that it should not be taken: As there is no other gomal in the village, I decide to let go the land in question.	
Kendappa Gowda, khatedar of survey No. 4 of Avalgod.	Do ...	Prays for the exclusion of some gomal area for the use of his, as well as kana's cattle (another khatedar of survey Nos. 5 and 6).	...	This is a becharak village having only 2 khatedars for the whole village. They are living in other villages and build only temporary sheds during the harvest season. The area that will be excluded by allowing cultivation margin will be ample provision for their cattle.	This is a becharak village. There are only three survey numbers under cultivation out of six numbers in the village. The cultivators Kendappa and Kana live in two adjacent villages. They want some lands for grazing their cattle. I have allowed a margin of 5 chains almost all round these lands. This will be about 50 acres of gomal and this should be ample for their purposes. Survey numbers 1 to 6 are proposed by the Forest Department as enclosures. Since the land of Kuppi was given up it would be inconvenient to enclose them I have accordingly excluded these lands with the usual margin of 5 chains on other sides.	
Forest Settlement Officer.	...	...	...	....	The high road to Sagar passing through survey No. 8 is allowed.	
Puttappa Gowda, Patel of Kondagalali for the villagers.	Do ...	Represents that the villagers require the gomal survey No. 24 and half of survey No 5 (a kan) as they have to graze their cattle in the former and get the necessary requirements such as fuel, bamboos, pegs and agricultural implements from the latter.	...	Free grazing may be allowed. The agricultural implements may be allowed to be taken from the assessed waste lands (acres 55 guntas 21) available in the village.	The Forest Department proposes to include a narrow strip of land between the western boundary of the village and survey Nos. 8 and 9, owing to its narrowness and its inconvenient situation that strip is left out for the villagers. Cultivation margin of 5 chains is given to survey Nos. 9, 10, 12, 15, 16, 17, 18, 20, 22 and 25 and a small margin of between 4 and 5 chains is also left round the village.	
Forest Settlement Officer.	...	.....		.....	A foot-path 6 feet wide from Pura to this village is allowed for use by men and cattle throughout the year.	
Veerappa, Patel of Ammagondanakoppa on behalf of the villagers.	Do ...	Says that the villagers want pasture for their cattle and fuel, leaves, and agricultural implements and thorns for their own use.	...	They may be allowed to remove these from the portion that has been already excluded for the use of the villagers.	About 151 acres out of survey No. 16 (area 216 acres 9 guntas) is proposed to be taken for the Forest. The only gomal of this village viz., survey No. 17 (16 acres and 31 guntas) is not enough for the cattle. But this coupled with 55 acres left out of survey No. 16 would be ample provision for 24 heads of cattle in the village which contains only four huts, so the preliminary demarcation line is confirmed entirely.	
Forest Settlement Officer.	...	.....			A cart track 12 feet wide from Pura to this village is allowed for use by men, cattle and carts throughout the year.	
Kanna, Patel of Sagadde for the villagers.	Do ...	Praying for the exclusion of some area in the southern portion of survey No. 1 (kan) taken up for the block, as they want to build houses in the old village site situated in that number and also have to get all their requirements from that kan only.		The villagers abandoned the old village some 30 years ago and are living in survey No. 45 now. It is very unlikely that they would give up the present village and build fresh houses in the old village site. So their request does not require any consideration.	The proposal of the Forest Department was to take about the whole of survey No. 1 of this village. But it is necessary to leave the cultivation margin to survey Nos. 2, 16, 20, 22, 25, to 31, 35 and 36. Besides this there is a gomal of 66 acres 36 guntas and kharab of 180 acres 33 guntas not to speak of the assessed waste area of 161 acres 7 guntas in the village. These are well wooded and are enough to supply the pasture for 51 heads of cattle in the village and also to supply all the needs of the raiyats.	
		(2) Cart track leading from Pura to this village is wanted.			The cart-track remains outside the the block. No permission is necessary for its use.	

No. R. 12786-9—Ft. 139-18-4, dated 4th April 1919.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Avalgod State Forest—*contd.*

Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
2	3	4	5	6	7	8
Sankara Jois of Brahmanvada Sagadde for the villagers	17-4-18	Represents that Survey No. 7 of Kargi-oppa has been granted for them for Soppinbetta as they have no kharab in their village. But this is two miles away from their bagayat lands. Survey No. 1 of Sagadde which is proposed for the block is adjacent to their bagayet lands and so an area of 101 acres 34 guntas out of this number may be excluded.	.....	This has been settled by the Revenue Commissioner after due consideration and requires no alteration.	There is no proof of the villagers of Brahmanavada Sagadde having a right to any lands or other products of the Sagadde village and their having Survey No. 7 of Karjikoppa as Soppinbetta is admitted by them only. Their prayer is therefore inadmissible and is rejected.	
		2. The temple of Eswaraswami in Survey No 1 is visited by many people and an acre of land round the temple may be let off from the forest.		May be treated as an enclosure with an area of half an acre all round.	This temple is excluded with a space of about an acre.	
		3. The cart-track leading to Brahmanavada Sagadde from Survey No. 20 of Sagadde is required.		May be allowed.	The cart-track prayed for by the villagers is granted for use by men cattle and carts, throughout the year.	
Veeriah, Patel of Pura on behalf of the raiyats.	Do ..	Says that the preliminary demarcation line has come too near their village site and should be shifted away.	....	...	The line is shifted further away to give cultivation margin to Survey Nos, 60 of this village and 25 of Kondagalali. By this change the village site also remains away from the line.	
		2. The gomal land proposed from their village should not be taken as the villagers require it for their cattle	.....	2. Free grazing may be allowed.	2. The only gomal Survey No. 58 having an area of (89 acres 1 guntas) is taken for the forest. There are 123 heads of cattle at present to be provided for. It is not possible to leave off the gomal in question for the block will be awfully mutilated and disfigured. There are a number of assessed waste lands in the village about 107 acres 7 guntas in all which are unoccupied for a long time and it does not look as if the villagers are really in need of them. I propose that some of them on the western side of the village *viz.*—

Bangalore,
30th July 1918

B. Basavaradhya,
Forest Settlement Officer in Mysore

No. R. 12710-3—Ft. 129-18-4, dated 2nd April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Notification No R. 10580—Ft. 159-16-2, dated 25th April 1917, issued under Section 4 of the Forest Regulation in the matter of the proposed constitution of the Kalkoppa No. I Forest Block in the Sagar Taluk.

2. Letter No. C. 1932—Gl., dated 21st—24th January 1919, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's letter No. 214, dated 29th September 1918, reporting on the conclusion of the settlement of the block.

3. Letter No. 10058, dated 12th March 1919, from the Conservator of Forests agreeing to the issue of the final notification in the matter.

Order No. R. 12710-3—Ft. 129-18-4, dated Bangalore, the 2nd April 1919.

The settlement effected by the Forest Settlement Officer is approved. The Notification under Section 17 of the Forest Regulation constituting the block a State Forest with effect from 1st June 1919 will be published in the Gazette.

2. The Deputy Commissioner, Shimoga District, is requested to duly promulgate the boundaries of the block in the villages concerned.

B. RAMASWAMAIYA,
Secretary to Government, Revenue Department.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent of Revenue Survey and Settlement in Mysore.
The Deputy Commissioner, Shimoga District, with map and registers.

Exd.—C. R.

No. R. 12710-3—Ft. 129-18-4, DATED 2ND APRIL 1919.

NOTIFICATION.

No. R. 12714—Ft. 129-18-5, dated 2nd April 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st June 1919, the area, the boundaries of which are set forth in the Schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof :—

SCHEDULE.

District	Taluk	Appoximate area	Name of block.	Boundaries.
Shimoga	Sagar	792 acres and 5 guntas or — 1·23 Sq. miles	Kalkoppa B. I.	*North.*—Starting from the junction bandhs of Nadamanchali and Banadakoppa villages, the boundary line runs north-east along the common boundary of the said villages to the tri-junction bandhs of the same villages and Haravakoppa ; then south-east along the west side of survey No. 11 of Banadakoppa for about 32 chains to a point about 6 chains north-west from the north-west corner of survey number 9; then slightly south-west for about 11 chains through survey No. 1 to a point about 5 chains south-west from the south-west corner of survey No. 10; then south-east for about 10 chains through survey No. 1 to a point about 6 chains south-west from the southern most corner of survey No. 10; then slightly south-east for about 12 chains to a point about 6 chains south-east from the south-east corner of survey No. 10; then slightly north-east for about 10 chains to a point about 5 chains south-east from the north-east corner of survey No. 9; then north-east for about 11 chains to a point about 4 chains south-west from the north-west corner of survey No. 5. *East.*—Then the line passes in a south-easterly direction for about 35 chains through survey No. 2 to a point about 9 chains south-west from the north-west corner of survey No. 3; then south for about 13 chains through survey No. 2 to a point about 6 chains south-west from the south-west corner of survey No. 3; then south-east for about 9 chains to a point about 10 chains slightly south-east from the south-west corner of survey No. 3; then south-east for about 9 chains to the tri-junction bandhs of Banadakoppa, Ullur and Hotlusara villages, then south-west for about 34 chains crossing the Sagar-Ananthapur road through survey No. 1 of the abovenamed last village to a point about 11 chains south-west from the north-east corner of survey No. 2. *South.*—Then the boundary line goes north-west for about 24 chains through survey No. 1 of Hotlusara to a point about 5 chains north-east from the north-east corner of the tank survey No. 1; then slightly north-west for about 11 chains to a point about 4 chains north-west from the north-west corner of survey No. 15; then south-west for about 17 chains to a point about 6 chains north-west from the north-west corner of survey No. 13; then north-east for about 16 chains to a point abont 8 chains north-east from the north-east corner of survey No. 1 of Puradasara; then north-west for about 14 chains through survey No. 1 of Hotlusara and 5 of Puradasara to a point about 6 chains north-west from the north-west corner of survey No. 1 of Puradasara; then south-west for about 34 chains through survey No. 5 of Puradasara to a point about 5 chains north-west from the south-west corner of survey No. 3; then north-west for about 17 chains through survey No. 17 of Hennagere to a point about 5 chains north from the north-east corner of survey No. 12; then south-west for about 15 chains to a point about 7 chains north from the north-west corner of survey No. 11. *West.*—Then the line continues north-west for about 7 chains through survey No. 17 of Hennagere to a point about 5 chains north-east from the south-east corner of survey No. 3; then north for about 47 chains through survey No. 17 of Hennagere, 5 of Puradasara and 23 of Bilasagodu to a point about 9 chains south from the south-east corner of survey No. 32 of the last named village; then north-east for about 11 chains through survey No. 23 to a point about 6 chains south-east from the said corner; then slightly north-west for about 12 chains to a point about 6 chains north-east from the north-east corner of survey No. 32; then north-west for about 6 chains to meet the starting point.

Remarks.

The following rights of way are admitted within the block for use by men and cattle in case of foot-paths which are 6 feet in width and by men cattle and carts in case of cart-tracks which are 12 feet wide, throughout the year.

NO. R. 12710-3—FT. 129-18-4, DATED 2ND APRIL 1919.

1. *Cart-track from Kelagina Bilasagodu to Nadamanchali*:—It enters the forest in the western boundary of the block at a point about 8 chains south from the south-east corner of survey No. 32 of Bilasagodu and runs east, north-east and north-west for about 48 chains through survey Nos. 23 of Bilasagodu and 1 of Banadakoppa and quits the forest in the northern boundary of the block at a point about 23 chains south-west from the tri-junction bandhs of Nadamanchali, Haravakoppa and Banadakoppa.

2. *Cart-track from Banadakoppa village to Sagar-Ananthapur High Road*:—It enters the forest in the northern boundary of the block at a point about 5 chains north-west from the south-west corner of survey No. 10 of Banadakoppa and runs south-west for about 24 chains through survey No. 1 and joins the said High Road at a point about 2 chains west from the north-east corner of survey No. 23 of Bilasagodu.

3. *Cart-track from Haravakoppa to the cart-track No. 2 supra*:—It enters the forest in the northern boundary of the block at a point about 5 chains south from the south-east corner of survey No. 10 of Banadakoppa and runs south-west for about 17 chains through survey No. 1 and reaches the cart-track No. II at a point about 5 chains north-west from the north-east corner of survey No. 23 of Bilasagodu.

4. *Foot-path from Sampigesara majre of Banadakoppa to Hotlusara*:—It enters the forest in the eastern boundary of the block at a point about 10 chains south from the south-west corner of survey No. 3 of Banadakoppa and runs south-west for about 38 chains through survey No. 2 of Banadakoppa and 1 of Hotlusara and leaves the forest at a point about 7 chains south-east from the south-east corner of survey No. 16 of Hotlusara.

5. *Cart-track from Puradasara to Sagar-Ananthapur High Road*:—It enters the forest in the southern boundary of the block at a point about 5 chains north-west from the north-east corner of survey No. 1 of Puradasara and runs north-east for about 24 chains and meets the said High Road at a point about 2 chains south-west from the north-east corner of survey No. 5.

Concessions.

The villagers of Banadakoppa and Linga Setty the only residents of Puradasara are allowed to graze in this State Forest their cattle free during the open season.

The villagers of Haravakoppa are allowed to graze their cattle on payment of half the seigniorage rates during the open season.

The number of the cattle in these villages for the time being will be certified by the Taluk authorities.

Banadakoppa people are allowed to take free, agricultural implements, bamboos for hedges and temporary sheds and dry leaves and also fuel for domestic and agricultural purposes on free permits issued by the Forest Department.

By Order,

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept

To—The Compiler, *Mysore Gazette*.

Letter No 214, dated 29th September 1918, from the Forest Settlement Officer in Mysore, Bangalore, to the Revenue Commissioner in Mysore, Bangalore (through the Deputy Commissioner, Shimoga District).

I have the honour to report on the conclusion of the Settlement of Kalkoppa Block No. I in Sagar Taluk, Shimoga District.

2. The initial notification under Section 4 of the Forest Regulation proposing to constitute the area into a State Forest appeared on pages 368 and 369 of the English issue of the *Mysore Gazette*, Part I, dated 3rd May 1917. The proclamation under Section 5 of the said Regulation was issued on 29th May 1917 and the same published on pages 662 to 664 in the Kannada issue of the Gazette, Part II, dated 7th June 1917. The spare copies of the proclamatory notification were get served on the villagers concerned through the Amildar, Sagar.

3. The locality was inspected and the line perambulated by me in company with the Range Officer and the village officials with the raiyats concerned on 22nd January 1918.

No. R. 12710-3—Ft. 129-18-4, dated 2nd April 1919.

4. The following 16 claims were preferred to me during the enquiry.
   (i) four claims to right of water
   (ii) six claims to right of way
   (iii) six claims to miscellaneous rights.

All the claims in (i) were admitted. Out of 6 claims in (ii) 3 fully and 3 partly admitted. Out of 6 claims in (iii) 3 fully and 2 partly admitted and 1 rejected.

5. The Deputy Commissioner in his appeal decision of this block says that the cattle of Ullur village with all its hamlets are allowed to graze free of cost in the part of survey No. 81 of Ullur village in Malali block. Again in the appeal decision of Malali block it is said that the people of Nandikere, a hamlet of Ullur, will have free grazing in survey No. 81 of Ullu .ow included in Malali block. So the people of Nandikere got double advantage.

6. The following records are herewith submitted.
   (i) "B" register.
   (ii) "C" register.
   (iii) Boundary notification.
   (iv) Sketch map.
   (v) Topo tracing.

7. The date from which the reservation is to take effect may kindly be inserted in the draft boundary notification.

Exd—C. R.

No. R. 12710-3—Ft. 129-18-4, dated 2nd April 1919.

B—Register of claims to lands, rights to forest produce or easements in the proposed Kalkoppa State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
1	2	3	4	5	6	7	8
1	**Naranappa, patel of Bilasagodu on behalf of the villagers**	22-1-18	Says that the tank in survey No. 23 which irrigates survey Nos. 26 to 32 should be excluded.	....	The enclosure in this block is just like a spread band and comprises 3 villages (Heragere, Puradasara, Hotelsara) which are almost all in cultivation. By allowing the cultivation margin to all these the area that will remain for the block will be very small but the inconvenience both to the villagers as well as to the Department is rather great. Brahmmakone Venkatagiriappa says that he has applied for 25 acres of land for cultivation in survey No. 17 of Henagere. The Hotlesara people as well as Ulloor people.	The tank in survey No. 23 which irrigates survey Nos. 26 to 32 is excluded from the forest as prayed for by the villagers, for leaving cultivation margin to survey No. 32 and also for excluding the tank referred to above the line is changed as shown in the sketch.	The claim is for grazing outside their own village; I do not consider any relief called for. But the villagers persist in declaring that the gomal is unsuitable. As a special case the whole village of Ulloor with its hamlets will be given free grazing in the part of survey No. 81 taken up for Melahi block
				...		As only about 61 acres out of 350 acres 22 guntas of gomal are taken and as there are 671 acres of kharab in addition to 20 acres of soppinbetta no further concession to the villages is deemed necessary.	
			The khatedars of the lands in this village live in Sagar and depend on these lands for all their domestic and agricultural supplies and the portion proposed for the block should be excluded. They will have it as a village forest.	..			
			Rights of way to the cart-tracks leading to Puradasara and to the high road and on to Banadakoppa, should be admitted.	...		A cart-track 12 feet wide from Kelagina-Bilasagodu to the high road and on to Banadakoppa is allowed.	
2	**Naranappa, patel of Banadakoppa on behalf of the villagers.**	Do	States that the tank in survey No. 1 which irrigates lands of this village, Harokoppa and Nadmanchele should be excluded.		Complain that they are very much inconvenienced by the formation of this block and they are willing to have their gomal lands as village forest. Under these circumstances I beg to suggest it is better to exclude all these lands from the block by taking the line in the northern side of survey Nos. 11, 12, 13, 14 and 15 of Henagere western, northern and eastern sides of survey No. 2 of Puradasara and northern side of survey Nos. 1, 2, 3 and 4 of Hotelsara, leaving a margin of 5 chains alround. This saves all the complications and trouble. The tanks in Bilasagodu Banadakuppe near survey Nos. 31 and 5, respectively may be excluded. The rights of way may be allowed to Banadakuppe, Puradasara and Bilasagodu villagers Puradasara and Banadakuppe people may be allowed free grazing and to bring the agricultural and domestic requirements from survey Nos. 3 and 6 of other villages, respectively, free very few men reside in these three villages, (*viz.*, Joginagadde Majre of Bilasagodu. Banadakuppe and Puradasara and are ignorant and not capable of understanding what is meant by the village forest in the first place where their statement regarding the formation of village forest is impracticable.	The tank to the south of survey No. 10 is excluded from the forest as prayed for by the villagers for the above purpose and also for giving cultivation margin to survey No. 10 the line is slightly changed	
			(2) The villagers are getting all their domestic and agricultural implements from the lands proposed for the block. Besides this the villagers of Harokoppa use these lands for grazing their cattle and also for removing soppu, fuel, etc., required for their use as they have only 51 acres 10 guntas of gomal in their village so the lands proposed may be excluded from the block and	..		(2) The patel Naranappa of Banadakoppa says that the people of Harokoppa are grazing their cattle in the gomal lands of Banadakoppa and taking leaves from these lands. Being the adjacent village they might have been doing so but this cannot be recognised as a right. Harokoppa villagers have got 51 acres 10 guntas of gomal, 11 acres 23 guntas of kharab for their cattle which are only 39 in number these will be allowed to graze in the proposed forest during the open season on payment of half the seigniorage rates. As the bulk of gomal and about 92 acres of kharab are taken from the village of Banadakoppa the cattle of the village will be allowed to graze in the forest free. The number of cattle for the time being will be certified by the taink authorities. The villagers of Banadakeppa will also be allowed to take on free permits issued by the Forest Department agricultural implements Bamboos for hedges and temporary sheds, dry leaves and fuel for domestic and agricultural purposes. In addition to these there are 111 acres of kharat and about 20 acres of gomal still left for the village which is enough to supply all other requirements of the village. The following rights of way are admitted	
			(3) The following rights of way in addition to those shown in the village map are required foot-paths :—	...			
			(i) from Ulloor to Banadakoppa.				
			(ii) From Balegundi to Banadakoppa.				
			(iii) From Harokoppa to Banadakoppa.				
			(iv) From Mancheley to Banadakoppa.				
			(v) From Hotlesara to Sampigesara.				
			(vi) From Kangodu to Sampigesara.				
			(vii) From Balegundi to Sampigesara.				
			(viii) From Harokoppa to Sampigesara.				
			(ix) Cart-track from Sagar to Banadakoppa.	...			
			(x) Cart-track from Ulloor to Sampigesara.				
			(xi) From Banadakoppa to Sampigesara.				
			(xii) From Harokoppa to Sampigesara.				

(*a*) A cart-track 12 feet wide from this village to the high road.

(*b*) A cart-track 12 feet wide from Nadamanchaley to the high road.

(*c*) A cart-track 12 feet wide from Harokoppa, to meet the cart track going to the high road from Banadakoppa.

The cattle are only 206. The village has more than 300 acres grazing in addition to assessed waste of 286 acres.

No. R. 12710-3—Ft. 129-18-4, dated 2nd April 1919.

B—Register of claims to lands, rights to forest produce or easements in the proposed Kalkoppa State Forest—*contd.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of Final appeal and settlement
1	2	3	4	5	6	7	8
						(*d*) A foot-path 6 feet wide from this village to Nadamanchaley and (*e*) another foot-path from Sampigesara to Hotelsara other rights of way are unnecessary.	
3	Ramiah *alias* Chennabasappagowda, patel of Puradasara, on behalf of the raiyats.	21-1-18	Represents that one Lingasetty has taken survey Nos. 1, 2 and 3 of this village and lives in survey No 3. He has about 50 cattle. This was a becharak village till Lingasetty occupied survey No. 3 and the neighbouring villagers were grazing their cattle in the lands that have been now proposed for the block and were getting soppu, fuel, etc., from these lands. Therefore the lands proposed may be let off for the use of the neighbouring villagers as well as Lingasetty and they will have it as a Village Forest. (2) There are cart-tracks coming from the High road Hotlesara Brahman-Chittratte. Balasagodu and Henagere and they are required.	.....	.....	This village was formerly becharak and one Lingasetty has since taken up lands survey Nos 1, 2 and 3 for cultivation and lives there only. Out of Survey No 5 (area 292 acres 8 guntas) about 257 acres have been taken for the forest This leaves 35 acres for the village. This coupled with 20 acres left as cultivation margin should be enough for all supplies needed by Lingasetty. Further Lingasetty's cattle will be allowed free grazing for the number of cattle to be certified to by the Taluk authorities year by year. (2) Cart-track 12 feet wide to the Sagar-Ananthapur High road is allowed no other roads are considered necessary.	
4	Veerappa, patel of Hotlesara on behalf of the raiyats.	Do	Requests for the exclusion of all the lands proposed from his village as the raiyats have to get soppu for gardens, fuel, for domestic and agricultural purposes and bamboos for hedges and temporary sheds, etc., from these numbers and they have no other Soppinabetta or pasture lands in their village. (2) The tank in survey No. 2 which irrigates survey Nos. 3 and 4 has been included in the Forest and this will inconvenience the raiyats a great deal. (3) The cart-tracks and foot-paths going to Ulloor, Chittratte, Banadakoppa, Henagere, Puradasara, etc., are required.	.....	.....	The Forest Department's proposal was to take portions of survey Nos. 1, 2 and 9 *i.e.*, 126 acres out of 492 acres the total area of these survey numbers. But now owing to the peculiar position of the cultivation lands in the midst of the forest, it is considered inadvisible both in the interests of the raiyats and the Forest Department to take such a large area. The survey Nos. 2 and 9 have been accordingly let off. Only about 141 acres out of 229 acres, 26 guntas of survey No. 1 are now taken. (2) The tank required by the villagers is situated in survey No. 2 and the latter is left for the villagers. (3) A foot-path 6 feet wide from the village to the Ananthapur-Sagar road and on to Banadakoppa is allowed. The other ways remain out side the block.	
5	Thippiah, patel of Mathekoppa on behalf of the raiyats.	22-1-18	Begs that the right of way to survey Nos. 70, 72 and 73 of Mathekoppa from Kalkoppa and another right of way from Henagere to Dombesara may be granted.	.....	.....	The northern portion of survey No. 32 of this village which was proposed to be taken is also let off as the block as now settled does not extend so far to the south.	
6	Venkatagiriappa, patel of Henagere.	Do	Says that the preliminary demarcation line has come too near the cultivation lands on both sides thereof and the villagers will be inconvenienced very much if survey No. 17 is taken away for the forest block as they have to get all their requirements *i.e.*, fuel, soppu, pegs, bamboos etc., from this land. (2) The water course from the tank situated near survey No. 16 passes through this num-	.....	.....	Out of the total area of 230 acres 21 guntas of survey No. 17 about 150 acres were proposed to be taken. Now it is decided to take about 33 acres only so this does not inconvenience the villagers in the least survey Nos. 11 to 14 and 16 being cultivation lands the usual margin has been left. The tank to the north of survey No. 16 and the water course are also excluded.	

No. R. 12710-3—Ft. 129-18-4, dated 2nd April 1919.

B. —Register of claims to lands, rights to forest produce or easements in the proposed Kalkoppa State Forest—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement

Retail Sale Rates.

No. R. 13624—Ft. 80-17-4, dated 25th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Correspondence ending with letter No. 48-4, dated 29th March 1919, from the Conservator of Forests in Mysore, in the matter of the enhancement of the retail sale rates of sandalwood and of empowering him to sanction retail sales in excess of 5 lb in special cases.

Order No. R. 13624 - Ft. 80-17-4, dated 25th April 1919.

The retail rates for the sale of sandalwood proposed by the Conservator as per list appended are sanctioned.

2. Special orders will be passed on the proposal to empower the Conservator to order sales in excess of 5 lb when the sandalwood is required for other than trade purposes

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Conservator of Forests in Mysore.

Strength and Prospects of the Controlling Staff.

No. R. 13270-1—Ft. 213-17-5, dated 16th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Para 17 of Government Order No. R. 8727-37—Ft. 54-16-15, dated 22nd February 1918, stating that the question of revising the strength and prospects of the controlling staff of the Forest Department will be taken up for consideration on receipt of definite proposals from the Conservator of Forests in Mysore.

2. Letter No. 10724, dated 29th May 1918, from the Conservator of Forests in Mysore, submitting detailed proposals in the matter at an annual additional cost of Rs. 37,160.

(Printed as an Accompaniment)

Order No. R. 13270-1—Ft. 213-17-5, dated 16th April 1919.

In the letter read above, the Conservator of Forests has explained the necessity for increasing the strength of the Controlling staff. His proposals involve the addition of six officers to the existing cadre as detailed below :—

I. General Staff.	
Officers for the existing division charges	10
Officers for working plans	2
Officers for important Range charges	4
II. Special Staff.	
(1) Chemist	1
(2) Sylviculturist	1
(3) Economist	1
(4) Engineer	1
III. Miscellaneous.	
Officer for the charge of Game Preserves	1
Officers as leave reserve	3
Total number of officers required ..	24
Deduct number under the existing scale	18
Number required	6

2. Government have carefully considered these proposals and are pleased to approve of the suggestions under I. General Staff, in their entirety. As regards the special staff, Government do not consider that there is any immediate necessity for the appointment of a Sylviculturist. The officers in charge of Divisions ought to be able to find out the Sylvicultural requirements of forests in their charge and to do the other duties now proposed by the Conservator to be assigned to the Sylviculturist. The question of appointing an expert officer will be considered after the Sylvicultural requirements of the various forests have been fully studied and determined. The appointment of the other three specialists proposed by the Conservator of Forests is sanctioned, but they will be given a special grade of pay, *viz.*, Rs. 400—50/2—700 and placed outside the general cadre.

3. As regards the proposals under III. Miscellaneous, Government do not consider that three reserve officers are necessary for a comparatively small service like that in Mysore. They will practically be additional officers for the department without any definite charge at most times. For the present one reserved officer of the grade of a Sub-Assistant Conservator seems sufficient and is sanctioned accordingly. The continuance of one officer in charge of Game Preserves is also sanctioned.

No. R. 13270-1—Ft. 213-17-5, dated 16th April 1919.

4. The normal strength of the Department as revised will stand at 21 as against 18 at present, and its allocation will be as follows:—

4 Deputy Conservators ..	10 for Division charges.
8 Assistant Conservators ..	1 Game Preserves Officer.
	1 Working Plan Officer.
6 Sub-Assistant Conservators ..	4 for Range charges.
3 Specialists on Rs. 400—50/2—700	1 for Working Plans.
	1 Reserve.

The above staff will be exclusive of the officers deputed for special duties who will be seconded in the regular line during their employment on special duty.

5. As regards the emoluments of these officers, Government do not agree with the Conservator that there is any immediate necessity to raise the scale of pay of Deputy and Assistant Conservators which does not compare unfavourably with that of officers of similar status in other Departments. The increment in the case of Deputy Conservators will, however, be made biennial instead of triennial. As men who have passed out of the provincial service course at Dehra Dun are mostly appointed to the grade of Sub-Assistant Conservators and as the pay of the First Grade Rangers has lately been fixed at Rs. 150, Government are pleased to raise the pay of Sub-Assistant Conservators from Rs. 100—25—200 to Rs. 150—25—200.

6. With reference to the recommendation of the Conservator of Forests to extend the benefit of Article 328 of Mysore Service Regulations to Forest Officers, it has to be observed that the concession is personal to certain officers specified by name in Appendix A to Mysore Service Regulations, who had entered service under the old rule which no longer exists now, and the article is accordingly inapplicable to the case in point.

7. The revision will be brought into force from the 1st July 1919. The existing and the revised scales are shown in the accompanying Statement A. The average increse in cost will be Rs. 21,600 per annum.

8. The Conservator is requested to submit detailed proposals separately for the re-distribution of the existing staff among the new charges for the filling up of the special appointments sanctioned in this order.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Conservator of Forests in Mysore.
The Comptroller to Government, through Financial Secretariat.

No. R. 13270-1—Ft. 213-17-5, dated 16th April 1919

ACCOMPANIMENT.

No. 10724, dated 29th May 1918, from M. G. Rama Rao, Esq., B. A., Conservator of Forests in Mysore, to B. Ramaswamaiya, Esq., B. A., B. L., Secretary to the Government of H. H. the Maharaja of Mysore, Revenue Department, through the Comptroller in Mysore.

Adverting to para 17 of G. O. No. R. 8727-37—Ft. 54-16-15, dated the 22nd February 1918, stating that the question of revising the strength and prospects of the controlling staff of the Forest Department would be taken up for consideration when definite recommendations are framed and submitted to Government, I have the honour to submit the following proposals on the subject for favourable consideration and early orders.

2. *Previous revision not improved the strength of Controlling Staff.*—While improving partially the pay and prospects of the Controlling Staff, the Revision brought about by Government Order No. R. 2672-81—Ft. 96-10-5, dated the 16th November 1912, contributed nothing towards increasing its strength numerically. The cadre was fixed in 1894 at 17 officers, and in 1912 at 18, including one officer for the charge of Game Preserves, an appointment which was created only in recent years, for a special purpose, unconnected with Forest Works proper. Leaving this special appointment out of account, the strength of the staff even after the Revision of 1912 and till to-day, remains the same as it was in 1894, or nearly a quarter of a century ago, although during this long interval, conditions have changed quite beyond recognition.

3. *Necessity for Revision.*—The revenue has steadily increased to 45 lakhs per annum as also the expenditure *pro rata* which stands now at 10 lakhs against 14 lakhs and 4½ lakhs respectively in 1894-95, when the staff was fixed. The area of State Forests has nearly trebled itself, not to say of the possibilities of further extension. During the past 25 years, much has been accomplished by the Department, but more especially, in the direction of development on scientific and economic lines, remains yet to be done. The Department has passed the stage of infancy and has completed the spade work essential and indispensable to pave the way for the introduction of improved and scientific forestry. The necessity for making due provision for the commercial development of the valuable forest property is also growing more acute every day. We have to introduce more intensive methods of cultivation and devote adequate time and attention towards special investigations into the employment of Forest products for trade purposes. After weighing the opinions of many eminent Forest Officers, the Commissioners that sat on the Royal Commission on the Public Services in India, have recorded their decision that "development along these lines will only be possible, if prompt measures are taken to anticipate requirements for expert staff and equipment" and have also expressed a desire emphasising "the importance of allowing for a considerable expansion of the present establishment of the Department." In Mysore, the stimulus given in recent years for the development of the departmental operations, Sylvicultural and Commercial has created a need for adequate staffs Controlling, Executive, Protective and Ministerial. Recognizing the necessity for Revision, the Government have been pleased recently to sanction the re-organization of all the staffs, excepting the Controlling Staff, for which, definite proposals were called for by Government.

3. *Distribution of the existing staff.*—(*a*) The existing Controlling Staff is allocated as follows:—

Deputy Conservators in charge of Districts ..	.. 3
Do do of Game Preserves	.. 1
Total	.. 4
Assistant Conservators in charge of Districts ..	.. 6
Do on Working Plan Duty	.. 1
Total	.. 7
Sub-Assistant Conservator in charge of District	.. 1
Sub-Assistants in charge of Ranges ..	.. 6
Total	.. 7
Grand Total	.. 18

NO. R. 13270-1—FT. 213-17-5, DATED 16TH APRIL 1919.

In addition to the above officers who are borne on the permanent establishment, there are, at present, seven officers on special duties, as follows:—

Supernumerary Deputy Conservator (Mr. G. Krishnamurti Naidu)	1
Assistant Conservator (Mr. H. S. Narain Rao) in charge of Forest School	1
Assistant Conservator in charge of Forest Surveys	1
Sub-Assistant Conservator on Working Plan Duty	1
Do Conservators on Sandal Enumeration	2
Do Conservator on Bamboo Working Plan	1

4. *Requirements.*—Our requirements may be broadly classed under two heads, one dealing with the staff required for the protection, conservancy and management of forests, and the other Special Staff required to investigate and develop the resources of the Forests and of introducing scientific methods of improvements.

(*a*) *General Staff.*—The following are the requirements under this head:—

Officers for the existing Division charges	10
Do Working Plans	2
Do important Range charges	4
Total	16

(*b*) *Special Staff.*—We require a staff of the following Specialists:—

(1) Chemist	1
(2) Sylviculturist	1
(3) Economist	1
(4) Engineer	1
Total	4

(*c*) *Miscellaneous.*—

Officer for the charge of Game Preserves	1
Officers as leave reserves	3
Total	4
	24

There are, at present, ten Forest Divisions against eight at the time of the last Revision. The question of bifurcating the major district of Kadur cannot be put off longer. The district is much too unwieldy, containing as it does, twelve Range charges, two Koties and one major Depot to be managed efficeintly by one Divisional Officer. The development of the Iron Industry which is imminent, will add much to the normal work of the district, the bulk and importance of which alone, would justify the bifurcation. Administrative sanction will be sought in this connection, and separate proposals submitted for the establishment required.

The Department has got much to do in the way of providing all the Forests will well thought out Working Plans. Compared with the progress made in British India in this direction, we are far behind. At present, two officers are employed on this work, one drawn from and the other outside the sanctioned cadre of Officers of the Department. It is under consideration to temporarily increase this number by one or two officers with a view to clear the arrears. The Working Plans are subject to periodic Revision, the period of course, varying according to the requirement of each forest. The preparation of plans for all the existing State Forests and for those to be added on to the list in future and of revising the time-expired plans, would give full occupation to two officers now proposed to be placed on the permanent establishment as against the one officer borne on the permanent cadre at present.

As regards the number of officers proposed for range charges, it is to be stated that as recommended by me, the number of range charges for gazetted officers has been curtailed from 5 to 4 in the scheme sanctioned by Government in February last. The provision now made therefore represents our minimum requirement.

The duties of the Chemist will be of a research character, mainly confined to the determination of the Economic and Commercial value of raw materials in co-operation with the Economist. The services of a Sylviculturist are necessary in order to find out the sylvicultural requirement of the important species found in the forests of the State and to determine the best methods for their artificial and natural reproduction, besides conducting experiments for the introduction of exotics commercially and economically useful. For

the development of industrial and commercial aspects of forestry for which there is ample scope, the services of an economist are indispensable. The appointment of a Forest Engineer is long overdue. The secret of successful and profitable exploitation of forests depends essentially upon the facilities created for transport, and to a good extent, upon the housing of the staff in close proximity to the scenes of operations. The Department is spending a large sum annually over roads, bridges and buildings, and has a programme drawn up in advance for five years, in the case of buildings, and for three years for roads. In order to tap the resources of the forests inaccessible to carts, communications have got to be opened or improved as the case may be. The maintenance of existing roads and buildings over which a very large sum has been spent and the construction of new roads and buildings require badly the expert supervision of a professional Engineer. What is spent on his salary will be paid many times over by the better value of the work turned out and by turning to account the materials that are at present going to waste in the absence of transport facilities. In British India, leave, training, etc., reserves are allowed at the rate of 14 per cent in the case of Provincial Service, and 25 per cent for the Imperial Service. Even at the lower of the two rates, the number of reservists required will be 4, but provision has been made only for 3 which represents 10 per cent. The principle of providing reservists has, on Mr Datta's recommendation, been adopted by Government and due provision made recently, while revising the other branches of the Forest Service. The necessity for a Forest Officer to get the full benefit of the leave rules in order to take rest and enjoy a change now and then to better climates is greater than in any other Department. His sphere of work lies mostly in unhealthy tracts, his life being exposed to many a risk. When the officer has earned the leave and requires it in the interest of his health or of his family, his request has, more often than not, to be unsympathetically met with, because there are no spare officers to relieve him and look after his work. Such conditions of service cannot but react on its efficiency and it would be false economy indeed, not to provide for a few reserve officers. Further, this provision will not only bring the desired relief to the officers without dislocating works in progress, but will also secure for us readily trained officers for District charges whenever wanted. In the absence of these facilities, we have often been forced in the past to post men from range to District charges, a procedure highly prejudicial to the District Administration. In British India, it is only officers who have spent some years as attached officers of districts and have picked up work and experience in association with the Division officers, that are selected for Division charges. Further, the services of one of these officers may be required as a second Assistant to the Conservator of Forests in view of the large volume of work anticipated to develop with the entertainment of six special officers and the rapid growth of the Iron Industry.

5. *Pay and grading.*—The Controlling staff is at present graded under the following three classes:—

Deputy Conservators 500—$\frac{50}{3}$—700	.. 4
Assistant Conservators 250—$\frac{50}{3}$—450	.. 8
Sub-Assistant Conservators 100—$\frac{25}{1}$—200 ..	.. 6

It is proposed to retain these classes and to distribute the proposed number of officers as under:—

Deputy Conservators, 1st grade	.. 2
Deputy Conservators, 2nd grade	.. 4
Assistant „	.. 11
Sub-Assistant Conservators	.. 7

Of the 17 Deputy and Assistant Conservators, 10 will be put in charge of districts, and of the remaining 7, one will be a Sylviculturist, another a Chemist, the third an Economist, the fourth a Forest Engineer, and the fifth and sixth will be put in charge of working plans and game preserves and the seventh will be a reservist.

The Sub-Assistant Conservators will be distributed as follows:—

For the charge of important Forest Ranges ..	.. 4
A second Working Plan Officer	.. 1
Reservists	.. 2
Total	.. 7

As regards the emoluments of these officers, it may be stated at once that although here is no division of service into Provincial and Imperial as in British India, yet their resent pay and prospects do not compare favourably even with the Provincial scale which, s can be gathered from the evidence given before the Royal Commission, is considered to e inadequate, although an Extra Assistant Conservator rises up to Rs. 700 and the extra eputy Conservator to Rs. 850, Imperial officers whose status and duties do not differ

from those of our officers, have the prospect of a better start on Rs. 380 and finish up as Deputy Conservators on Rs. 1,250. Coming nearer home, the pay and prospects of Forest Officers are not quite as good as those of officers in the Public Works Department, although the nature of the Forest Officers' duties exposes them to greater risk of health and life, the work expected of them being quite as arduous or, if not, more than what falls to the lot of a D. P. W. Officer. There is thus a just grievance on the part of our Forest Officers, calling for early redress. These aspirations, legitimate as they are, cannot be satisfied fully with anything less than the prospects held out for the Provincial Officers in the British service, though by the extent and nature of the duties they perform, their claim for equal treatment with the Forest Officers of the *Imperial Service*, cannot, by any means be considered extravagant. By introducing the scale of the *Provincial* Service, the maximum pay and status of Forest Officers would only become equal to those of the officers of the local Public Works Department.

The adoption of the scale sanctioned for officers of the Provincial Service in British India in its entirety would involve an *additional* expenditure of Rs. 5,034 per month or Rs. 60,408 per year. The extra cost admits of an appreciable reduction of Rs. 22,788 per year, if the present class of Sub- Assistant Conservators are retained on their present pay and the number of appointments in each class is fixed. The scale would then be as follows:—

(a)	Sub-Assistant Conservators 100-25-200	..	7
(b)	Assistant Conservators 250-25-500	..	11
(c)	Deputy Conservators 750-50-850 1st grade	..	2
	Do 550-50-750 2nd grade	..	4

As regards *(a)*, there is no change in the existing scale. The Deputy Conservators have been placed under two grades, the first grade being meant for officers deserving special recognition who will be allowed to draw the pay fixed for the Deputy Conservators belonging to the Provincial Service in British India. In the case of Assistant Conservators, and the Deputy Conservators of the 2nd grade, the pay has been pitched very near the Provincial Scale to suit local requirements. The rates of increments have been so adopted as to cover a period of 24 years. It is seldom, if ever, promotions would flow uninterruptedly and in practice, the period in the majority of instances, will be nearly 30 years, and some may have no chance to reach the maximum at all before their retirement. The evidence recorded by the Royal Commission on the Public Service in India clearly indicates the necessity for fixing the period of incremental calculations at 23 years, the existing period being felt as operating harshly upon them. It has been urged that a Forest Officer should be placed in such a position that he should be able to get full pension on the maximum pay of the Deputy Conservator, if he should retire after rendering 25 years of service which requires a margin of three years being provided after attaining to the maximum pay of the grade. The nature of the duties of Forest Officers, necessitating as it does, long stay in unhealthy tracts, has a decidedly injurious effect on their health and longivity and it is but right that the conditions of their service should be specially considered and not compared with the standards set for other Departments. Under these peculiarly hard circumstances, I would strongly recommend that the benefit of Article 328, Mysore Service Regulations, may be extended to Forest Officers.

6. *Probationers.*—The rules relating to the recruitment of foreign trained men may, for general purposes, be allowed to stand as at present, the cases in which the rule is considered to operate harshly being dealt with on their merit.

7. *Financial aspects.*—The present cost of the Controlling Staff excluding the Conservator of Forests is Rs. 6,240 per month or Rs. 74,880 per year, giving an average of Rs. 347 per officer per month. The scheme as proposed by me which is, so to say, a compromise between the existing local and Provincial Service in British India, would cost Rs. 37,620 *extra* per annum with an average of Rs. 390 per officer or Rs. 43 extra. Considering the facts that the proposed Scheme Provides for 6 extra officers with some improvement in their pay and prospects, the average increase in cost per officer is inconsiderable. Even with the proposed increase, the average cost per officer will be less by Rs. 236 compared with the average cost in British India which stands at Rs. 626. The Special Officers proposed should be provided with Clerical and Menial Establishments each and separate proposals will be submitted in this behalf, after the present Scheme is sanctioned.

Statement of Proposition for Revision of Establishment of the Controlling Staff of the Forest Department.

No. R. 12992-5—Ft. 140-18-4, dated 9th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Notification No. R. 3782—Ft. 79-17-2, dated 10th October 1917, issued under Section 4 of the Forest Regulation in the matter of the proposed constitution of the Syadlekoppa Forest Blocks I and II in the Sorab Taluk.

2. Letter No. C/3075, dated 12th February 1919, form the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's letter No. 398, dated 19th December 1918, reporting on the conclusion of the settlement of the block.

3. Letter No. 10060, dated 12th March 1919, from the Conservator of Forests agreeing to the issue of the final notification in the matter as per settlement effected by the Forest Settlement Officer.

Order No. R. 12992-5—Ft. 140-18-4, dated 9th April 1919.

The settlement effected by the Forest Settlement Officer is approved. The Notification under Section 17 of the Forest Regulation constituting the blocks as State Forest with effect from the 1st May 1919 will be published in the Gazette.

2. The Deputy Commissioner, Shimoga District, is requested to duly promulgate the boundaries of the block in the villages concerned.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent of Revenue Survey and Settlement in Mysore.
The Deputy Commissioner, Shimoga District, with map and registers.

Exd.—C. R.

NOTIFICATION.

No. R. 12996—Ft. 140-18-5, dated 9th April 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900), that from 1st May 1919, the area, the boundaries of which are set forth in the Schedule annexed to this Notification, shall be deemed to be a "State Forest."

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Shimoga	Sorab	271 acres or 0·425 sq. miles	Syadlekoppa Block I	*North.*—Starting from the easternmost corner of Survey No. 45 of Syadlekoppa, the boundary line runs north-east for about 20 chains through Survey No. 51 to a point on the common boundary between Syadlekoppa and Indihalli about 3 chains south-west from the south-west corner of Survey No. 253 (tank) of Indihalli; then slightly south-east for about 35 chains through Survey No. 252 to the southernmost corner of Survey No. 260. *East.*—Then the line passes south-west for about 28 chains through Survey No. 252 of Indihalli to a point about 6 chains south-west from the south-west corner of Survey No. 251; then south-east for about 18 chains through Survey No. 252 to a point about 3 chains west from the south-west corner of Survey No. 226.

No. R. 12992-5—Ft. 140-18-4, dated 9th April 1919.

South.—Then the line follows the common boundary between Kani village of Shikarpur Taluk on one side and Indihalli and Syadlekoppa on the other to meet the demarcation line of Belandur State Forest; then it passes along the said demarcation line for about 15 chains to a point about 12 chains south-east from the south-west corner of Survey No 50 of Syadlekoppa.

West.—Then the line continues in a north-easterly direction for about 12 chains through Survey No. 51 of Syadlekoppa to the southernmost corner of Survey No. 50; then along its south and east sides to a point about 3 chains north-west from the south-east corner of the said survey number, then north-east for about 51 chains through Survey No. 51 to meet the starting point.

By Order,

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Compiler, *ysore Gazette.*

NOTIFICATION.

No. R. 12997—Ft. 140-18-6, dated 9th April 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that from 1st May 1919, the area, the boundaries of which are set forth in the Schedule annexed to this Notification shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Shimoga	Sorab	289 acres or 0·45 sq. miles	Syadlekoppa Block II	*North.*—Starting from a point on the common boundary between Hesari and Karekoppa villages about 16 chains south-west from the south-west corner of Survey No. 59 of Karekoppa, the boundary line runs south-east for about 52 chains through Survey No. 58 of Karekoppa to a point about 5 chains south-west from the south-west corner of Survey No. 54; then in the same direction for about 7 chains through Survey No. 58 to the southernmost corner of the tank situated between Survey Nos. 54 and 55; then again in the same direction for about 38 chains through Survey No. 58 of Karekoppa and 272 of Indihalli to a point about 9 chains south-west from the tri-junction bandhs of the said villages and Chittur. *East.*—Then the line passes south-west for about 16 chains through Survey No. 272 of Indihalli to a point about 5 chains north-west from the north-west corner of Survey No. 279; then in the same direction for about 32 chains through Survey No. 272 to a point on the north-side of Survey No. 257 about 4 chains west from the north-east corner of the said survey number. *South.*—Then the line follows the north-sides of Survey Nos. 257, 253 (Tank) of Indihalli, and 12 (Tank) of Syadlekoppa to a point about 8 chains south-east from the south-east corner of Survey No. 14. *West.*—Then the line continues north-west for about 14 chains through Survey No. 11 of Syadlekoppa to the easternmost corner of Survey No. 15; then north-east for about 18 chains through Survey No. 11 to a point on the common boundary between Syadlekoppa and Karekoppa about 8 chains north-east from the north-east corner of Survey No. 3 of the said former village; then north-west along the said common boundary to the tri-junction bandhs of the said villages and Hesari; then north-east along the common boundary between Hesari and Karekoppa to meet the starting point. *Remarks.* The following rights of way are admitted within the block. 1. Foot-path 6 feet wide leading from Karekoppa to Syadlekoppa for use by men and cattle only throughout the year. It enters the forest in the northern boundary of the block at a point about 5 chains south-east from the southernmost corner of Survey No. 59 of Karekoppa and runs south-west for about 18 chains through Survey No. 58 and

No. R. 12992-5—Ft. 140-18-4, dated 9th April 1919.

quits the forest in the western boundary of the block at a point about 3 chains north-east from the north-east corner of Survey No. 10 of Syadlekoppa.

2. Cart-track 12 feet in width from Syadlekoppa to Indihalli for use by men, cattle and carts throughout the year. It enters the forest in the western boundary of the block at a point about 5 chains east from the south-east corner of Survey No 14 of Syadlekoppa and runs north-east and south-east for about 26 chains through Survey No. 11 of Syadlekoppa and 272 of Indihalli and quits the forest in the southern-boundary of the block at a point about 5 chains east from the north-west corner of Survey No. 257 of Indihalli.

By Order,

RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette.*

Letter No. 398, dated 19th December 1918, from the Forest Settlement Officer in Mysore, Bangalore, to the Revenue Commissioner in Mysore, Bangalore (through the Deputy Commissioner, Shimoga District).

I have the honour to report on the conclusion of the Settlement of Syadlekoppa Blocks Nos. I and II in Sorab Taluk, Shimoga District.

2. The initial notification under Section 4 of the Forest Regulation proposing to constitute the area into a State Forest appeared on pages 910 to 912 of the English issue of the *Mysore Gazette*, Part I, dated 18th October 1917, and the proclamation under Section 5 of the said Regulation was issued on 8th November 1917, and the same published on pages 1223 to 1225 of the Kannada issue of the Gazette, Part II, dated 22nd November 1917. The spare copies of the proclamation were got served on the villagers concerned through the Amildar, Sorab.

3. The locality was inspected and the line perambulated by me in company with the District Forest Officer, villagers, and village officials concerned on the 28th May 1918.

4. The following 8 claims were preferred to me during the enquiry:—

(i) 3 claims to right of way.

(ii) 5 claims to miscellaneous rights.

All the claims in (i) were admitted. Out of 5 claims in (ii) 2 fully and 3 partly admitted.

5. An area of about 105 acres has been taken from the only gomal Survey No. 51 of Syadlekoppa. To compensate this loss I recommend that kharab Survey No. 56 having an area of 131 acres, 1 gunta may be converted into gomal for the benefit of the village cattle.

6. The Deputy Commissioner in his docket No. Mis. 326—Revenue 18-19, dated 12th September 1918, says that no appeals have been preferred to him against my decision.

7. The following records are herewith submitted:—

(i) B. Register.
(ii) C. Register.
(iii) Boundary Notification.
(iv) Sketch map.
(v) Topo tracing.

8. The date from which the reservation is to take effect may kindly be inserted in the draft boundary notification.

No. R. 12992-5—Ft. 140-18-4, dated 9th April 1919.

B.—Register of claims to lands, rights to forest produce or easements in the proposed Syadlekoppa State Forest.

Block No. I.

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
1	2	3	4	5	6	7	8
1	Kala, Patel-Gumasta of Syadlekoppa for the villagers.	25-5-18	Survey Nos. 52, 54 and 55 are all included in the old Belandur State Forest and lands on both sides of his village have been proposed for this block. The villagers will be very much inconvenienced by this proposal So Survey No. 56 should be let off for the use of the villagers.	...	Out of the total area of 562 acres, 25 guntas of kharab and 226 acres 7 guntas of gomal in the village about 266 acres, 7 guntas of kharab has been taken for the Belandur State Forest and 136 acres 10 guntas of kharab and the whole of the gomal have been proposed to be taken up for this block The remaining area of 260 acres 8 guntas of kharab if converted into gomal would be ample provision for the village cattle. The northern boundary of occupied kan meets the south-west corner of Survey No. 65 an assessed waste and this point divides Block No. I. into two parts. So the whole Survey Nos' 56 and 61 may be left out for the villagers.	The proposal of the Forest Department is to take Survey Nos. 51, 52, 54, 55, 56 and 64 of this village. Of these Survey Nos. 52, 54 and 55 are already taken for the Belandur State Forest. Owing to the situation of the private kan Survey No. 53 Survey Nos 56 and 61 get detached from the other portions of the proposed block and are consequently left for the villagers. Survey No. 51 the only Gomal of this village is proposed to be taken. This would act as a great hardship as the village has State Forests on three sides. I therefore give only about 105 acres of this number on the eastern side, to the forest and leave the rest to the villagers. In lieu of gomal taken Kharab Survey No. 56 (area 131 acres 1 gunta) will be recommended to be converted into gomal for the benefit of the villagers.	
			2. Says that Survey No. 53 is a kan in his Khate and should be excluded from the forest.		.....	This is excluded from the forest.	
2	Eerappagowda, Patel-Gumasta of Indihalli, on behalf of the villagers.	26-5-18	Prays for the exclusion of the area proposed to be taken for the forest from their village lands as the villagers require it for their cattle.	....	The area remaining for the village, *viz.*, about 77 acres of Kharab and 116 acres of Gomal is quite ample for 195 heads of cattle and other communal purposes. So no lands except a margin of 5 chains round the cultivation lands should be excluded.	Survey No. 252 is fully proposed to be taken. But there are cultivation lands both on the north and to the east of it. Only about 166 acres will be left for the forest after leaving cultivation margins. So the remaining portion is left out for the villagers B BASAVARADHVA, Forest Settlement Officer in Mysore 26-5-18	

BLOCK No. II

1	Kala, Patel of Syadlekoppa, for the raiyats.	26-5-18	States that the cart-tracks noted in the village map may be granted for the use of the villagers	.....	.....	About 80 acres are proposed to be taken for this block. Out of Survey No. 11 (area 111 acres 30 guntas). As the State Forests come on all sides of the village I think it is not convenient for the village to give more than 37 acres. So the line is accordingly changed. A cart-track 12 feet wide from Syadlekoppa to Indihalli passing through Survey No. 11 of the former village is allowed for use by men, cattle and carts throughout the year.	
2	Parasa, Patel-Gumasta of Karekoppa, on behalf of the villagers.	26-5-18	Represents that Survey No. 58 (a Gomal) which has been proposed for the block should be excluded as about 100 acres have already been taken from their village to Kavadi State Forest.	.....	There is an area of about 109 acres 17 guntas of Kharab and 32 acres 6 guntas of gomal available for the use of the villagers. The Kharab lands if converted into gomal this area with the existing gomal will be more than ample for 150 heads of cattle. There is no necessity to leave any further land except cultivation margin.	About the whole of Survey No 58 is proposed. This being the only gomal of the village the whole of it should not be taken. I decide to take about 152 acres in the south and leave the rest to the village. The village will then have 230 acres of gomal 63 acres of kharab and 152 acres of assessed waste which is enough to meet all the requirements of the village of a population of 75 and 150 heads of cattle.	
	.....		2. The cart-tracks from Hesari village to Karekoppa together with 4 foot-paths shown	.....	.....	A foot-path 6 feet wide from Syadlekoppa to Karekoppa passing through Survey Nos. 58, 59, 60 and 66 of the latter village is allowed for the use of men, and	

No. R. 12992-5—Ft. 140-18-4, dated 9th April 1919.

No. R. 13434-7—Ft. 228-17-6, dated 22nd April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Notification No. R. 3353, dated 5th November 1913, issued under Section 4 of the Forest Regulation in the matter of the proposed constitution of the Punjahalli Forest Block in the Hunsur Taluk into a State Forest.

2. Correspondence ending with Letter No. A. C. 232—Gl., dated 26th January 1919, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's letter No. 270, dated 1st April 1916, reporting on the conclusion of the settlement of the block.

3. Letter No. 69—H., dated 15th March 1919, from the Conservator of Forests, agreeing to the issue of the final notification in the matter.

Order No. R. 13434-7—Ft. 228-17-6, dated 22nd April 1919.

The settlement effected by the Forest Settlement Officer is approved. The Notification, under Section 17 of the Forest Regulation constituting the block a State Forest with effect from the 1st June 1919, will be published in the Gazette.

2. The Deputy Commissioner, Mysore District, is requested to duly promulgate the boundaries of the block in the villages concerned.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent of Revenue Survey and Settlement in Mysore.
The Deputy Commissioner, Mysore District, with map, registers and records.

Exd.—C.R.

NO. R. 13434-7—FT. 228-17-6, DATED 22ND APRIL 1919.

Letter No. 270, dated 1st April 1916, from the Sub-Division Officer, Mysore Sub-Division, to the Deputy Commissioner, Mysore District.

With reference to your Nos. 6600-18, dated 20th December 1914, and last reminder 2848, dated 2nd March 1916, I have the honour to state that the settlement for forest purposes of the Punjahalli kaval in the Hunsur Taluk, has been concluded.

2. The preliminary notification under Section 4 of the Forest Regulation declaring the proposed constitution of the Punjahalli kaval into a State Forest appeared on page 1118 of the English portion of the *Mysore Gazette*, Part I of B dated 2nd November 1913, and the proclamation under Section 5, issued by Mr. C. Venkata Rao, the then Forest Settlement Officer, was printed on pages 74—75 of the Kanarese issue of the Gazette, dated 29th January 1914. The appointment of that whole-time officer having ceased, the Assistant Commissioner, Mysore Sub-Division, was appointed as Forest Settlement Officer in Government Order No. 10550—Ft. 185-14-3, dated 20th May 1915.

3. The proclamatory notice issued by that officer was served on the villagers concerned through the Amildar of Hunsur Taluk.

4. In spite of notices served, nobody came forward with any representation or objection against the proposed reservation.

5. The Deputy Commissioner also states in his No. 7417, dated 23rd February 1916, that no appeal has been preferred to him against my decision.

6. The following records are accordingly submitted herewith:—

(1) B. Register,
(2) C. Register,
(3) The sketch map and
(4) The boundary notification.
Copy of my decision

Notification No. R. 13438—Ft. 228-17-7, dated 22nd April 1919.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that from the 1st June 1919 the area, the boundaries of which are set forth in the schedule appended to this Notification, shall be deemed to be a "State Forest" subject to the exercise of right specified at foot thereof:—

District	Taluk hobli, and village	Approximate area		Name of Block
		A.	G.	
Mysore ..	Hunsur Taluk, Hanagad hobli	971	28	Punjahalli Block

BOUNDARIES.

North-west and north.—Starting from the trijunction bandhs of Haralahalli, Kurubarahosahalli and Punjahalli Kaval on the right bank of Hanagad Nala, the line passes along the right bank of the said Nala up to the branching of the Nellur Nala at the boundary bandhs of Ummathur, Punjahalli Kaval and Nellur Nala.

East.—Thence south along the road from Hunsur to Heggaddevankote till the branching of Murkal Forest road, thence along the Murkal road (*viz.*, the northern boundary of Ummathur village) up to the north-west corner bandh of survey No. 2 of Kurubarahosahalli.

South.—Then the line passes straight along the northern boundary of survey Nos. 3 and 4 of Kurubarahosahalli up to the north-western corner of survey No. 4.

West.—Thence the line turns north-west along the eastern boundary of survey No. 5 of Kurubarahosahalli up to the north-eastern boundary of the said survey No. 5 to the starting point.

The following right is admitted in the block. The cattle of the Amrut Mahal Department are permitted to graze free in the block throughout the year.

By Order,

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette.*

NOTIFICATION.

No. R. 13493—Ft. 155-18-5, dated 23rd April 1919.

Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that, from 1st June 1919, the area, the boundries of which are set forth in the schedule annexed to this Notification, shall be deemed to be a State Forest, subject to the exercise of rights specified at foot thereof :—

SCHEDULE.

District	Taluk, hobli and village	Approximate area	Name of block	Situation and boundaries
Bangalore.	Channapatna Taluk, Sulleri, Ankusanhalli, and Kukkur villages, Mysore District, Mandya Taluk, Honnalagere village.	1·89 square miles.	Kombinakal Block.	*North.*—Starting from a point on the Kayamgutta Byaderhalli-Kukkur boundary about 1 furlong and 7 chains to the south of the trijunction bandhs of Kukkur, Byderhalli and Madanayakanhalli villages the line runs south-east through Survey No. 53 of Kukkur for a distance of 1 mile, 1 furlong and 13chains till it meets the Ankusanhalli-Kukkur boundary at a distance of 1 furlong and 2½ chains to the west from the north-east corner of survey No. 19 of Ankusanhalli.

East.—Then south-east through Survey No. 20 of Ankusanhalli for a distance of 4 furlongs and 5½ chains and reaches a point on the north side of Survey No. 40 of the same

No. R. 13489-92—Ft. 155-18-4, dated 23rd April 1919.

village at a point 5 chains to the west from the south-west corner of Survey No. 21 of the same village; then south and slightly south-west for a distance of 5 furlongs through Survey No. 49 till it reaches a point on the Sulleri Ankusanhalli boundary about 4 furlongs to the west from the south-west corner of Survey No. 50 of Ankusanhalli, then west and south-west for a distance of 2½ furlongs along the Ankusanhalli-Sulleri boundary to a point about 2 chains to the north from the north-west corner of Survey No. 485, then south and south-east through Survey No. 483 of Sulleri for a distance of 11 chains to the south-west corner of Survey No. 484 touching the north-west corner of Survey No. 485 on the way; then east along the south side of Survey No. 484 to its south-east corner; then south through Survey No. 483 for a distance of 1 furlong; then east to a distance of one furlong and then south for 1 furlongs.

South.—Then south-west through the same number for 5 furlongs and 5 chains till it reaches the Gurkehalli-Sulleri and Honnalagere boundaries at a point 1 furlong to the north from the north-west corner of Survey No. 482 of Sulleri; then west for a distance of about 3¼ furlongs along the Garkehalli-Honnolagere boundary till it reaches the trijunction bandhs of Jurkehalli-Honnalagere and Kayamgutta Venkatanarayanappana-Doddi villages.

West.—Then north-west and north along the Honnalagere Kayamgutta Venkatanarayanappana-Doddi boundary for a distance of 3½ furlongs till it reaches the south-east corner of survey No. 318 of Honnalagere; then north along its east side to its north-east corner; then north-east along the south side of Survey No. 316 to its south-east corner, then north along the east side of the same number to its north-east corner, then west along its north side to its north-west corner, then north through Survey No. 317 of Honnalagere for about 6 furlongs till it reaches the Ankusanhalli-Honnalagere boundary at a point about 2 furlongs to the south-east from the junction bandhs at Honnalgere. Ankusanhalli, Kukkur and Kayamgutta-Byadarahalli villages; then north, north-east and north through Survey No. 20 of Ankusanhalli for 2 furlongs till it reaches the Ankusanhalli-Kukkur boundary at a point about 1 furlong to the south-east from the south-east corner of Survey No. 50 of Kukkur, then north-west for about 4 furlongs through Survey No. 53 of Kukkur to a point on the Kukkur-Byadarahalli boundary at a distance of 1 furlong to the north from the north-west corner of Survey No. 52 of Kukkur, then north along the Kukkur-Bydarahalli boundary for about 1 furlong and reaches the starting point.

Remarks A.—The following rights are admitted within the block throughout the year:—

(1) Cart-track from Kukkur to Honnalagere, 15 feet wide, open for men, cattle and carts, throughout the year. It enters the forest in its northern boundary at a point about 17½ chains south from the south-east corner of Survey No. 33 of Kukkur, passes south-west through Survey No. 53 of Kukkur in a straight line and quits the forest in its western boundary at a point about 20 chains south-east from the south-east corner of Survey No. 50 of Kukkur. This cart-track from Kukkur to Honnalagere is shown in the village map. The cart-track is 91 chains long.

(II) Foot-path, 9 feet wide open for men and cattle to Putta Katte in Survey No. 483 of Sulleri. It enters the forest in its southern boundary at a point about 30 chains from the north-west corner of Survey No. 100 of Krishnapur and reaches the Katte.

Remarks B.—The following concession is admitted within the Block.

(I) The pond "Putta Katte" is treated as an enclosure with a margin of 25 feet all round it, access to it will be by means of foot-path No. 11 *supra.*

Letter No. 246, dated 23rd April 1918, from the Sub-Division Officer, Closepet Sub-Division, to the Deputy Commissioner, Bangalore District.

I have the honour to report on the conclusion of the settlement of the Kombinakal Forest Block in the Channapatna Taluk of the Bangalore District.

2. The preliminary notification under Section 4 of the Mysore Forest Regulation, proposing to constitute the area into a State Forest, appeared on pages 1118 and 1119 of the English issue of the *Mysore Gazette*, Part I, dated 13th November 1913, and the proclamation under Section 5, was issued by Mr. C. Venkata Rao, the then Forest Settlement Officer, in Mysore, and the same was published on pages 72 and 73 of the Kannada issue of the *Mysore Gazette*, Part II, dated 29th January 1914. The proclamatary notices were got published in the villages concerned through the Amildar of Channapatna Taluk, Bangalore District, and the Amildar of the Mandya Taluk, Mysore District, in February 1914 and again in January 1916.

3. The tract was inspected and perambulated on 24th June 1916, by my predecessor Mr. M. Sadasiva Rao, Sub-Division Officer, in company with the District Forest Officer,

NO. R. 13489-92—FT. 155-18-4, DATED 23RD APRIL 1919.

Bangalore District, the Amildar of Channapatna Taluk, the village Officials and the villagers concerned.

4. The undermentioned five claims were preferred during the enquiry :--

(i) Two claims to right of grazing.
(ii) One claim to right of water.
(iii) One claim to right of way.
(iv) One claim to miscellaneous rights.

The claims in (ii) and (iv) were admitted and those in (i) and (iii) were rejected.

5. No appeal seems to have been preferred to you against the decision.

6. The following records are herewith submitted :—

(1) 'B' Register.
(2) 'C' Register.
(3) Sketch Map.
(4) Boundary Notification.

7. The date from which the reservation is to take effect has been left blank in the draft boundary notification.

8. The entire file of correspondence relating to the conclusion of the block is also herewith submitted.

No. R. 13489-92—Ft. 155-18-4, dated 23rd April 1919.

B—Register of claims to lands, rights to forest produce or easements in the proposed Kombinakal State Forest, Channapanta Taluk, Bangalore District.

Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
2	3	4	5	6	7	8
Patel Lingegowda of Kuppur on behalf of villagers.	Oral representation 24-6-16	H[illegible]gudde, which is in Survey No. 53 should be excluded.	Patel's statement to that effect.	There is plenty of gomal available after the present reservation The claim need not be allowed	According to the accounts of 1915-16, there are in this village 145 goats, 256 sheep and 167 other cattle. For these after reservation there will be available 311 acres 27 guntas gomal besides kharab of more than 190 acres to this claim is rejected. M. SADASIVA RAO, Assistant Commissioner, Closepet and Forest Settlement Officer. Camp, Kuppur, 24th June 1916.	
Do	Do	Cart-track from Chatlur to Honnaligere in Survey No. 53 should be left.	Do	No contention	This cart-track is shown in the village map. So it will be available for the villagers all the year round for men, cattle and carts breadth 15 feet. M. SADASIVA RAO. Assistant Commissioner, and Forest Settlement Officer. 24th June 1916.	
Patel Viragowda of Sulleri for certain darkhastdar of Krishnapur village.	Do	In Survey No. 483, Krishnarajpur raiyats have applied for cultivation.	Do	This representation need not be considered as there is a large area available outside for cultivation.	The darkhast have not yet been granted. There is no right vested yet A Sulleri raiyats have no objection to the reservation, this representation needs no consideration. M. SADASIVA RAO. Assistant Commissioner and Forest Settlement Officer 24th June 1916.	
Patel Viragowda for Sulleri villagers.	Do	Puttakatte, in the reservation, should be made available for cattle drinking in it	Patel's statement to this effect.	No objection to its being treated as an enclosure and cattle allowed the use of water	Puttakatte may be treated as an enclosure with 25 feet margin all round and cattle may be allowed to drink in it, going from the south in a pathway 9 feet wide to the pond M. SADASIVA RAO. Assistant Commissioner and Forest Settlement Officer. 24th June 1916.	
5 Bettegowda of Honnaligere village, Mandya Taluk.	Do	The extent proposed to be reserved, should be excluded in gomal as unfavourably situated and the village is a large one	ettegowda's statement to that effect.	The portion taken is rocky and affords not much of pasture. Moreover the area taken is very small considering the area of kharab and gomal left over. The demarcation line cannot be taken over a convenient gomal if this area is excluded.	There are in this village 508 cattle, 1,209 sheep and 331 goats. The gomal of the village is left intact and only a portion of the kharab area is to be included. For the reasons given by the District Forest Officer, the inclusion of this area cannot be given up, the claim is rejected M. SADASIVA RAO, Assistant Commissioner and Forest Settlement Officer Camp, Kuppur, 24th June 1916.

Forest Settlement.

No. R. 13494-7—Ft. 153-18-4, dated 23rd April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Notification No. R. 2615—Ft. 71-17-2, dated 7th September 1917, issued under Section 4 of the Forest Regulation in the matter of the proposed constitution of the Yelavadahalli Forest Block in the Honnali and Channagiri Taluks.

2. Letter No. C. 2367—Gl., dated 21st—24th February 1919, from the Revenue Commissioner in Mysore, forwarding the Forest Settlement Officer's letter* No. 351, dated 20—28th November 1918, reporting on the conclusion of the settlement of the block.

3. Letter No. 67—H., dated 27—29th March 1919, from the Conservator of Forests, agreeing to the issue of the final notification in the matter.

*Printed with the B. and C. Registers as accompaniments.

Order No. R. 13494-7—Ft. 153-18-4, dated 23rd April 1919.

The settlement effected by the Forest Settlement Officer is approved. The Notification under Section 17 of the Forest Regulation constituting the block a State Forest with effect from 1st July 1919 will be published in the Gazette.

2. The Deputy Commissioner, Shimoga District, is requested to duly promulgate the boundaries of the block in the villages concerned.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Revenue Commissioner in Mysore.
The Conservator of Forests in Mysore.
The Superintendent of Revenue Survey and Settlement in Mysore.
The Deputy Commissioner, Shimoga District, with map and registers.

Exd—C. R.

No. R. 13498—Ft. 153-18-5, dated 23rd April 1919.

NOTIFICATION.

The Government of His Highness the Maharaja of Mysore are pleased to declare, under the provisions of Section 17 of the Mysore Forest Regulation (XI of 1900) that from 1st July 1919 the area, the boundaries of which are set forth in the schedule annexed to this notification, shall be deemed to be a "State Forest" subject to the exercise of rights specified at foot thereof:—

SCHEDULE.

District	Taluk	Approximate area	Name of block	Boundaries
Shimoga	Honnali and Channagiri.	2,513 acres or 3·92 square miles.	Yelavadahalli	*North.*—Starting from a point about 5 chains slightly north-east from the south-east corner of survey No. 64 of Singatagere, the line runs north-east for about 61 chains through survey No. 49 to a point about 5 chains south-west from the southernmost corner of survey No. 50; then south for about 5 chains through survey No. 49 to a point about 7 chains south-west from the southernmost corner of survey No. 50; then east for about 8 chains through survey No. 49 to a point about 6 chains south-east from the southernmost corner of survey No. 50; then north-east for

No. R. 13494-7—FT. 153-18-4, DATED 23RD APRIL 1919.

about 16 chains to a point about 5 chains east from the easternmost corner of survey No. 50; then north for about 15 chains to a point about 5 chains east from the north-east corner of survey No. 50; then north-west for about 7 chains to a point about 6 chains north-east from the north-east corner of survey No. 50; then south-west for about 5 chains to a point about 5 chains north-west from the north-east corner of survey No. 50; then north-west for about 32 chains to a point about 5 chains south-east from the south-east corner of survey No. 46; then north-east for about 36 chains to a point on the common boundary between Singatagere and Bevinahalli about 3 chains south-west from the south-east corner of survey No. 48 (tank) of the former village; then south-east for about 5 chains through survey No. 72 of Bevinahalli to a point about 5 chains slightly north-west from the north-west corner of survey No. 74; then again south-east for about 25 chains to a point about 6 chains north-west from the north-west corner of survey No. 68; then south-east for about 30 chains to a point about 11 chains north-west from the southernmost corner of survey No. 67; then south-east for about 10 chains to a point on the common boundary between Bevinahalli and Neralagundi about 5 chains almost west from the south-west corner of survey No. 63 of the abovenamed former village; then along the said common boundary for about 20 chains to the tri-junction bandhs of the said villages and Singatagere.

East.—Then the line passes in a south-easterly direction for about 47 chains through survey No. 45 of Neralagundi to a point about 5 chains north-west from the north-west corner of survey No. 54; then south-west for about 41 chains to a point about 5 chains slightly south-west from the westernmost corner of survey No. 46; then south-east for about 21 chains to a point about 8 chains south from the southernmost corner of the said survey number; then north-east for about 22 chains to a point about 4 chains south-west from the southernmost corner of survey No. 49; then south-east for about 20 chains to a point on the common boundary between Neralagundi and Hurlihalli about 15 chains south-west from the north-west corner of survey No. 29 of the said latter village; then again south-east for about 39 chains through survey No. 16 of Hurlihalli to a point about 5 chains north-west from the north-east corner of survey No. 15; then slightly south-west for about 14 chains to a point about 8 chains north-west from the north-west corner of survey No. 15; then south-east for about 11 chains to a point on the common boundary between Hurlihalli and Yelavadahalli about 5 chains south-west from the south-west corner of survey No. 15 of the said former village; then south-east for about 15 chains through survey No. 43 of Yelavadahalli to a point about 7 chains south-east from the southernmost corner of survey No. 36; then north-east for about 13 chains to a point about 5 chains south-west from the south-east corner of survey No. 35; then south-east for about 116 chains to a point on the common boundary between Yelavadahalli and Daginakatte about 11 chains south-west from the north-west corner of survey No. 117 of Daginakatte; then south-west for about 34 chains through survey No. 114 of Daginakatte to a point about 8 chains south-west from the north-west corner of survey No. 115; then south for about 17 chains to a point about 12 chains south-west from the southernmost corner of survey No. 115.

South.—Then the line goes south-west for about 49 chains to a point about 6 chains north-west from the northernmost corner of survey No. 119 of Daginakatte; then south-west for about 10 chains through survey Nos. 114 and 110 to a point on the common boundary between Kenchagaranahalli and Daginakatte about 5 chains north-west from the north-west corner of survey No. 119; then north-west for about 54 chains along the said common boundary to the tri-junction bandhs of the said villages and Benakanhalli.

West.—Then the line continues north along the common boundary between Benakanahalli and Daginakatte to the south-west corner of survey No. 111 of Daginakatte; then along its south and east sides to its north-east corner; then south-east for about 20 chains through survey No. 110 to a point 5 chains north-west from the north-west corner of survey No. 112; then south-east for about 35 chains to a point about 9 chains south-west from the south-east corner of survey No. 113; then east for about 21 chains to a point about 13 chains south-east from the south-east corner of survey No. 113; then north for about 37 chains to a point on the common boundary between Daginakatte and Yelavadahalli about 9 chains north-east from the north-east corner of survey No. 112 of Daginakatte; then north-west for about 27 chains through survey No. 39 of Yelavadahalli to a point about 7 chains south-east from the south-east corner of survey No. 65; then slightly north-west for about 72 chains through survey Nos. 39 of Yelavadahalli and 16 of Hurlihalli to a point about 10 chains north-east from the north-east corner of survey No. 61 of the former village; then south-west for about 40 chains through survey No. 16 of Hurlihalli to a point on the common boundary between Hurlihalli and Basavapur about 5 chains north-east from the north-east corner of survey No. 15 of the latter village; then north-west for about 22 chains through survey No. 14 of Basavapur to a point about 6 chains north-west from the north-west corner of survey No. 15; then north-west for about

No. R. 13494-7—Ft. 153-18-4, dated 23rd April 1919.

51 chains through survey No. 14 to a point on the common boundary between Kammarghatta and Basavapur about 24 chains north-east from the south-east corner of survey No. 87 of the former village; then north-east for about 38 chains through survey No. 86 of Kammarghatta to a point on the common boundary between Ghantapur and Kammarghatta about 24 chains south-east from the north-east corner of survey No. 78 of the latter village; then south-east along the abovenamed common boundary for about 15 chains to a point about 9 chains south-east from the north-east corner of survey No. 78 of Kammarghatta; then north-west for about 68 chains through survey Nos. 23 of Ghantapur and 49 of Singatagere to meet the starting point.

Remarks.

The following rights of way are admitted within the State Forest for use by men and cattle in case of foot-paths which are 6 feet in width and by men, cattle and carts in case of cart-tracks which are 12 feet in width, throughout the year.

I. *Cart-track leading from Singatagere to Bevinahalli.*—It enters the forest in the northern boundary of the block at a point about 9 chains north-east from the south-east corner of survey No. 52 of Singatagere and runs south-east for about 46 chains through survey Nos. 49 of Singatagere and 72 of Bevinahalli and quits the forest at a point about 9 chains north-west from the south-west corner of survey No. 68 of Bevinahalli.

II. *Foot-path leading from Singatagere to Bevinahalli.*—It enters the forest in the northern boundary of the block at a point about 5 chains south-east from the south-east corner of survey No. 47 of Singatagere and runs south-east for about 25 chains through survey Nos. 49 of Singatagere and 72 of Bevinahalli and quits the forest at a point about 7 chains south-west from the north-west corner of survey No. 74 of Bevinahalli.

III. *Cart-track leading from Basavapur to Neralagundi.*—It enters the forest in the western boundary of the block at a point about 11 chains south-east from the north-east corner of survey No. 11 of Basavapur and runs north-east, south-east and again north-east and north for about 66 chains through survey Nos. 14 of Basavapur and 45 of Neralagundi and leaves the forest at a point about 5 chains south-west from the westernmost corner of survey No. 46 of Neralagundi.

IV. *Cart-track leading from Yelavadahalli to Basavapur.*—It enters the forest in the eastern boundary of the block at a point about 5 chains south-west from the north-west corner of survey No. 36 of Yelavadahalli and runs south-west along the common boundary between Hurlihalli and Yelavadahalli for about 16 chains and quits the forest at a point about 9 chains north-east from the north-east corner of survey No. 61 of Yelavadahalli.

V. *Cart-track leading from Kammarghatta to Neralagundi.*—It enters the forest in the western boundary of the block at a point about 14 chains north-east from the north-east corner of survey No. 11 of Basavapur and runs south-east for about 15 chains through survey No. 14 and joins the cart-track No. III *supra* at a point about 25 chains north-east from the north-east corner of survey No. 11.

Concessions.

The owners of the thatched houses of Yelavadahalli and the cultivators of the lands of Hurlihalli are allowed to take from this State Forest on free permits issued by the Forest Department (1) "Badehullu" at one cart-load per year for every ankanam of 3×yards 5½ yards. (2) Agricultural implements. (3) Dry fuel for Yelavadahalli raiyats only.

By Order,

B. RAMASWAMAIYA,

Secy. to Govt., Rev. Dept.

To—The Compiler, *Mysore Gazette.*

Exd.—C. R.

Letter No. 351, dated 20—28th November 1918, from the Forest Settlement Officer in Mysore, Bangalore, to the Revenue Commissioner in Mysore, Bangalore (through the Deputy Commissioner, Shimoga District).

I have the honour to report on the conclusion of the settlement of Yelavadahalli block in Honnali and Channagiri Taluks, Shimoga District.

No. R. 13494-7—Ft. 153-18-4, dated 23rd April 1919.

2. The initial notification under Section 4 of the Forest Regulation proposing to constitute the area into a State Forest appeared on pages 842-3 of the English issue of the *Mysore Gazette*, Part I, dated 13th September 1917 and the proclamation under Section 5 of the said Regulation was issued on 1st October 1917 and the same published on pages 1130-1131 of the Kannada issue of the Gazette, Part II, dated 11th October 1917. The spare copies of the notification were got served on the villagers concerned through the Amildars of Honnali and Channagiri Taluks.

3. I inspected the locality and perambulated the line in company with the Range Officer, villagers, and village officials concerned, on the 10th, 11th and 13th February 1918. The Amildar, Honnali Taluk, was present during the inspection of the lands of his taluk.

4. The following 22 claims were preferred to me during my enquiry:—

(i) Nine claims to right of way.
(ii) Thirteen claims to miscellaneous rights.

I have allowed all the claims in (i) and out of 13 claims in (ii) 8 fully and 2 partly are admitted and the rest rejected.

5. The area of gomal that remains in Ghantapur after the formation of this State Forest will be insufficient pasture for the cattle in the village. I recommend that survey No. 51, a kharab land of 118 acres and 10 guntas, out of the total area of 249 acres of kharab in the village, may be converted into gomal for the benefit of the cattle.

6. The Deputy Commissioner in his docket No. Mis. C. 1324—Rev. 17-18, dated 2—4th July 1918, says that no appeals have been preferred to him against my decision.

7. The following records are herewith submitted:—

(i) "B" Register.
(ii) "C" Register.
(iii) Boundary notification.
(iv) Sketch map.
(v) Topo tracing.

8. The date from which the reservation is to take effect may kindly be inserted in the draft boundary notification.

No. R. 13494-7—Ft. 153-18-4, dated 23rd April 1919.

B—Register of claims to lands, rights to forest produce or easements in the proposed Yelavadahalli State Forest.

No.	Names of claimants	Date of presentation of claim	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
1	2	3	4	5	6	7	8
1	Lingappa, patel-gumasta of Kammargatta, on behalf of the villagers.	10-2-18	The portion of survey No. 86 to the west of Oobinamatti ಉಬ್ಬಿನಮತ್ತಿ may be left for the village and the rest taken for the forest.		A few acres more may be granted for grazing purposes. No more concession is necessary.	About 103 acres more out of survey No. 86 is left for the village by shifting the demarcation line more to the east.	
2	Lingappa, patel of Basavapur, on behalf of the villagers.	Do ...	That portion of survey No. 14 to the west of a line drawn from the north-west corner of survey No. 15 parallel to the cultivation survey Nos. 10 and 13 be left for the villagers. (2) Two cart-tracks noted in the village map should be granted. (3) Survey No. 15 a cultivation should be excluded.		The villagers have tried to deceive Government, by telling waste lands close to the forest and saying they are cultivation lands.	That portion of survey No 14 to the east of the cultivation is left for the village by making the line run from a point 6 chains north-west from the north-west corner of survey No. 15 straight to a point on the northern boundary of survey No. 14 about 24 chains north-east from the north-east corner of survey No. 4. (a) A cart-track 12 feet wide from Kammargatta to Nerlagundi passing through survey No. 14 is allowed. (b) Another cart-track also 12 feet wide branching from the cart-track (a) in survey No. 14 and going to Honnali is also recognized. Survey No. 15 is excluded from the forest with the usual margin on the forest side.	
3	Veerappa, patel of Daginakatte, for the villagers.	Do ...	The right of way to survey Nos. 112 and 113 is required. (2) The lands now proposed for the block should be left for the village otherwise the cattle will be very much inconvenienced.		The gomal area left for the village will come to about 470 acres *i.e.*, nearly double the area required for the village cattle. No further land need be granted for their use	(i) A cart-track 12 feet wide as marked in the sketch will be allowed to go to survey Nos. 112 and 113. These two lands are now excluded from the block. Out of gomal survey No. 114 (area 369 acres and 1 guntal) about 300 acres are now proposed for the forest, leaving only 69 acres for the village. To give cultivation margin for survey Nos. 109 and 115, the line is shifted and that will release about 50 acres of gomal for the village. These together with survey No. 105 (area 374 acres and 10 guntas) will be 493 acres of gomal available for the cattle. There are 336 acres of kharab also in the village made up as follows— A. G. Survey No. . 14 = 174 32 Do ... 79 = 89 36 Do ... 95 = 20 1 Left out of survey number .. 110 = 52 0 Total ... 336 29 The cattle in the village are 864 including 107 goats. These will have sufficient pasture in the gomal and kharab noted above.	
4	Mallappa, patel of Yelavadahalli, for the villagers.	Do ...	(1) Survey Nos. 58 to 65 being cultivation should be excluded from the forest. (2) Survey Nos. 66, 67 and 68 should not be taken for the forest as they have been applied for cultivation.		The lands under cultivation in middle of the block should be acquired they are full of teak plants and the raiyats will destroy them.	(1) and (2) survey No. 58 to 65 have been granted for cultivation and survey Nos. 66 to 68 have been darkhasted for cultivation. There being no other lands available for expansion of cultivation it is but reasonable that all the lands should be made available for cultivation. So survey Nos. 58 to 68 are excluded from the forest with the statutory margin of 5 chains.	
...		.....	(3) Survey Nos. 39 and 40 should be left for the village as they are the only source of all the supplies to the village, *viz.*, fuel, badehoolloo grass for cattle and agricultural implements.	.....	.....	I have allowed only about 147 acres out of 315 acres of survey No. 39 to be taken for the forest leaving the rest for the village. In survey No. 40. I have let off another 113 acres out of 400 acres proposed on the whole about 129 acres of gomal (survey No. 7) and 384 acres of kharab are now available for the communal purposes This is enough of provision for the village cattle.	
		.....	4. Cart-track to Kammargatta and Basavapur is required.	.....	.....	The cart-track 12 feet wide from this village to Basavapur along the common boundary between Hurlihalli and Yelavadahalli is allowed.	
		.....	5. Access to survey Nos. 58 to 68.	.....	.....	Access to the lands 58 to 68 need not be granted as these lands are all excluded from the forest.	

No. R. 13494-7—Ft. 153-18-4, dated 23rd April 1919.

B —Register of claims to lands, rights to forest produce or easements in the proposed Yelavadahalli State Forest—*contd*

No	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
1	2	3	4	5	6	7	
			6 A foot path to Kurudappa's Matt in Hurlihalli is required			A foot path 6 feet wide to Kurudappa's Matt in Hurlihalli is excluded Survey No 36 a cultivation is excluded from the forest with the usual cultivation margin of 5 chains The owners of thatched houses should each be granted "Badehoolloo" ಬದಿಕಹುಲ್ಲು from the forest *free* on free permits issued by the Forest Department at one cart load per year per ankanam of (3 yards ×5½ yards) of the thatched house Dry fuel and agricultural implements should be allowed to be taken by the villagers free from the forest on free permits of the Forest Department	
5	Benakappa, patel of Hurlihalli on behalf of the villagers	12-2-18	Survey No 16 should be left for the village as fuel, charcoal badehoolloo grass for cattle and agricultural implements are all taken from the land		The forest is devoid of any wood fit for charcoal preparation and agricultural implements It is full of teak and the block should be fully reserved	No portion of the gomal of the village is taken for the forest but only about 250 acres of kharab out of 311 acres of survey No 16 are proposed This land being full of teak plants I am not willing to exclude any portion unless it is absolutely necessary some land is released by allowing cultivation margin for survey Nos 14 and 15 of this village and 58 60 and 61 of Yelavadahalli It will be about 116 acres This together with 12 acres of gomal in the village must be sufficient for the cultivations of the occupied lands in this bechirak village Because they live all in Yelavadahalli and they do not *solel* depend on the pasture of Hurlihalli	
			2 Survey No 15 a cultivation should be excluded from the forest			2 Survey No 15 is excluded from the forest as prayed for by the villagers	
6	Channabasappa, patel-gumasta of the Ghantapur	10-2-18	The maidan portion of survey No 23 should be left for the use of the raiyats		Right of way may be granted for taking cattle to water Nothing more is necessary	The line is slightly changed to give a few more acres of land out of gomal survey Nos 24, 51 A kharab land of 118 acres will be recommended to be converted into gomal for the benefit of the cattle in lieu of survey No 23 taken for the forest	
			Cattle go to water to tank survey No 4 between survey Nos. 5 and 6			The way referred to lies outside the block	
7	Gurubasappa, resident of Nerlagurad but holding lands in Bevinahalli for the latter village The patel thereof having died and no one else having been appointed yet for the place Other villagers absent though duly noti[illegible]	12-2-18	(1) The whole of survey No 92 should be left		(1) More than 60 acres are available for cattle	Both the gomals of the village (survey Nos 13 and 20) are untouched Only about 130 acres of kharab out of 311 acres in the village are proposed Even a portion of it is released by allowing cultivation margin to survey Nos 74, 71, 68 67 and 63 This involves no inconvenience to the raiyats and their cattle	
			(2) Access to go to tank survey No 71 is required		(2) Right of way asked for may be granted	(2) The way to the tank now lies outside the block A cart track 12 feet wide and a foot path 6 feet wide both from Singatagere are allowed	
8	Chennabasappa, patel of Singatagere, for the villagers.	10-2-18	Cattle go to tank survey No 48 for water and a way is required (2) More pasture land is wanted for the cattle		In my opinion area already allotted is sufficient	This way lies along the southern boundary of the tank and it is now excluded by the margin allowed for survey No 47 Out of the gomal survey No 49, about 360 acres out of 471 acres are proposed leaving 111 acres to the village This with another gomal survey No 41 of 356 acres will be more than ample provision for the village cattle which are only 332, big cattle with 50 sheep and 10 goats cultivation margin for survey Nos 46 47 and 50 of this village and also for survey No 6 of Ghantapur is left A cart-track 12 feet wide and a foot path 6 feet wide from this village to Bevinhalli are allowed	

No. R. 13494-7—Ft. 153-18-4, dated 23rd April 1919.

B—Register of claims to lands, rights to forest produce or easements in the proposed Yelavadahalli State Forest—*concld.*

No.	Names of claimants	Date of presentation of claims	Nature and extent of claims preferred	Brief summary of the evidence adduced in support of claims	Brief summary of the Forest Officer's arguments and evidence produced by him	Brief abstract of decision and final disposal of the claims by the Forest Settlement Officer	Brief abstract of decision, if any, of Court of final appeal and settlement
1	2	3	4	5	6	7	8
9	Gurubasappa, Representative, chosen by the villagers of Nerlagundi owing to the illness of the patel.	10-2-18	(1) A way for cattle to go to Varavinahalla for water is required. (2) Whole of survey No. 45 or at least the eastern portion of Yereholadagudda (ಎರೆ ಹೂಲದ ಗುಡ್ಡ) is required.	... ...	Only about 30 acres of survey No. 45, may be left and never more as the land is full of teak and sandal plants.	The way to Varavinahalla need not be left through the forest as the cattle can have access to the "halla" in question through the lands released for the village in para 2 below. If 560 acres out of 622 acres of gomal are taken, as proposed for the forest, the cattle of the village will certainly be inconvenienced. I exclude the eastern portion of (ಎರೆ ಹೊಲದ ಗುಡ್ಡ) Yereholadagudda as prayed for by the villagers by making the line run from the trijunction bandhs of Nerlagundi, Singatagere and Bevinhalli villages to a point 5 chains north-west from the westernmost corner of survey No. 54. In addition to the above some more gomal is made available for the village by allowing cultivation margin to survey Nos. 54, 47, 46 and 48. A cart-track 12 feet wide from Basavapur to this village is allowed. B. BASAVARADHYA, *Forest Settlement Officer.*

Administration Reports of Minor Municipalities in the Tumkur District.

No. 12903--Ml. 79-18-44, dated 7th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. Ml. C. 28—18-19, dated the 7th March 1919, from the Deputy Commissioner, Tumkur District, forwarding reviews on the Administration Reports of Koratagere, Turuvekere and Pavagada Municipalities together with the original reports and accounts for the year 1917-18.

Order No. 12903—Ml. 79-18-44, dated 7th April 1919.

The three Municipalities referred to above continued to be governed by the executive orders of Government during the year and these were brought under the amended Municipal Regulation, V of 1918, and constituted as minor municipalities with effect from 1st July 1918.

Meetings and attendance.—It is satisfactory to note that the Municipal bodies held the prescribed number of meetings and the average attendance of members at each meeting was 5·9 against an average strength of 8·3 members on each Board.

Financial position.—The year opened with a balance of Rs. 7,498. The income and expenditure during the year as compared with those of the previous year were Rs. 5,551 and Rs. 3,405, respectively, against Rs. 4,615 and Rs. 3,468 in the previous year.

The increase in the income of the year was due to better collections under Octroi and Mohatarfa in the Koratagere Municipality.

Demand, collection and balance.—It is satisfactory to note that out of the total current demand of Rs. 5,377 under all heads, a sum of Rs. 4,665 was collected, leaving a small balance of Rs. 712 outstanding, the percentage of collections to the demand being 86·8.

Incidence of taxation.—The incidence of taxation per head of population varied from Re. 0-5-7 in the Pavagada Municipality to Re. 0-9-8 in the Koratagere Municipality. The incidence is very low when compared with that prevailing in other similar areas in the State. Local conveniences require a larger extent of local taxation and the Municipal Councils concerned should improve their finances by systematising and improving their existing taxes and rates.

Public works carried out by the Public Works Department.—Out of the budget allotment of Rs. 870 only a sum of Rs. 295 was spent on public works allowing a sum of Rs. 575 or 66 per cent of the allotment to lapse at the end of the year. It is also reported that no work was executed in the Pavagada Municipality during the year, with the result that the whole allotment of Rs. 500 was allowed to lapse. This is unsatisfactory. The Deputy Commissioner is requested to issue suitable instructions to the Presidents of Municipal Councils concerned in the matter of preparing a programme of works to be estimated for and carried out in each year.

Public health.—The number of births and deaths was 224 and 201 against 252 and 127, respectively, in the year previous. Plague and other fevers contributed largely to the increase in the mortality.

Vaccination.—The number of persons vaccinated in all the three municipalities was 218 against 230 in the previous year and the percentage of successful cases was

59 per cent. Better arrangements for vaccination work in Municipal areas appear to be called for. The Deputy Commissioner is requested to see that necessary action is taken in the matter.

Audit of accounts.—It is noted that the accounts of the municipalities in question for 1916-17 were audited by the local audit staff of the Comptroller's Office and that no serious irregularities are reported to have been disclosed.

General.—The finances of the Municipalities require urgent attention. Now that new Municipal Councils have been constituted the non-official members, will, it is hoped, evince sufficient interest in them and take up question tending to place the Municipal Administration and finances in a satisfactory condition. The preparation of the reports and appendices connected therewith also demands greater attention.

B. RAMASWAMAIYA,
Secy. to Govt., Rev. Dept.

To—The Deputy Commissioner, Tumkur District.
PRESS TABLE.

Exd.—C. R.

Administration Reports of the Minor Municipalities in the Chitaldrug District.

No. 13278—Ml. 79-18-45, dated 17th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Letters No. D. Dis. 23—Ml. of 1918-19, dated the 21st December 1918 and the 17th January 1919, from the Deputy Commissioner, Chitaldrug District, submitting reviews on the Administration Reports of the several Minor Municipalities in the district for the year 1917-18 together with the original reports and accounts.

Order No. 13278—Ml. 79-18-45, dated 17th April 1919.

Number of Municipalities.—There were 6 non-Regulation Municipalities in the district. These were brought under the amended Municipal Regulation, V of 1918, and were constituted minor municipalities with effect from 1st July 1918.

Meetings and Attendance.—All the Municipal bodies held the prescribed number of meetings and the average attendance of members was 2·1 among officials and 4·2 among non-officials or 6·3 in all against an average strength of 9 members for each Municipal body.

Fresh imports and abolition of taxes.—Revision of assessment was not undertaken by any of these municipalities during the year. This is not satisfactory. The Government hopes that special attention will be paid to this matter during the coming year as without it the financial condition of the Municipalities will not be placed upon a satisfactory footing.

Financial Position.—The year opened with a balance of Rs. 34,632, the income and expenditure during the year as compared with those of the previous year being Rs. 28,128 and Rs. 20,634 against Rs. 27,721 and Rs. 22,548 respectively. The increase in the income of the year was due to the levy of octroi on green cocoanuts and market fees in the Challakere Municipality.

Demand, Collection and Balance.—It is satisfactory to note that out of the total current demand of Rs. 27,492 under all heads a sum of Rs. 25,765 was collected, leaving a small balance of Rs. 1,677 uncollected, the percentage of collections to the demand being 93·7.

Incidence of Taxation.—The incidence of taxation per head of population varied from Re. 0-8-1 in Molakalmuru Municipality to Rs. 2-0-7 in Challakere Municipality.

Public Works executed by the Civil Department.—Out of the allotment of Rs. 9,690 only a sum of Rs. 6,029 was spent on Public Works, allowing a sum of Rs. 3,661 or 38% of the allotment to lapse at the end of the year, which is not satisfactory. The Deputy Commissioner is requested to issue suitable instructions to the Presidents of the Municipal Councils concerned to carefully study the requirements of their respective areas with a view to arrange for the systematic execution of improvement works according to a definite programme.

Public Health.—Public health during the year was generally good, except for the prevalence of plague at Molakalmuru, Jagalur, Holalkere and of cholera at Molakalmuru during certain months of the year. The number of births and deaths during the year was 468 and 517 against 635 and 312 respectively in the year previous, 'Plague' 'Malarial and other fevers' contributed largely to the increase in the mortality.

Vaccination.—The number of persons vaccinated in all the Municipalities was 299 against 589 in the previous year, and the percentage of successful cases was 93·2.

No. 13278—Ml. 79-18-45, dated 17th April 1919.

There is much scope for improvement in the work turned out by the vaccinators. The Deputy Commissioner may issue suitable instructions to the Presidents of the Municipal Councils concerned to see that vaccination work is carried on more energetically.

Audit of Accounts.—The accounts of all the Municipalities for the year 1916-17 were audited by the Local Audit Staff of the Comptroller's Office and the audit notes which are said to be still due in the respective President's Office should be obtained early and forwarded to the Presidents.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Administration Report of the Bangalore City Municipality for the year 1917-18, received with letter No. 122, dated 24th November 1918, from the President, City Municipal Council, Bangalore.

Order No. 13540-7—Ml. 79-18-46, dated 24th April 1919.

1. *Constitution.*—The constitution and the strength of the Municipal Council remained the same as in the previous year.

2. *Meetings and attendance.*—Twenty-six meetings were held during the year as against 20 of the previous year, the increase being due to some extent to the larger number of special meetings. The average attendance at these meetings was almost the same as in 1916-17 being 1·9 for officials and 15·2 for non-officials, out of a total strength of 25.

3. *Committees.*—There were in all 4 committees working during the year and each committee met on an average 15 times. The Health Committee did not meet at all during the year. It is necessary that greater attention should be paid to public health in the City in future.

The Managing Committee alone met 24 times and disposed of a large volume of work. Government note with satisfaction that a larger number of subjects are being referred to these committees for disposal and that the members evince much interest in dealing with them. Government would point out in this connection the desirability of the Municipal Council associating a larger number of non-official members on these committees by making a more extended use of the provisions of Section 31 of the Regulation.

4. *Financial position.*—There was an increase of nearly Rs. 42,484 in the ordinary income of the Municipality chiefly under octroi and taxes on houses and lands and this is stated to be due to the large imports of piece goods and by the revision of assessment. There was a general increase also under the other items of revenue. The total demand under all heads of taxation including arrears amounted to Rs. 3,88,418 against Rs. 3,37,059 in 1916-17. The total demand under assessed taxes amounted to Rs. 1,90,885 and showed an increase of Rs. 18,241 over the figure of the previous year. The collection under assessed taxes amounted to Rs. 1,47,478 or 77·2 per cent of the demand. The arrears of previous years also were reduced to some extent and it is satisfactory that the collection work in the Municipality shows some improvement. The arrears are, however, still heavy. The total expenditure incurred by the Municipality during the year amounted to Rs. 3,51,809 against the total income of Rs. 4,80,852 excluding the "Extraordinary items." The balance at the close of the year to the credit of the Municipality amounted therefore to Rs. 3,71,356. The Deputy Commissioner of the Bangalore District and the Excise Commissioner are requested to adjust the amounts payable to the Municipality on account of Land Revenue and cess in the City and arrack surcharge and registration fees, respectively, without further delay.

Contributions and grants paid by Government, in aid of Municipal services should not be included in the demand, collection and balance accounts of the Municipality.

5. *Incidence of taxation.*—The incidence of taxation during the year was Rs. 3-13-9 against Rs. 3-4-0 in the previous year.

6. *Public works.*—There was a decrease in the amount of expenditure incurred under this head by Rs. 10,000 as compared with the previous year, a sum of Rs. 83,348 having been expended as against Rs. 93,450 in the year previous. The work attended to during the year related to the construction and repair of roads, drains and buildings. Seven and a half furlongs of roads were newly opened and 2,301 feet of drains were newly constructed.

7. *Acquisition work.*—Out of 260 cases in which acquisition proceedings had to be taken; 28 were completed. The number of cases still pending is large and speedier disposal of these cases should be insisted upon by the President.

8. *Sanitation and conservancy.*—The total expenditure under this head was Rs. 65,744 against Rs. 76,556.

Plague did not prevail in a virulent form during the year though stray cases continued to occur all the year round. The total number of attacks was 223, and deaths 155, as against 912 attacks and 709 deaths in the previous year.

It is satisfactory to note that the Municipal Council are taking necessary action to give effect to the recommendations of the Sanitary Commissioner *re* the adoption of anti-malarial measures in the City by arranging to close the mosquito breeding pools, to acquire all the Tiglar Gardens and to improve the insanitary village of Gangamacherry. It is hoped that these measures will be speedily completed.

The number of dust bins and public latrines require to be increased.

9. *Vaccination.*—The number of persons vaccinated was 4,157 against 4,414 in the previous year. Of these 3,273 cases or 78·7 per cent were successful. The work turned out cannot be said to be adequate.

10. *Public instruction.*—The number of Municipal and aided schools in the City remained the same as in the previous year, *viz.*, 2 and 9, respectively. The question of extending the educational activity requires serious consideration of the Municipal Council. An expenditure of Rs. 6,138 was incurred under this head against Rs. 5,943 in the previous year. Four branch public libraries were opened at a cost of Rs. 2,384 during the year.

11. *Public gardens, parks and avenue trees.*—The Municipal Council maintained the garden below the Dharmambudhi tank bund and the park near the Fort north-gate. The expenditure under the head "Avenues" was almost nil. Greater activity under this head is necessary and the submission of the programme of avenue planting operations which is reported to be nearing completion should be expedited.

12. *Vital statistics.*—The number of births and deaths registered during the year was 3,286 and 3,473 against 3,525 and 4,326, respectively, in 1916-17. The death rate was 39·1 against 48·7 per mille in the previous year. Infant mortality during the year continued to be high being 647 against 729 in the previous year. The register of Vital Statistics require greater supervision so as to ensure accuracy.

13. *Bangalore City Improvement Committee.*—The Committee met 8 times during the year and disposed of a number of important questions.

A comprehensive scheme of drainage and sewerage for the City including the extension was submitted to Government during the year and is under consideration.

Estimates were submitted by the City Improvement Committee for the following works and were duly sanctioned:—

(1) Construction of a General Market.
(2) Laying out a new Extension east of Fort Centre Road; and
(3) Laying out an industrial suburb.

With regard to the laying out of the industrial suburb, however, Government think that the scheme cannot be popular and successful unless arrangements are made for adequate water-supply. The Chief Engineer is requested to expedite the submission of the estimates called for in this connection at a very early date.

The expenditure incurred on the City Improvement Works amounted to Rs. 2,34,246 and the contribution from the State Funds therefor to Rs. 1,38,866.

14. *General.*—The work of the Municipal Council during the year continued to be satisfactory and thanks of Government are due to the Honorary President and the several Municipal Councillors for the zeal and earnestness with which they have discharged their duties. Greater attention, however, is called for in regard to public health and sanitation, vaccination and register of Vital Statistics.

Provision for the Teaching of Elementary Science (including Human Physiology, Physics and Chemistry) in High Schools.

No. 10117-8—EDN. 220-18-2, DATED 12TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Letter No. Glc. 1860, dated 9th October 1918, from the Inspector-General of Education, submitting proposals for making suitable provision in all the High Schools for the teaching of Human Physiology.

Order No. 10117-8—Edn. 220-18-2, dated 12th April 1919.

With reference to the revised rules for the Secondary School-Leaving Certificate Examination requiring candidates for the Public Examination to bring up Elementary Science (including Human Physiology, Physics and Chemistry) as an additional compulsory subject, the Inspector-General of Education represents that it is necessary to make suitable provision in all the High Schools for the teaching of Human Physiology as sufficient facilities either in the shape of qualified staff or equipment do not exist at present in any of the High Schools, except the Collegiate High School at Bangalore. He has accordingly recommended the following scale of expenditure in connection with each of the High Schools.

RECURRING CHARGES.

	Rs.		Rs.	
One Lecturer on 75—10—125 per month		.. ..	1,300	per annum
One Attender on 12		do	144	do
Contingency	5	do	60	do
Total ..	..	.. ..	1,504	per annum,

for each school or Rs. 18,048 for twelve High Schools excluding the Bangalore Collegiate High School.

NON-RECURRING CHARGES.

	Rs.
1. Books	200
2. Charts	70
3. Models	200
4. Dissecting instruments and other apparatus	500
Total ..	970 or roughly

Rs. 1,000 for each school or Rs. 13,000 for all the thirteen schools.

2. Government are pleased to approve generally of the foregoing proposals of the Inspector-General of Education. The scheme may be given effect to gradually not more than two schools being taken up each year, the more important of the High Schools being equipped first so that in about three years, most of the important High Schools at district headquarters will be provided with equipment. The estimate for non-recurring charges will, at the start, be limited to minimum requirements.

The Inspector-General of Education is requested to report for the information of Government in which of the schools he proposes to introduce the scheme during the year 1919-20 together with an estimate of the minimum equipment charges proposed to be incurred.

P. G. D'SOUZA,
Secy. to Govt., Depts. of Edn. & Agri.

To—The Inspector-General of Education in Mysore.

No. 10484-6—Edn. 311-18-3, dated 22nd April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letters noted in the margin from the Inspector-General of Education, submitting proposals for opening Panchama Boarding Schools at Hassan, Shimoga and Bangalore and for developing the school at Chikmagalur.

1. No. A .C. 1647, dated 4—1—1919
2. No. A. C. 1647, dated 1—2— do
3. No. Glc. 1685, dated do

Order No. 10484-6—Edn. 311-18-3, dated 22nd April 1919.

There is at present a Central Panchama Educational, Industrial and Training Institute at Mysore in which provision has been made for the boarding of 200 pupils. The Panchama Boarding School at Tumkur affords accommodation for 40 students and one on a smaller scale has been sanctioned for Chikmagalur with accommodation for 12 students.

2. The Inspector-General reports the need for similar Central Boarding Schools at the other District headquarters providing for general education in English and Kannada up to the Lower Secondary standard combined with industrial training and has submitted proposals for the establishment of such schools at Hassan, Shimoga and Bangalore.

3. On a careful consideration of the subject, Government are of opinion that the opening of more Boarding Schools may be postponed for the present. The existing three schools provide also for boarding and thus facilitate the immigration of pupils from the other districts for advanced training. There is thus no immediate need to open similar institutions in too many centres at a time. These schools should for some time be primarily utilised for providing teachers for expanding education among the panchamas in rural areas and care should be taken to prevent them from becoming expensive institutions merely for imparting higher education to a few. The standard of living in the Boarding Schools is also unduly high and should be so adapted as to give pupils a cleaner and healthier outlook without introducing costly methods of life in towns and a standard of living beyond their average means.

4. The Inspector-General of Education is requested to examine the working of the Boarding Schools and to submit a report as to the direction in which they may be improved so as to become efficient means for developing Panchama Education in rural areas. The question of opening other Boarding Schools may be deferred till the existing institutions are utilised to the fullest extent.

5. Government consider that greater activity is necessary in increasing the number of Rural Panchama Schools. The Inspector-General is requested to prepare and submit for the consideration of Government a scheme for the establishment of Rural Panchama Schools so as to provide for a school in all important centres of Panchama population where not less than 20 pupils may be expected, with details about buildings, equipments, etc. Necessary standard plans may also be prepared for school buildings of an inexpensive type. The location of the schools and the conditions of school life should be such as not to create a distaste to their ordinary occupation and rural surroundings. Accommodation may be provided for the Headmasters near the school buildings. The school may impart practical instruction in Agriculture or some other industry. Simple instruction up to the vernacular primary standard combined with elementary industrial training should be provided. As far as possible the boys should be educated to be self-reliant and to put in some work wherever possible towards their own maintenance and comfort.

6. A provision of Rs. 50,000 for Depressed Classes Education provided in the current year's budget will be repeated in the budget of 1919-20, in addition to the grant of Rs. 23,000 odd provided for Panchama Boarding Schools already sanctioned by Government.

Letter No. 2147, dated 8th March 1919, from the Secretary, Industries and Commerce Committee, forwarding a report on the Dasara Industrial and Agricultural Exhibition held in 1918.

Order No. 9617-664—A. & E. 45-18-47, dated 2nd April 1919.

Recorded.

2. Under the orders of Government the exhibition was thrown open to all India. Many of the Native States were kind enough to send exhibits, while arrangements were also made to secure valuable exhibits through the courtesy of the Chambers of Commerce in Japan. The total number of exhibits was 30,000 of which 22,000 related to State products.

3. Out of a grant of Rs. 35,000 made for the exhibition a sum of Rs. 28,018 only was spent. The receipts amounted to Rs. 5,804 the value of total sales was Rs. 14,336.

4. In spite of the adverse seasonal conditions and anxious and unsatisfactory state of the public health that prevailed at the time Government are glad to note that the exhibition was a success and attracted as many as 40,000 visitors. The thanks of Government are due to the members of the Exhibition Committee for the successful manner in which the exhibition was organised. The Government also desire to record their appreciation of the excellent work done by Mr. M. N. Balaraj Urs, Secretary, Exhibition Committee.

The Silk Reeling and Twisting Schools at Channapatna.

No. 10700-703—A. & E. 84-18-8, dated 28th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 1581-4—A. & E. 28-17-4, dated 15th August 1917, sanctioning for a period of one year, the opening of two silk reeling and twisting schools at Channapatna—one for training boys and the other for training girls—at an estimated cost of Rs. 1,642 and placing a sum of Rs. 5,000 at the credit of Mr. Abdul Khudoos as a loan for running the school subject to certain conditions.

2. Government Order No. 6674-7—A. & E. 28-17-7, dated the 12th January 1918, designating Mr. Abdul Khudoos as Honorary Supervisor of Sericulture and sanctioning the payment of a compensation up to a limit of Rs. 500 for the loss incurred by Mr. Abdul Khudoos in training the students.

3. Government Order No. 2713-15—A. & E. 28-17-16, dated 25th September 1918, sanctioning the continuance of the above schools till the end of December 1918.

4. Government Order No. 6143-5—A. & E. 84-18-3, dated 7th January 1919, sanctioning the continuance of the scheme for a further period of one year from 1st January 1919.

5. Letter No. 1957, dated 4th March 1919, from the Superintendent of Sericulture, forwarding letter from Mr. Abdul Khudoos regarding the silk reeling and twisting schools at Channapatna and giving his opinion on certain points raised therein.

6. Letter dated 10th March 1919, from Mr. Abdul Khudoos, submitting for the consideration of Government the following representations in regard to these schools:—

(1) That the school may be continued for three years.

(2) That for the reasons given by him the Government advance of Rs. 5,000 will not be required by him.

(3) Government should bear the cost of scholarships, contingencies, clerk and peon amounting to Rs. 1,596 per annum for three years and also that the limit of the loss incurred by him in giving training to the students which Government is willing to bear should be increased to Rs. 1,000 per year.

(4) That the loss to him in 1918, amounting to as much as Rs. 1,000 may entirely be met by Government.

(5) That the accounts will be open to inspection and audit and that he will give his whole time and energy to the work undertaken by him and that whenever he has to tour in the interests of his work, he may be allowed travelling allowance at present rates for journeys outside Channapatna.

(6) That after a period of three years he will not further seek Government aid but that he will convert the school into a factory and train students therein at his own cost.

Order No. 10700-703—A. & E. 84-18-8, dated 28th April 1919.

The establishment of the silk twisting and reeling schools was sanctioned in the latter part of the year 1917, and the schools have been continued from year to year after an examination of the results achieved.

2. Mr. Abdul Khudoos has now requested that under the circumstances represented in the letter read above, orders may be passed continuing the school for a period of three years once for all. Government consider the present arrangement of continuing the scheme from year to year more satisfactory as it will allow of the results achieved from time to time being watched and given their due weight. This will moreover not in any way hamper Mr. Khudoos's object in starting the institution, *viz.*, to train a sufficient number of persons in the industry to be able to start it on a large scale independently of the school. Government also consider that the commercial section of

No. 10700-703—A. & E. 84-18-8, dated 28th April 1919.

...ol should not incur any loss if properly organised as the finished product should be able to fetch a higher value than the raw silk, and it should be placed as far as possible on a self-supporting basis.

3. In order to enable Mr. Abdul Khudoos to develop the instructional side of the school the number of scholarships tenable in the school will be raised from 30 to 40. The period of training will be fixed ordinarily at three months but may in special cases subject to the approval of the Superintendent of Sériculture be extended to six months.

4. As regards loss caused by the pupils through want of skill in the initial stages a sum of Rs. 2 will be allowed for each pupil who has undergone a complete course of training.

5. To assist him in maintaining regular accounts of the concern Mr. Abdul Khudoos will be given an additional clerk and a peon on Rs. 15 and Rs. 7, respectively, till the end of December 1919.

6. As Mr. Abdul Khudoos has agreed to provide all the capital required for the purchase of raw materials the order sanctioning the loan of Rs. 5,000 is cancelled. All amounts outstanding on account of the loan previously taken should be adjusted before the 15th May 1919. Any losses that might have been already incurred in supplying silk to learners will be dealt with on the same principles as those laid down in para 4, *viz.*, Rs. 2 may be paid for each pupil who has undergone a course of full training in the school.

7. The school will be subject to the general supervision of the Superintendent of Sériculture as at present and all expenditure incurred will be paid after the bills are passed by him. All reports and returns will be sent to him in the first instance. A half-yearly report on the working of the school will be submitted by the Superintendent of Sériculture.

8. Mr. Abdul Khudoos will be permitted to undertake, with the previous approval of the Superintendent of Sériculture, such tours in the interests of the silk trade as may be found necessary within the State and allowed the same rates of travelling allowance as are sanctioned in Government Order dated the 12th January 1919. All tours outside the State should be previously approved by Government.

9. The additional expenditure now sanctioned will be met during the current year from the source to be pointed out by the Superintendent of Sériculture to the Comptroller, necessary provision being made therefor in the next year's budget.

Removal of iron ore for local use from specified areas.

No. 9688-701—I & C 16-18-12 DATED 2ND APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Petition from blacksmith Hanumanthappa of Bommagondanakere village, Molakl-muru Taluk, praying that he may be permitted to remove iron ore at the rate of 4 annas per cart load from Chitranaikanahalli, Challakere Taluk.

2. Correspondence ending with letter No. 2763, dated 19th March 1919, from the Director of Mines and Geology, stating that the applicant Hanumanthappa may be permitted to remove iron ore from Chitranaikanahalli at 4 annas per cart-load temporarily for one year.

Order No. 9688-701—I & C 16-1-812, dated 2nd April 1919.

Government are pleased to direct that, whenever local people apply for permits to remove iron ore for local use from specified areas, Deputy Commissioners of Districts should in the first instance ascertain from the Department of Mines and Geology whether there is any objection to the issue of such permits. If there is no objection yearly permits may be issued for collection and removal of the ore subject to a royalty of 4 annas per cart load.

2. In granting such permits it should be made clear that they do not convey any exclusive rights or contain any promise of renewal and that the concessions are subject to termination at the close of any year at the discretion of Government.

3. The petition of Hanumanthappa of Bommagondanakere will be disposed of in accordance with the above instructions.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

READ—

Correspondence ending with Memo No. 7732-642, dated the 24th February 1919, from the Director of Industries and Commerce in Mysore, forwarding letter No. 1819, dated the 20th idem, from the Deputy Director of Commerce on the subject of making arrangements for the collection of correct road-borne statistics of imports and exports of the State.

Order No. 10127-40—I. & C. 222-18-8, dated 12th April 1919.

In his letter read above the Deputy Director of Commerce reports that the Ookads established in accordance with Government Order No. G. 2714-26—B. P. 66-18-1, dated the 6th August 1918 for checking the export of food-stuffs outside the State are being utilised for collecting, as far as possible, road-borne statistics as directed by Government in their No. 4729-42—P. P. 66-18-17, dated the 3rd September 1918, and that as these Ookads are likely to be continued for some time longer he considers they will afford valuable evidence as to the number of Ookads that it will be necessary to maintain for the purpose by the time the food situation improves.

2. Government agree with the views expressed by the Deputy Director and direct that from the experience gained already a complete scheme be evolved for collecting road-borne statistics after the present temporary arrangements cease. The number of *Ookads* may be reduced though it is necessary that some should be located along the really important routes of trade. The scheme should be submitted for the orders of Government by the end of April 1919.

3. In the meantime Government are pleased to sanction the employment of a clerk on Rs. 30 per month for a period of three months for the compilation and publication of the statistics so far received. This work should be attended to forthwith and a review of the statistics collected prepared and submitted to Government before the end of May 1919.

4. The Deputy Commissioners of Districts are requested to transmit in future the Registers pertaining to the Ookads in their districts to the Deputy Director of Commerce instead of to the Director of Civil Supplies as ordered in the Government Order of the 3rd September 1918.

Publication of Advertisements in Newspapers in and outside the State.

No. Fl. 4945-94—G. F. 36-19-92, dated 7th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. Fl. 4945-94—G F 36-19-92, dated 7th April 1919.

Government have had under consideration for some time the question of ystematising the publication of advertisements by Secretaries to Government, Heads f Departments and other authorities in newspapers in and outside the State. Vith a view to secure economy and better results by arranging for the publication f advertisements in spaces reserved in newspapers on favourable terms. Govern- ient are pleased to pass the following orders.

(1) The Finance Department of Government will in future reserve space or Government advertisements at favourable contract rates in certain newspapers. 'or the present the newspapers noted below have been selected.

	Half column to appear bi-weekly in	Half column to appear weekly in	One-fourth column to appear weekly in
1	"The Madras Mail," Madras	All local papers	The Vrittanta Patrika
2	"The Hindu," Madras		
3	"Bombay Chronicle."		
4	"The Daily Post," Bangalore		
5	"The Karanataka," Bangalore		
6	"New India," Madras		
7	"Justice," Madras		

(2) All officers of Government and all local bodies in Mysore wishing to ublish advertisements in newspapers are requested to forward them in time, o the Financial Secretary with information as to the papers in which they are to be ublished, the period of publication, etc.

(3) It will be the duty of the Finance Department to see that all advertise- ients received are duly published as desired by the officers concerned and to rrange to send them on requisition the issues in which the advertisements have ppeared.

(4) Ordinarily Government advertisements will not be published in papers ot included in the list referred to above. But if any officer wishes to publish an dvertisement in a paper not included in the list, he should make a special applica- ion to the Finance Department to take necessary action if the proposal is pproved.

(5) All amounts required for reserving space in newspapers by the Finance Department will be drawn on separate contingent bills of the General and Revenue Secretariat and the amounts of such bills and the payments made will be debited n the Comptroller's Books in the first instance to an advance head "Advertise- ent account." All amounts transferred by Departments in their contingent ills as indicated in the next paragraph will be credited to this advance head.

(6) In the contingent bills of the Departments concerned the cost of the dvertisements as shown in the work bill prepared in the Financial Secretariat ccording to the usual rates will be included as paid by the transfer adjustment to he advance head—"Advertisement account."

(7) No advertisement charges incurred by Government Officers will in uture be admitted by the Comptroller on any bill except as provided for in this rder.

(8) The Financial Department will see that advertisement space reserved in the papers but not utilized in the way specified in clause (3) is otherwise filled up by useful standing advertisements from the various commercial and other departments of Government. No charge will however be made to those Departments for such standing advertisements.

(9) The arrangements herein sanctioned will be tentative for one year.

(10) The entertainment of one Second Division clerk (30—3—60) for this work in the Financial Secretariat for one year is also sanctioned, the extra cost during the current year being met by reappropriation in the provision for temporary establishment Civil Secretariat.

Grain Compensation Allowance.

No. Fl. 5642-91—G. F. 5-18-63, dated 22nd April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Order No. Fl. 100-149—G. F. 5-18-1, dated the 9th July 1918, sanctioning rules for the grant of grain compensation as per scale given in Article 72, Civil Account Code, Volume I, ragi being considered as the staple food grain and the taluk the unit.

2. Government Order No. Fl. 2047-96—G. F. 5-18-29, dated the 23rd October 1918, sanctioning rules for the grant of compensation for dearness irrespective of the price of any particular grain or commodity in the two Cities of Bangalore and Mysore.

Order No. Fl. 5642-91 -G. F. 5-18-63, dated 22nd April 1919.

In accordance with the orders read above, the grant of grain compensation allowance is sanctioned for the month of April 1919, to the employees in the two Cities of Bangalore and Mysore and to those in the several taluks in the State as noted in Annexures A and B appended to this order and as indicated below:—

(*a*) To the employees in the taluks in Annexure A, the allowance will be at the following rates:—

(i) To those drawing a pay exceeding Rs. 16 but not exceeding Rs. 30 per mensem, Rs. 2 per mensem.

(ii) To those drawing a pay not exceeding Rs. 16 per mensem Re. 1

(iii) When the pay is less than Rs. 5 per mensem, the extra allowance will be increased so as to bring up the aggregate pay and allowance to Rs. 6 per mensem

(*b*) To the employees in the Cities of Bangalore and Mysore and the taluks in Annexure B, the above allowances will be raised to Rs. 3 and Rs. 1-8-0, respectively, and the aggregate pay and allowance of servants on less than Rs. 5 per mensem brought up to Rs. 6-8-0 per mensem.

Payment of Interest on Government Promissory Notes at Taluk Treasuries.

No. Fl. 5545—G. F. 198-18-2, dated 19th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Letter No. 93—Spl., dated the 15—22nd March 1919, from the Comptroller to Government to the Financial Secretary to Government.

"I have the honor to state that interest on Government Promissory Notes is, according to Articles 508 and 509, Mysore Treasury Manual, ordinarily payable only in District Treasuries where the prescribed registers are to be kept. When it is specially arranged to be paid in Taluk Treasuries, the District Treasury has to continue to keep all the prescribed records for noting payment. This was the system in force till recently in British India also.

Under the new Treasury Procedure, however, a Taluk Treasury is practically independent of the District Treasury and no detailed records are required to be made in the registers of the latter of payments made in the former. Recently the Government of India have also permitted payment of interest on War Bonds being made in Taluk Treasuries (*vide* copy of the circular of the Resident's Treasury put up). The underlying idea in this arrangement is that Taluk Treasuries may go on paying interest on their own authority so long as the name of the holder remains unaltered and should obtain orders of the District Treasury when in any case the Promissory Notes are endorsed to a new holder.

I have the honor to suggest that an arrangement similar to that authorized in the case of Government of India Promissory Notes may be sanctioned for the payment of interest on our Promissory Notes in Taluk Treasuries."

Order No. Fl. 5545—G. F. 198-18-2, dated 19th April 1919.

The Comptroller's proposal in regard to the payment of interest on Government Promissory Notes at Taluk Treasuries is sanctioned.

J. S. CHAKRAVARTI,
Financial Secy. to Govt.

Report on the Working of State Life Insurance Scheme for the year 1917-18.

No. Fl. 5623-4—G. F. 169-18-2, dated 21st April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Letter No. 5690 dated the 14th February 1919, from the Secretary, State Life Insurance Committee, submitting the Report on the working of the State Life Insurance Scheme for the year 1917-18.

(Printed in extenso.)

Order No. Fl. 5623-4—G. F. 169-18-2, dated 21st April 1919.

Recorded.

The report was due on 30th November 1918 and the delay of more than ten weeks in its submission should have been avoided.

2. During the year under review, there was a slight increase in the number of policies dealt with as compared with the previous year, the total number of policies being 1,585 as against 1,488 in the previous year.

3. The receipts and expenditure of the fund during the year amounted to Rs. 5,74,409 and Rs. 2,68,756, respectively, and the closing balance at the credit of the fund rose from Rs. 39,47,005 to Rs. 42,52,650.

4. The total number of casualties among insured persons reported during the year was 113 against 118 in the previous year, of which 27 per cent was due to plague.

5. In reviewing the last report of the Insurance Committee, Government desired that some suitable action should be taken by the Insurance Office towards the early discharge of all claims matured on the Insured attaining their 55th year and that the steps taken in the matter of settlement of the old death claims pending should be indicated.

Full information on these points has not been furnished in the report under review. It is hoped that the omission will be supplied in future reports.

6. Government note that the percentage cost of management to the premium income for the year was 2·87 against 3·33 and 3·12 in the two previous years and that the percentage of the net balance at the credit of the fund after deducting unpaid claims to the total liability rose from 36·28 to 37·19.

7. *Family Pension Branch.*—Government are glad to observe that as a result of the revision of the table of rates of subscription sanctioned with effect from April 1917, there were during the year under review two additional subscribers to this branch and that another old subscriber secured under the new tables additional Life pension to his wife and term pension to three children.

8. *Public Branch.*—In the public branch, 413 proposals were received during the year, of which 145 proposals for an assurance of Rs. 2,26,800 were accepted. The receipts and expenditure during the year were Rs. 14,317 and Rs. 2,942 respectively, and the closing balance rose from Rs. 3,346 to Rs. 14,721.

9. To infuse greater interest in the mind of the public as regards the operations of the Insurance Committee in the Public Branch, and to make this Branch more popular, Government have, on the recommendation of the Insurance Committee, granted to the Policy-holders in the Public Branch the privilege of electing 1 member for every 500 policy-holders to be associated with the work of the Committee as members. (Government Order No. Fl. 289-338—G. F. 149-17-4, dated 16th July 1918.)

10. *General remarks.*—In the matter of the proposals made by the Special Officer for the better working of the Insurance Office, Government passed Orders in Fl. 6944-93—G. F. 89-17-2, dated 20th May 1918, and they should have been glad if a paragraph had been devoted in the report as to the action taken by the Insurance Office in effecting the improvements desired.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

To—The Secretary, Insurance Committee.
The Comptroller, Mysore Government.
PRESS TABLE.

Fwd—C.

No. Fl. 4909-21—G. F. 196-18-1, dated 3rd April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. Fl. 4909-21—G. F. 196-18-1, dated 3rd April 1919.

Government consider it desirable that the financial position of all State-aided Industries and enterprises as distinguished from Industries entirely financed and controlled by the State, should be reviewed every year in a systematic manner.

2. The Industries and enterprises at present in receipt of State aid are given in the appended statement. These are classified as follows:—

List A.—Industries in which Government have invested money in purchasing shares or in aid of which Government have granted large loans on the security of the plants, etc.

List B.—Smaller enterprises for which Government have granted loans to a very limited extent and other concessions such as house-rents, bonus, etc.

List C.—Industries for the encouragement of which Government have granted minor concessions such as free sites, supply of materials at reduced rates, etc.

3. Government consider it sufficient if in the case of the Industries mentioned in Lists B and C annual reports are obtained showing how far the concessions granted have been utilized and whether any of them have been abused by the concessionaries. The Director of Industries is requested to submit in duplicate a consolidated annual report on the subject to Government in the department of Education and Agriculture. The report for an official year should be submitted before the 30th September of the year following, that for 1917-18 being sent before the 30th April 1919. In the case of concerns which maintain accounts otherwise than in accordance with the Mysore official year, the transactions of the latest completed year should be dealt with in the report.

4. In regard to industries and enterprises mentioned in List A, the Director of Industries will submit to Government in the Department of Education and Agriculture through the Comptroller annually in the month of September a tabular statement in duplicate in the form annexed showing the main features of the financial results of the working of each enterprise. The statement should be accompanied by audited and certified Balance sheets of the several concerns. The Comptroller will enter his remarks in the appropriate column in the statement before forwarding it to Government. The statement for the year 1917-18 may be submitted before the 30th April 1919.

5. The Secretary to the Industries and Commerce Committee and the Deputy Commissioners of Districts are requested to furnish the Director of Industries and Commerce such information as he may require for the preparation of the statements prescribed in paras 3 and 4 above.

6. All information collected for the purpose and all statements and reports should be treated as strictly confidential.

J. S. CHAKRAVARTI,
Financial Secretary to Govt.

To—The Comptroller to Government.
The Secretary to Government, Departments of Education and Agriculture.
The Director of Industries and Commerce in Mysore.
The Deputy Director of Commerce in Mysore.

The Director of Industries and Commerce to give expert advice whenever necessary.	1. The Mysore Tile syndicate should purchase the machinery and plant together with accessories for a sum of Rs. 2,000 the same amount being payable in five annual instalments commencing from 1st June 1916. 2. The present lands and buildings to be leased to the syndicate for a term of ten years. 3. The possession to be rent free for the first three years and an annual rental of Rs. 500 to be paid for the remaining period. 4. The lease will be subject to renewal only if the factory has been worked successfully as a Commercial concern; but should the business fail and prove unsatisfactory, Government to have the right of the terminating the lease at three months' notice. 5. The syndicate should have at their own cost and without any claims for compensation from Government under any circumstances, an up-to-date kiln constructed and the business expanded in proportion to the demand. 6. The syndicate agree to have all the amounts due from them recovered as arrears of Land Revenue.	....	The Director of Industries and Commerce Committee will arrange for the transfer of the factory on the aforesaid conditions and for the execution of the necessary bonds, etc., reporting the result to the Government. A suitable draft agreement to be prepared in consultation with the Government Advocate and forwarded to the Director of Industries and Commerce Committee. ....
2	4421-7—A. & I. 134-14-2, dated 6th March 1916.	Tile Factory at Tumkur.	1. Grant of survey No. 268 (6 acres and 10 guntas) for erecting factory buildings. 2 Permission to quarry clay free at Waddarhalli tank. 3. A subsidy of 12 annas per every 1,000 tiles, provided the profits do not exceed 9 per cent.	A half-yearly report as to the working and the extent to which the concessions have been utilized, to be submitted to Government by the Deputy Commissioner and President of the District Committee.	For three years	If the business continues after three years, Rs. 50 per acre to be recovered from the syndicate for the land to be afterwards made over to them free of assessment Otherwise, the land to revert to Government and the buildings thereon either to be taken over by Government at a fair valuation or demolished and the materials removed by the syndicate.
3	836-48—A. & I. 175-15-4, dated 19th August 1915.	Tile Factory at Mandikal.	(1) Grant of 5 acres out of Survey No. 46-2 of Hosahalli village, Mandikal Hobli, as a clay quarry, no royalty being levied for the present on the material removed. Supply of fuel, not exceeding 60 cart-loads per month to the factory at the rate of 3 annas per cart-load for a period of two years, quantities required in excess of this limit being charged for at the usual rate.	....	....	1. The land should not be used for any other purpose. 2. Concessions to be in force only if the Factory is properly organised and worked. 3. An annual report on the working of the Factory and how far the concessions granted have been utilised should be submitted to Government by the Deputy Commissioner and Chairman of the district, through the Industries and Commerce Committee.

Mysore State Loan of 20 lakhs of 1906.

No. Fl. 5824—G. F. 119-17-1, dated 26th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note dated the 9th November 1917, by the Special Officer, Mr. Datta, suggesting among other things the renewal on certain terms of the Mysore State Loan of 20 lakhs of 1906.

Order No. Fl. 5824—G. F. 119-17-1, dated 26th April 1919.

1. In his note read above Mr. Datta has suggested that the following terms may be offered to the holders of the Mysore State Loan:—

(1) The Government will convert all pro-notes of the existing loan into new pro-notes of an equal amount carrying interest at 5¼% with effect from 1st April 1918.

(2) The new pro-notes will be repayable at par after 25 years from the date of issue. The Government, however, reserves the right of repaying them at par at any time after fifteen years after the issue provided three months' notice is given beforehand.

(3) Notes should be tendered for conversion not later than 28th February 1918, when interest will be paid on them at 4% up to 31st March 1918, and new 5¼% debentures bearing interest from 1st April 1918, will be issued in lieu of them.

(4) Those who take advantage of these terms of conversion will be allowed a brokerage of 8 annas per cent.

2. In view of the large capital programme that Government have on hand and of the heavy demands for funds for productive works, in progress, Government are pleased to accept Mr. Datta's proposals with certain modifications and to offer the following terms to the holders of the said loan.

3. (1) All notes of the Mysore State Loan of 1906, now carrying interest at 4 per cent per annum will be converted into new notes of an equal amount carrying interest at 5½% with effect from 1st October 1919.

(2) The new debentures will be repayable at par after twenty-five years from the 1st October 1919.

Government, however, reserve the right of repaying at par at any time after ten years after re-issue subject to three months' previous notice being given.

(3) Notes should be tendered for conversion not later than 31st July 1919, when interest will be paid on them at 4% up to 30th September 1919, inclusive, and new 5½% debentures bearing interest from 1st October 1919, will be issued in lieu of them.

4. The Comptroller is requested to take all necessary steps for the convenience of holders of pro-notes who desire to effect conversion and issue subsidiary instructions to treasuries. A notification embodying the terms above set forth is separately published.

System of Accounts of the Electrical Department.

No. Fl. 5729-33—G. F. 91-17-5, dated 23rd April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

1. Note No. 47, dated 9th November 1917, from Mr. Datta, Special Officer, making certain suggestions to improve the system of accounts of the Electrical Department.

2. Un-official Note 141—R., dated the 10th January 1918, from the Comptroller, offering his views on the several suggestions of the Special Officer.

3. Letter No. C. P. S. 1218, dated the 18th May 1918, from the Comptroller reporting that the Chief Electrical Engineer has been addressed to adopt the Special Officer's suggestions in regard to the direct submission of accounts to Comptroller by Sectional Officers instead of through the Chief Electrical Engineer.

4. Un-official Note 645—C. P. S., dated the 4th September 1918, from the P. W. Secretary, forwarding his views as well as that of the Chief Electrical Enginear on the several points raised in the note of the Special Officer.

Order No. Fl. 5729-33—G. F. 91-17-5, dated 23rd April 1919.

The points raised in the Special Officer's note for orders of Government are the following :—

(1) The primary accounts of the Cauvery Power Scheme are compiled in four different offices and submitted to the Chief Electrical Engineer's Office. There, they are consolidated and then forwarded to the Comptroller's Office. To avoid delay and extra work involved under this arrangement, it is suggested that the sectional accounts should be sent direct to the Audit Office and the departmental registers in the Chief Electrical Engineer's Office posted from progress reports received for the purpose.

(2) It is stated that the Revenue Suspense Schedule serves no usful purpose, and the Special Officer recommends that it may be abolished.

(3) The form of the Revenue Register being cumbrous and the preparation of bills unnecessarily laborious, a revised form providing for details for arrears is proposed and it is also recommended that bills should be made out to the nearest anna, pies being omitted.

(4) It is pointed out that there is no limit for the purchase of electric stores for stock that the stock has not been counted for a number of years and that the balance on hand consists of large quantities of unserviceable and surplus stores. The fixing of a limit for the reserve of stock is suggested, as also the desirability of having the stores balance rendered current and efficient by the clearance of superfluous articles.

(5) The Special Officer observes that in the stores ledgers in Bangalore Power and Lighting, bulky as they are, particulars of rate and cost which are most important are omitted, and that the accounting by sub-heads of stock increases the work unnecessarily. He suggests that sub-head accounting may be dispensed with and that the stores ledgers be maintained on the loose-leaf system.

2. After carfully considering the views of all the officers concerned on the several suggestions of the Special Officer, Government are pleased to pass the following orders.

3. The system suggested by the Special Officer, for the submission of accounts by the Sectional Officers direct to the Audit Office, instead of to the Chief Elecrical Engineer, may be given a trial for two years.

4. The revenue suspense-head should be maintained and the suspense-schedule continued.

5. The new form of the Revenue Register suggested may as a trial be adopted by the Sectional Officer in Mysore. If it is found to be better than the card system suggested by the Chief Electical Engineer it can be adopted in other offices also. The Chief Electical Engineer may also try the card system in the Sectional Office at Bangalore.

No. Fl. 5729-33—G. F. 91-17-5, dated 23rd April 1919.

6. As regards the fixing of the reserve of stock limit and cognate matters, Government direct that as recommended by the Public Works Secretary, a Committee composed of the Chief Electrical Engineer, the Comptroller and another officer of a Technical Department, be formed to discuss the question of maintaining Stores, etc., in a satisfactory condition, and to submit definite proposals for the orders of Government within one month.

The Committee may submit definite proposals *re* framing a Stores budget.

7. The suggestions made by the Special Officer regarding the maintenance of Stores ledgers on the loose leaf system, and abolition of sub head accounting have been adopted by the Chief Electrical Engineer and no further orders of Government are necessary.

J. S. CHAKRAVARTI,
Financial Secretary to Government.

Travelling Allowances to Retired Officers of Government and non-official gentlemen.

No. Fl. 5767-816—S. & A. 83-18-1, DATED 25TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Order No. Fl. 5767-816—S. & A. 83-18-1, dated 25th April 1919.

Government have had under consideration for some time past the question of systematising the grant of travelling allowance to retired officers of Government and non-official gentlemen for journeys undertaken to attend meetings of Councils, Committees, Conferences and other bodies constituted under the authority of Government.

2. The existing rules as contained in Article 548 to 553, Mysore Service Regulations and in Government Order No. 5578-9—Edn. 54-16-25, dated the 22nd January 1917 are to some extent complicated and anomalous.

3. On a careful consideration of all aspects of the case, Government are pleased to pass the following revised rules:—

(1) All official members attending meetings of Councils, Committees, etc., constituted under Government Orders will be entitled to draw travelling allowance as for journeys on tour whether the allowances are paid from the State or other funds.

(2) In respect of members other than official, undertaking journeys for the purpose of attending such meetings no distinction will be made in the matter of travelling allowance between non-officials, who are retired officers of Government and other non-official gentlemen except in respect of retired Dewans and Councillors whose rates of travelling allowance will be regulated by special orders. The existing rules and rates applicable to the cases of retired Dewans and Councillors remain unaffected.

(3) As regards all other non-official gentlemen attending any such meetings the rates will be regulated as follows:—

(*a*) For attending meetings connected with the bodies included in List A of the annexure to this order.

Railway fare	.. ..	Double 1st Class
Road mileage	.. ..	8 annas a mile
Halting allowance	.. ..	Rs. 7-8-0 a day for each day of sitting

(*b*) For attending meetings connected with the bodies included in List B of the annexure to this order.

Railway fare	.. ..	Return 1st Class fare and one 3rd Class fare for servant to and fro
Road mileage	.. ..	6 annas a mile
Halting allowance	.. ..	Rs. 5-0-0 for each day of sitting

(*c*) For attending meetings connected with the bodies included in List C of the annexure to this order.

Railway fare	.. ..	Double 2nd Class
Road mileage	.. ..	4 annas a mile
Halting allowance	.. ..	Nil

4. Attendance at Sub-Committees, Select Committees, Special Committees, etc., of the several bodies will be treated as meetings of the bodies themselves for the purpose of this order. Non-official members should be requested to mention their ordinary places of residence and travelling allowance should always be calculated

from and to such place. When a Sunday or other holidays intervene between two consecutive sittings, halting allowance for such days will be allowed.

5. The necessary addenda and corrigenda to the Mysore Service Regulations will issue separately.

J. S CHAKRAVARTI,
Financial Secretary to Government.

To—The Comptroller, Mysore Government.
The Inspector-General of Education in Mysore.

Muzrai Rest-houses in the Mysore District.

No. 3054-56—Muz. 546-18-2, DATED 3RD APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

READ—

Government Order No. 804-17—M. F. 177-14-10, dated the 11th October 1916, ordering the conversion of certain Government Annachattrams in the State into rest-houses, and calling for definite proposals regarding the establishment and other necessaries required.

(2) Government Order No 1620-31—Muz. 51-18-2, dated the 27th December 1918, approving of a set of rules for the efficient supervision of these rest-houses.

(3) Note No. R. C. 409, dated the 11th March 1919, from the Muzrai Superintendent, submitting for sanction a Memorandum on the establishment and other requirements of the rest-houses in the Mysore District.

NOTE.

MUZRAI REST-HOUSES IN THE MYSORE DISTRICT.

I submit herewith a Memorandum on the establishment and other requirements of the rest-houses in the Mysore District.

2. The Memorandum was forwarded to the Deputy Commissioner for an expression of his opinion and the replies received from him are also submitted for reference.

3. The Deputy Commissioner is generally in agreement with my suggestions except as regards the location of the Bherya rest-house. Mr. Matthan, then Deputy Commissioner, supports the request of the townspeople of Hosa-Agrahar to have a new rest-house built at the place, while the Sub-Division Officer of Mysore is of the same opinion as myself. In deference to the wishes of the people of the taluk the rest-house may be located near the Hosa-Agrahar Railway Station, the sale proceeds of the vacant site and the amount at the credit of the Bherya rest-house being utilized for constructing a new building at the place. The Deputy Commissioner may be requested to select a suitable site. Until the building is completed no establishment need be maintained.

MEMORANDUM.

REST-HOUSES IN THE MYSORE DISTRICT.

There are four rest-houses in the district at the places mentioned below:—

1. Nagamangala.
2. Mandya.
3. Krishnarajpete.
4. Bherya.

2. A sum of Rs. 25 a month has been assigned to the first three rest-houses and Rs. 20 to the fourth for meeting the establishment and other charges.

3. I have inspected all these rest-houses in the course of my tour in the Mysore District.

4. *Nagamangala.*— The building has been reconstructed only recently and is quite suitable for use as a rest-house. When I visited the place the front block of the building was being used by the Assistant Inspector of Schools for office purposes leaving very little accommodation available for travellers. This is hardly a suitable arrangement and this block will have to be made available for the travellers early.

5. A large estimate costing Rs. 2,229 for providing additional accommodation has been sent up which seems to me to be wholly unnecessary. It seems to be sufficient to have a few articles of furniture and a set of small vessels, and a latrine is also a desideratum. Three estimates amounting to Rs. 286 for these items will be submitted for sanction of Government separately, on receipt of the Deputy Commissioner's opinion in the matter.

6. The monthly grant of the rest-house may be distributed as follows:—

	Rs.
Cook	10
Watchman	6
Jadmali	1
Contingencies	2
Reserve for repairs, etc.	5
Total	25 per mensem.

7. The rest-house had a sum of Rs. 728-8-4 at its credit on 30th June 1917.

8. *Mandya.*—The building is a very commodious one and is in fairly good repair. The items of repairs and improvements, *viz.*, construction of a latrine, paving the rooms with Cuddapa slabs and certain petty repairs seems to be necessary and the estimate for Rs. 565 received with the Deputy Commissioner's letter No. R. Dis. 1 of 1917-18 will be submitted for sanction of Government, together with the estimate for Rs. 260 for the purchase of utensils and furniture required for the rest-house.

9. The establishment may be fixed as below:—

	Rs.
Cook	10
Sweeper	6
Contingencies	3
Reserve for repairs	6
Total ...	25 per mensem.

10. The rest-house had a sum of Rs 1,167-0-7 at its credit on 30th June 1917.

11. *Krishnarajpete.*—This is also a very commodious building, but some what dilapidated. An estimate for improving the Chattram building was sanctioned in 1914, and the work was in progress at the time of inspection. It is doubtful how far the building will serve the purpose of a rest-house even after the present improvements. The Amildar has been requested to push on with the work and submit a supplemental estimate for such items of further work as may be necessary.

12. An estimate for the purchase of utensils and furniture required for the rest-house may also be called for and sent up for Government sanction.

13. The establishment charges may be fixed as in the Mandya rest-house.

14. The chattram had a sum of Rs. 2,229 at its credit on 30th June 1917.

15. *Bherya.*—There is no building standing and there is only a vacant site available in the middle of the village. The chattram building was demolished and the materials which were sold fetched a sum of Rs. 140. The present site is illsuited for the construction of a rest-house as it is situated in the midst of the village.

16. I am doubtful whether a rest-house at Bherya is at all necessary, specially after the opening of the Mysore-Arsikere Railway as it is not even a Railway Station. It is a matter for consideration whether it will not be more useful to locate the rest-house either at Hunsur or Malvalli which are midway places to important centres. I would, therefore, propose that the old chattram site at Bherya may be sold and the realizations together with the amount at its credit utilized for the construction of a rest-house at one of the places mentioned above.

17. In the alternative the grant of Rs. 20 allotted for the rest-house may be added on to the chattram at Gundlupet which stands in need of additional funds if it has to be run satisfactorily.

18 The chattram had a sum of Rs. 2,835-5-7 at its credit on 30th June 1917.

Order No. 3054 56—Muz. 546-18-2, dated 3rd April 1919.

The scales of expenditure proposed by the Muzrai Superintendent and concurred in by the Deputy Commissioner of the Mysore District, for the rest-houses at Nagamangala, Mandya and Krishnarajpete, as noted in the margin, are suitable and are accordingly sanctioned

Nagamangala	Rs
Cook	10
Watchman	6
Jadmali	2
Contingencies	2
Reserve for repairs, etc	5
Total	25 per mensem

Mandya, and Krishnarajpete, each	Rs
Cook	10
Sweeper	6
Contingencies	3
Reserve for repairs etc	6
Total	25 per mensem

2. Detailed estimates for the purchase of vessels and furniture for these rest-houses and for their repairs, should be submitted to Government as early as possible.

3 The transfer of the rest-house at Bherya to Hosa-Agrahar is also sanctioned; and the Muzrai Superintendent is requested to submit, in consultation with the Deputy Commissioner, Mysore District; plans and estimates for the construction of a new building for the rest-house at the latter place. The present vacant site of the Bherya chattram should be sold by auction and the funds credited to the rest-house funds, to which should be added the Tasdik allotment until the new building sanctioned is constructed.

Sri Channakesavaswami Temple at Belur.

No. 3144-46—Muz. 508-18-2, dated 9th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. R. C. 170, dated 26th February 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of expenditure in the Sri Channakesavaswami temple at Belur together with his memorandum thereon, and stating that the proposals were formulated by him after personal inspection and enquiry and that the Deputy Commissioner, Hassan District, who was consulted in the matter agrees to the proposals.

MEMORANDUM.

Revision of the scale of expenditure of Sri Channakesavaswami temple at Belur, Hassan District.

The temple of Sri Channakesavaswami at Belur is one of the Chief Sri Vaishnava Institutions in the State. In the matter of historical importance and religious sanctity, it stands second only to the Sri Narayanaswami temple at Melkote, but in point of architectural beauty and excellence, it stands pre-eminent.

2. The temple has a cash grant of Rs. 1,060 and an income from miscellaneous sources such as Golaka collections, endowed inam lands and vrittis, etc., of about Rs. 1,540 in cash and an estimated demand of 6,500 seers of rice in kind, but there has been a considerable falling off in the latter owing to disrepair of tanks, etc., the deficit being as much as 1,000 seers and thus the rice income may be safely fixed at 5,500 seers.

Establishment.

3. Owing to the prevailing high prices and consequent difficulty of making a living, ıe temple servants have gradually left the service, so much so that the regular conduct of *puja* has become increasingly difficult. To make the service more attractive, slight increments have to be given to most of the servants and this has been attempted in the proposed scale.

Nityakatle.

4. The main increase under this head is due to an enhanced provision for oil. Against this some savings have been effected by knocking off the rice allowance granted to some of the servants who will have hereafter a fixed proportion of the regular Nivedana in the temple. No provision can be made out of the temple income for the Desantries. As in the case of Seringapatam and other places of pilgrimage, it seems to be legitimate to expect a grant to this effect from the local Annachattram.

Hetchukatle.

5. There is no material change in the provisions under this head except by way of small increases under some of the utsavas. The most noticeable point is the reduction of Rs. 100 in the temple provision for Rathotsava as a sum of Rs. 150 can be made available for the purpose out of savings of Puduvat income.

6. Altogether the total expenditure of the temple as per proposed scale is Rs. 2,599 in cash and 4,433 seers in kind, leaving a surplus of Rs. 11 and 1,067 seers of rice out of the estimated income.

7. Though the proposed scale can hardly be said to leave a sufficient margin of safety, it is felt that nothing less than this expenditure can be attempted with any degree of assurance that the work will be satisfactorily performed. Ways and means will have to be found to increase the temple income and the step that has to be immediately taken is to fix a scale of fees for stipulated services as in the case of other established temples in the State.

No. 3144-46—Muz. 508-18-2, dated 9th April 1919.

8. The present scale does not make any provision for an annual allotment for repairs as owing to the ornate nature of the structure, the provision has to be substantial if it is to be satisfactory and the temple finances make this out of the question. A reference to Government is pending orders that the maintenance of the temple should be made over to the Public Works Department, the charge being met from State Funds.

9. There is a surplus of Rs. 4,030 invested and Rs. 6,830 uninvested, but a large proportion of this will have to be spent in repairing the temple jewels, vahanas and paraphernalia and in the Pratishta of Viranarayana and Chennigaraya shrines inside the temple.

Order No. 3144-46—Muz. 508-18-2, dated 9th April 1919.

The proposals of the Muzrai Superintendent are sanctioned.

2. The scale of fees proposed to be levied for services in the temple is suitable and is accordingly approved as appended to the order.

Sri Lakshminarasimhaswami Temple at Nuggehalli.

No. 3173-75—Muz. 504-18-2, dated 10th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Note No. R. C. 170, dated 26th February 1919. from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure of Sri Lakshminarasimhaswami temple at Nuggehalli, Channarayapatna Taluk, together with his memorandum thereon, and stating that the Deputy Commissioner of Hassan who was consulted in the matter has agreed to the proposals.

MEMORANDUM.

Revision of the scale of expenditure of Sri Lakshminarasimhaswami temple at Nuggehalli, Channarayapatna Taluk.

The total income of Sri Lakshminarasimhaswami temple at Nuggehalli is about Rs. 1,028 excluding the interest of Rs. 145 on Puduvat investments. The temple has a cash grant of Rs. 63-15-0 only. But it is endowed with Kandayam wet lands to the extent of 36 acres 25 guntas, in the Hassan District and 25 acres in the Mysore District. The income from the lands in the Hassan District is 57½ kandies of paddy of 200 seers each plus the Kandayam payable on the lands. The income from the Mysore District lands excluding the Kandayam of Rs. 170 is only Rs. 80 at present, but should largely increase in future. Calculating the cost of paddy at the average market rate of Rs. 10 per kandi, the total income from the lands may be estimated at about Rs. 965.

2. Hitherto there was no regular scale of expenditure fixed for the temple. The nominal pay of the archak and a few others and the Paditara, Diparadhane expenses were being met out of the Cash grant amount and the Hetchukatle and other expenses such as the pays of additional servants out of the income from lands endowed to the temple.

3. In the scale proposed provision is made for a Parpattegar on Rs. 5 a month who will in addition attend to the collection work of the income from lands, a cook on Rs. 5 and a Kavalgar on Rs. 2 and the salaries of the other important servants have been slightly increased. The total cost of the establishment proposed is thus Rs. 20 per month.

4. For Nityakatle, a provision of 66 seers of rice and Rs. 8 in cash per month is made.

5. Under Hetchukatle, the expenditure which was hitherto being incurred under most of the items was considered and suitably modified and the total expenditure of 210 seers of rice and Rs. 214 has been reduced to 179 seers of rice and Rs. 165.

6. The total expenditure under all heads in the proposed scale is thus 971 seers of rice and Rs. 501. If the Kandayam of Rs. 306 payable to Government and a contribution of 3⅛ per cent on the total income or Rs. 32 are added to this and the rice provision of 971 seers is priced at the rate at which the income from lands is calculated, the total comes to about Rs. 960. An annual saving of about Rs. 69 will still be left for repairs and other unforeseen expenses.

Order No. 3173-75—Muz. 504-18-2, dated 10th April 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

G. ARAVAMUDU IYENGAR,
Secy. to Govt., Muz. Dept.

To—The Muzrai Superintendent in Mysore.
The Deputy Commissioner, Hassan District.
The Comptroller to Government.

Exd.—G.W.B.

No. 3173-75---Muz. 504-18-2, dated 10th April 1919.

Sri Chaturbhuja Pattabhiramaswami and Sri Nilakanteswaraswami temples at Hole-Narsipur.

No. 3084-86—Muz. 506-18-2, dated 4th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. R. C. 170, dated 26th February 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of expenditure in the Sri Chaturbhuja Pattabhiramaswami and Sri Nilakanteswaraswami temples at Hole-Narsipur together with his explanatory Memo thereon, and stating that the proposals have been drawn up after personal inspection and enquiry and that the Deputy Commissioner of Hassan is agreeable to the proposals.

Memorandum.

Revision of the scale of expenditure of Sri Chaturbhuja Pattabhiramaswami and Sri Nilakanteswaraswami temples at Hole-Narsipur.

These two temples which were established by one Rama Brahmananda Swami are endowed with extensive Inam lands besides a cash grant of Rs. 38-8-0. The net income of the temple is Rs. 2,284, out of which a monthly allowance of Rs. 70 is being given to the present Swami of the Yogananda Matha with whom the management of the temples originally rested.

Establishment.

The proposed scale does not materially differ from the existing except that an additional Mohari and Sruti on Re. 1 each to do service simultaneously in the two temples have been allowed. The Parpattegar who is getting only Rs. 4 is given Rs. 6. The Pouranik who is getting Rs. 5 is said to be very indifferent to his duties though a competent man and it was represented that it would be better to have an Adhyayana teacher instead. A warning will have to be administered to the Pouranik and if he does not improve the alternative proposal will have to be taken into consideration.

Nityakatle and Hetchukatle.

There is very little change under this head.

Miscellaneous.

Provision is made under this head for the Potigi allowance payable to Patels and Shanbhogs and other contingencies.

Even after deducting a percentage contribution of 3¼% or Rs. 78 for Muzrai Establishment Fund there will remain a balance of Rs. 154 for repairs and other contingencies.

The surplus at the credit of the institution on 30th June 1917, was Rs. 1,765 uninvested and Rs. 5,918-2-10, invested. Extensive repairs to the buildings have been sanctioned which will consume the major portion of the surplus.

Order No. 3084-86—Muz. 506-18-2, dated, 4th April 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction thereto.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

G. ARAVAMUDU IYENGAR,
Secretary to Government, Muzrai Department.

To—The Muzrai Superintendent in Mysore.
The Deputy Commissioner, Hassan District.
The Comptroller to Government.

Jain Bastis and Matt at Sravanabelagola, Channarayapatna Taluk.

No. 3190-92—Muz. 505-18-2, dated 12th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. R. C. 170, dated 26th February 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of expenditure in the Jain Bastis and Matt at Sravanabelagola, Channarayapatna Taluk, and stating that the proposals were drawn up by him after personal inspection and enquiry and that the Deputy Commissioner, Hassan District, who was consulted in the matter is agreeable to the same.

MEMORANDUM.

Revision of the scale of expenditure of the Main Bastis and Matt at Sravanabelagola, Channarayapatna Taluk.

The Jain Matt and temples at Sravanabelagola under the control of the Matt depend for their up-keep on inam villages endowed to them. Owing to mismanagement, the villages were taken under Government management and suitable provision was made for the conduct of puja in the temples and Matt out of the income from villages endowed to them.

2. The existing scale of expenditure drawn up in 1879 was based on the one prescribed in 1831 by the Swami of the Matt and provides for all the items therein specified except Sastradana for which a provision of Rs. 100 per annum existed. The same services are kept in view in the present proposals and the item of Sastradana is also restored as it aims at teaching Jain philosophy to students resorting to the Matt.

3. The institution enjoys no cash grant, but has a total income of Rs. 4,205. Out of this Rs. 805 represents the interest on investment in Government of India Pronotes to the extent of Rs. 23,000. Excluding this item, the institution has an available income of about Rs. 3,400, the whole of which may be spent upon its up-keep as the funded capital and annual income therefrom is quite sufficient to keep the buildings in proper repairs.

4. The total expenditure as per existing scale amounts to Rs. 2,541-4-0, as shown below:—

		Rs.	a.	p.
1.	Establishment of Matt and temples	689	0	0
2.	Nityakatle, Paditara and Disparadhane of Bastis outside and within the Matt	1,023	15	10
3.	Hetchukatle	284	12	0
4.	Miscellaneous including Potgi to Patels and Shanbhogs	543	8	3
	Totai ..	2,541	4	1

Leaving a margin of safety of about Rs. 300 a year, it is proposed to incur an additional expenditure of about Rs. 500 giving small increases all round.

Establishment.

5. A proposal was submitted by the Deputy Commissioner to enhance the pay of a few employees whose cases were strongly recommended by the Swami. There are in all 32 servants and a majority of them receive a pittance of only a few annas a month. Though it is not practicable to provide living wages to all of them, an attempt has been made to give small increases all round which it is believed will remove to a large extent any dissatisfaction that may otherwise be felt.

The total expenditure under this head would come up to Rs. 65 per mensem as against Rs. 57-6-8, in the existing scale.

Nityakatle.

6. The expenditure under this head in the existing scale is at the rate of Rs. 2-12-9 a day. In the proposed scale it is raised to Rs. 3 a day.

No. 3190-92—Muz. 505-18-2, dated 12th April 1919.

Hetchukatle.

7. No change is made, but an additional provision of Rs. 50 is made for Rathotsava.

Miscellaneous.

8. Under this head, a fresh provision of Rs. 100 is made for Sastradana and another of Rs. 212-8-0 towards the Muzrai Establishment Fund at 6¼ per cent of the total income from lands. *Per contra*, the existing provision of Rs. 7 a month for the Taluk Muzrai Clerk and Rs. 40 per annum to the District Office clerk will be dropped.

9. Thus the total expenditure in the proposed scale is Rs. 3,078 as against Rs. 2,581 of the existing scale. There will still be left a sum of Rs. 322 for unforeseen expenditure not to mention the income of the invested surplus which stand at Rs. 23,000 in 3½ per cent while there is also an uninvested surplus of Rs. 7,506 in the Muzrai Funds.

Order No. 3190-92—Muz. 505-18-2, dated 12th April 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

Ganaradhane Chattram at Nanjangud.

No. 3322-24—Muz. 583-18-2, dated 19th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Note No. R. C. 1283, dated 20th March 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of expenditure in the Ganaradhane Chattram at Nanjangud together with his Memorandum thereon, and stating that the proposals were drawn up by him after personal inspection and enquiry on the spot and that they have been concurred in by the Deputy Commissioner, Mysore District, who was consulted in the matter

MEMORANDUM.

The Chattram gets a cash tasdik of Rs. 41-8-0 per month or Rs. 498 a year. The Chattram has no building of its own and no feeding is conducted. There is only a Golla on Rs. 5 a month borne on the establishment. Rations to Byragees and Jangamas are issued. The following Nehimi charges amounting to Rs. 15 are incurred.

Archak of Maramma temple.	½	seer rice with condiments.
Nanji . .	½	do. „ „ „
Yamunabayamma ..	1	do. „ „ „

There seems to be very little demand for revival of free feeding, but raw rations may be issued to Jangamas applying. The grant may be utilized as follows:—

		Rs.
(*a*)	Allowance to a temple Gumasta for maintaining accounts. ..	3
(*b*)	Contribution to Basavanna temple built by the late Sivapadaswami	5

This is now being paid from the Chattram at Tirumakudlu which cannot afford to pay the contribution. It is therefore proposed to transfer the charge to this Chattram which is more appropriate.

(*c*) Allowance to *sudra* servants of the Sri Chamundeswari temple who supply flowers, etc., to the Srikanteswaraswami temple.....Rs. 6.

Six *sudra* servants of the former temple are now given cooked rice, etc., from the Sivakoota for looking after the flower garden attached to the temple. As its discontinuance has been recommended in connection with the proposals for regulating the Sivakoota feeding a small allowance of Re. 1 each is proposed.

		Rs.
(*d*)	Nehimi charges .. .	12-0-0
(*e*)	Issue of rations to Jangamas	15-0-0
(*f*)	Contingencies	0-8-0
	Total.	**41-8-0**

As regards the Nehimi charges instead of payment in kind the allowance may be granted in cash and the following amount may be fixed:—

		Rs.
(i)	Maramma temple ..	3-0-0
(ii)	Nanji.	3-0-0
(iii)	Yamunabayamma	6-0-0
	Total.	**12-0-0**

The allowance to Sudra servants of the Sri Chamundeswari temple should be continued so long as they supply flowers satisfactorily.

The Chattram had a sum of Rs. 2,085-14-11 (Uninvested Rs. 1,081-14-11 and invested Rs. 1,004) at its credit on 30th June 1918.

No. 3322-24—Muz. 583-18-2, dated 19th April 1919.

Order No. 3322-24—Muz. 583-18-2, dated 19th April 1919.

Government consider the proposals of the Muzari Superintendent suitable and are pleased to sanction the same.

G. ARAVAMUDU IYENGAR,
Secy. to Govt., Muzari Department.

To—The Muzrai Superintendent in Mysore.
The Deputy Commissioner, Mysore District.
The Comptroller to Government.

Sri Lakshminarasimhaswami temple at Hole-Narsipur.

No. 3081-83—Muz. 507-18-2, dated 4th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. R. C. 170, dated 26th February 1919, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the Sri Lakshminarasimhaswami temple at Hole-Narsipur together with his Memorandum thereon, and stating that the proposals have been drawn up by him after personal inspection and enquiry and that the Deputy Commissioner of Hassan is agreeable to the proposals.

MEMORANDUM.

Revision of the scale of expenditure of Sri Lakshminarasimhaswami temple at Hole-Narsipur.

This temple which is apparently the oldest Vishnu temple in the place is a Trikutachala with Sri Lakshminarayana in the centre, Sri Gopalakrishna to the right and Sri Lakshmi Narasimha to the left after whom the temple is named. Though it has an income from all sources of Rs. 700 only yet as requested by the people and on account of its importance it may be taken on the list of Major Institutions.

2. The existing scale uses up the whole of the cash grant of Rs. 508-10-0, without however providing for a separate cook and Paricharak, an essential condition if the temple should be considered fit for Tirtha Parigraha. In the proposed scale a provision is made for this item by the abolition of some of the unimportant vacant posts and a re-adjustment of the amount thus set free.

3. After taking a percentage contribution of 3½ % towards the Muzrai Establishment Fund, a sum of Rs. 120 will be available for repairs and other contingencies.

4. The surplus at the credit of the institution on 30th June 1917, was Rs. 1,423-9-2 uninvested and Rs. 165-4-4 invested.

Order No. 3081-83—Muz. 507-18-2, dated 4th April 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

G ARAVAMUDU IYENGAR,
Secy. to Govt., Muzrai Department.

To—The Muzrai Superintendent in Mysore.
The Deputy Commissioner, Hassan District.
The Comptroller, Mysore Government.

Sri Gowripatheswaraswami Temple at Konanur, Nanjangud Taluk.

No. 3281-83—Muz. 580-18-2, dated 16th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Government Rubkari No. 1125, dated 28th June 1899, sanctioning the revision of the scale of establishment and other charges in the Sri Gowripatheswaraswami temple at Konanur in the Nanjangud Taluk.

(2) Government Order No. 2463-4—Muz. F. 75-93, dated 19th February 1904, sanctioning a slight increase in certain items of expenditure in the above institution.

(3) Note No. R. C. 1283, dated 20th March 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of expenditure in the above temple, together with an explanatory Memorandum thereon, and stating that the proposals were drawn up by him after personal inspection and enquiry and that they are concurred in by the Deputy Commissioner of Mysore who was consulted in the matter.

MEMORANDUM.

The temple of Sri Gowripatheswaraswami at Konanur in the Nanjangud Taluk is a Muzrai institution in receipt of a cash grant of Rs 720-6-0 per annum and a Vritti in the village of Padavankodu in the Chamrajnagar Taluk from which a rent of Rs. 90 is realized.

Though the income falls short of Rs. 1,000 yet the institution is proposed to be retained under the direct control of Government as there are hardly any gentlemen available locally who can be looked to as capable of efficiently managing the institution.

A scale of expenditure costing Rs. 712-0-0, was fixed in 1899, but this is unnecessarily too high considering the status of the temple. The scale was framed on the assumption that the temple will derive the full benefit of the income of the Vritti which would have resulted in an additional income of about Rs. 250. The Vritti has however been treated as permanently leased for a smaller rent and hence a reduction in the scale of expenditure is called for.

Establishment.

There is no necessity for two Parpathegars. Even now the Head Parapathegar is working in the Taluk Cutcherry assisting the Muzrai Clerk. This may be discontinued and a small increase of As. 12 given to the actual working Parpathegar who may be made fully responsible for temple management.

In the Tasdik Patti fixed in 1899 there is a remark that the appointments of (1) Jagate and (2) Kaithala should not be filled up on the occurrence of a vacancy. The posts are now vacant and in the revision proposed these appointments have been abolished.

The pay of Mohari is being saved even now and an acting man has been appointed for the post of Dholu. It is said that musicians are not available locally and it therefore seems unnecessary to continue these appointments. A lumpsum provision has been made under Hetchukatle as remuneration to musicians to be appointed on Utsava occasions.

Provision for two Kavalgars has been made for the proper watch of the temple by turns. The post of Davane has been separated from that of Kaval and provision for a separate man on Rs. 2 made.

These proposals result in a net saving of Rs. 11-4-0 a month.

Nityakatle.

The existing provision has been slightly increased in view of the high prices. The quantities fixed should be brought by the Parpathegar and issued to the servants in future.

Hetchukatle.

There is a slightly increased provision under the various items and a new provision has been made for remuneration to musicians and for cloths.

These proposals will have a recurring balance of Rs. 115-6-0 a year.

No. 3281-83—Muz. 580-18-2, dated 16th April 1919.

A percentage contribution of $6\frac{1}{4}$ per cent on the total income of the temple may be levied towards the Muzrai Establishment Fund.

The temple had a sum of Rs. 1,043-3-4, at its credit on 30th June 1918.

Order No. 3281-83—Muz. 580-18-2, dated 16th April 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. The question of levying a contribution on the income of the institution towards the Muzrai Establishment Fund will be considered later on and separate orders issued in the matter in due course.

Sri Ramadevaru temple at Chunchinkatte, Yedatore Taluk.

No. 3284-86—Muz. 536-18-2, dated 16th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS

Read—

Note No. R. C. 1283, dated 20th March 1919, from the Muzrai Superintendent in Mysore, submitting for sanction proposals for the revision of the scale of expenditure in the Sri Ramadevaru temple at Chunchinkatte, Yedatore Taluk, together with his Memorandum thereon, and stating that the proposals were drawn up by him after personal inspection and enquiry and have been concurred in by the Deputy Commissioner of the Mysore District, who was consulted in the matter.

MEMORANDUM.

The temple of Sri Ramadevaru at Chunchinkatte, Yedatore Taluk, is an important Muzrai institution, situated as it is on one of the sacred spots on the Cauvery with a legendary connection with some episodes in Ramayana. It receives a cash grant from Government of Rs. 436-6-0 a year, but its chief source of income is from the fees collected at a jatra held in connection with the Rathotsava of the temple.

2. The average income of the temple calculated on the receipts for the last five years is Rs. 5,721-6-0, which does not however include the interest earnings on the investment of the surplus at the credit of the temple. The temple has two separate shrines to maintain, the stationary idol or Mulavaru being located at Chunchinkatte and the movable idol or Utsavaru at Yedatore and thus provision has to be made for regular service at both the shrines.

3. The existing scale was drawn up in 1897 and did not take count of the large income from the jatra which is a later development. A scale was drawn up by the Deputy Commissioner and submitted to Government for sanction in November 1917. This scale which is an improvement on the old provides for an expenditure of Rs. 1,344-11-0 which is barely one-quarter of the average income of the temple and is not sufficiently liberal to secure efficient service. The scale now proposed aims at spending a little over one-half the income and the margin left will be quite ample to meet all legitimate demands.

4. The comparative statement put up herewith will show at a glance the existing scale, the one proposed by the Deputy Commissioner and the one now suggested for adoption. The more important items for notice are :—

(1) A superior controlling official has been proposed one for each of the shrines to supervise the staff, to keep accounts and be generally responsible for the due conduct of management.

(2) A separate provision has been made for the sanitary needs of the jatra and also for feeding the Revenue and Police establishment on duty.

(3) One additional watchman for the Mulavaru Sannidhi and a watchman for the Utsavar Sannidhi are provided.

(4) The emoluments of the staff have been raised all round and more satisfactory provision made for the Nityakatle and Hetchukatle services.

5. The other items call for no remark. The scale now proposed provides for an expenditure of Rs. 2,992-3-0 against an income of Rs. 5,721.

Order No. 3284-86—Muz. 536-18-2, dated 16th April 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are accordingly pleased to sanction the same.

No. 3284-86—Muz. 536-18-2, dated 16th April 1919.

Sri Lakshmikanthaswami Temple at Kalale, Nanjangud Taluk.

No. 3296-98—Muz. 581-18-2, dated 17th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. R. C. 1283, dated 20th March 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of expenditure in the Sri Lakshmikanthaswami temple at Kalale, Nanjangud Taluk, together with his explanatory memorandum thereon, and stating that the proposals were drawn up by him after personal inspection and enquiry and that the Deputy Commissioner, Mysore District, who was consulted in the matter, agrees to the proposals.

MEMORANDUM.

Revision of the scale of Sri Lakshmikantaswami temple at Kalale, Nanjangud Taluk.

Though the institution receives only a cash grant of Rs. 666-11-0, and has an income all told of less than Rs. 706 yet owing to its historical and local importance it may be included in the listed institutions and treated as Major. The temple is a large one containing about 20 shrines with 38 Mula and Utsava idols and the present income is hardly enough to keep the temple going and in good order. As in the case of similar institutions connected with ruling dynasties it had a period of opulence but it still commands devotees among some of the leading Ursu families.

2. The proposed scale aims only at some small re-adjustments and leaves the main scheme of the scale untouched. The surplus income is barely Rs. 8 a year and in the present finances of the temple no contribution can be found for the Muzrai Establishment Fund.

3. The surplus at the credit of the institution on 30th June 1917 was Rs. 1,022.

Order No. 3296-98—Muz. 581-18-2, dated 17th April 1919.

Government consider the proposals of the Muzrai Superintendent suitable and are pleased to accord sanction to the same.

2. It is observed that the financial condition of the temple does not permit of any contribution being made towards the Muzrai Establishment Fund.

No. 3067-80—Muz. 421-17-9, dated 3rd April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Government Order No. 2514-15—Muz. 371-13-2, dated 2nd April 1917, sanctioning the re-classification of Muzrai Institutions and requesting the Muzrai Superintendent to submit, for the orders of Government, detailed instructions for the management and supervision of the several classes of institutions.

(2) Notes dated 31st January 1918 and 29th January 1919, respectively, from the Muzrai Superintendent in Mysore, submitting for approval a set of subsidiary instructions drawn up in the form of a hand-book and relating to the management of Minor Muzrai Institutions, with income ranging from Rs. 100 to Rs. 1,000 per annum.

Order No. 3067-80—Muz. 421-17-9, dated 3rd April 1919.

The Hand-book is intended to systematize the work of the Minor Muzrai Institutions and will help to guide the Muzrai Officers and also the persons in charge. The draft was sent to the Deputy Commissioners, and a few select Sub-Division Officers and Amildars for examination and criticism and in the light of the opinion offered it has now been finally revised.

2. Government are pleased to approve of the detailed instructions conveyed in the Hand-book and to authorize its issue. A Kannada version of the same should be prepared early and issued so that effect may be given to the instructions without loss of time.

G. ARAVAMUDU IYENGAR,
Secy. to Govt., Muzrai Department.

The Revenue Commissioner in Mysore.
The Superintendent, Revenue Survey.
The Superintendent, Inam Settlements.
The Deputy Commissioners of Districts.
The Comptroller to Government.
The Superintendent, Government Printing.

Exd.– C. R.

No. 3067-80—Muz. 421-17-9, dated 3rd April 1919.

HAND-BOOK OF MINOR MUZRAI INSTITUTIONS.

Definition.

Muzrai Institution is defined in Section 2 (1) of the Muzrai Regulation (VI of 1913) as follows:—

"Muzrai Institution" shall mean and include—

(i) every temple, mosque, or other place of worship or religious service, any Chattra or house of feeding or rest for travellers without charge, or other institution of a religious or charitable nature, which is now actually in the sole charge of Government or for the support of which any annual grant in perpetuity is made from the public revenue, or an inam has been granted and is recognized and registered at the Inam Settlement as a *devadaya* or *dharmadaya* grant;

(ii) every institution of a religious or charitable nature which, under the provisions of this Regulation, has been taken under the sole management of Government, so long as it remains under such management.

Classification.
(G. O. No. 2514-25—M. F. 371-13-2, dated 2nd April 1917.)

With a view to systematize the control and supervision over the work of Muzrai institutions, Government have classified them as follows:—

1st class:—Those having a total income from all sources exceeding Rs. 1,000 per annum and a few others of special importance to be specified from time to time.

2nd class:—Those with an income ranging between Rs. 100 and Rs. 1,000.

3rd class:—Those with an annual income of less than Rs. 100.

As regards the first class or major institutions the actual management will continue as at present with the local revenue officers assisted by an advisory body of Dharmadarsis appointed by Government and the conduct of business of this body will be regulated by the "A" set of rules.

The second class or minor institutions will be left to the care of Dharmadarsis, who will be appointed by Deputy Commissioner in consultation with the Muzrai Superintendent. They are to exercise all the powers and discharge all the duties defined in the "B" set of rules appended hereto. (Section IV, *infra*.)

II. Statutory provisions.

Enquiry regarding mismanagement of the property of a religious or charitable institution.
(Section 8 of the Muzrai Regulation.)

When it is brought to the notice of the Muzrai Officer that any religious or charitable institution dedicated for the benefit of the public or a defined section of the public or any property pertaining thereto is being grossly and persistently mismanaged, he may institute an enquiry into the truth of the allegations against the persons in possession and management of the property or the institution.

Order by Muzrai Officer in such cases.
(Section 9 of the Muzrai Regulation.)

If it is proved that there has been gross and persistent mismanagement of the institution or of any property pertaining thereto, or any misapplication or misappropriation of

any part of the property or any breach of trust in respect thereof, the Muzrai Officer may order—

(i) that the institution may be taken under the management of Government;

(ii) that the property which has been mismanaged or misappropriated may be delivered back either to the institution or to the possession of Government for the institution;

(iii) that security may be given for the proper performance of the trust or management of the property;

(iv) may frame a scheme for the proper management of the institution or management of its property and the application thereof; and

(v) pass such other ancillary or necessary orders as the case may require in accordance with justice and equity.

Procedure in cases of wrongful alienation of property belonging to a religious or charitable institution.
(Section 10 of the Muzrai Regulation.)

Where property belonging to a religious or charitable institution has been wrongfully alienated by way of sale, barter, mortgage, lease or otherwise within three years before the date of issuing a notice under this section, the Muzrai Officer may, after giving notice to the alienee and holding a summary enquiry in accordance with the provisions of the Mysore Land Revenue Code, direct that possession be restored to the institution or that Government assume possession thereof on behalf of the institution.

Failure of the object of trust.
(Section 11 of the Muzrai Regulation.)

Where the whole part of the objects of a religious or charitable trust has failed, the Muzrai Officer may, subject to such general rules or special orders as Government may have issued, after notification in the official Gazette and hearing such parties as may appear in an enquiry, pass an order directing that the property or the proceeds thereof in respect of which the object has failed, may be utilized for some object of a similar nature, and may frame a scheme for administration thereof.

Power to make rules for the maintenance of accounts, etc., by persons in charge of the religious or charitable institutions.
(Section 13 of the Muzrai Regulation.)

Government shall have power to make rules directing that persons in charge of religious or charitable institutions shall

(*a*) keep regular accounts of income and expenditure;

(*b*) submit such returns and supply such information as may be necessary;

(*c*) allow such inspection and verification as may be necessary.

And may, by said rules, prescribe a penalty not exceeding one hundred rupees for any infraction thereof.

Wrongful alienation of inams granted for the upkeep of religious or charitable institutions.
(Section 14 of the Muzrai Regulation.)

Where any inam granted by Government for the upkeep of any religious or charitable institution is wrongfully alienated or has passed to the possession of a third party in

any manner and the proceeds thereof have been diverted from the purpose for which it had been granted, the Muzrai Officer may, after enquiry, direct that the property may be resumed and re-transferred to the institution for whose benefit the inam was intended, or may cancel the inam tenure and impose the full assessment due to Government under the provisions of the Land Revenue Code or cancel the tenure and direct the assessment recovered to be handed over for the benefit of the original institution.

Provided that no person who has had adverse possession of a property for a period of 12 years shall be deprived of such possession.

Restoration of alienated Devadaya Inams. (Chief Commissioner's Notification No. 266, dated 17th November 1877.)

All inam lands granted to religious and charitable institutions, and for the maintenance of persons rendering service therein, will be confirmed and continued to them so long as the conditions of the grant are duly fulfilled.

Whenever it is found that such lands are diverted from the object for which they were granted by means of sale, (whether by private contract or by Court or Revenue sale) gift, mortgage or otherwise, the following rules shall be observed:—

A. Where such alienations were made prior to the 31st January 1853, but within 50 years computing the period of possession up to 14th December 1367, the lands or villages so alienated will, if not restored voluntarily by the holder, be confirmed subject to a jodi of one half the assessment (*i. e.*, survey valuation) the jodi or assessment so imposed being payable direct to the institution from which they were alienated.

B. In the case of alienations made subsequent to 31st January 1853, a notice will be issued to the alienee or alienees requiring him or them to restore the lands to the institutions to which they belong, within 6 months from the date on which the notice is served on the alienee or alienees, or his or their agent or manager who may be in charge of the lands, and on default of compliance, the lands will be summarily resumed and restored to the institution by the Revenue authorities under instructions from the Inam Superintendent.

C. In the case of simple mortgage or hypothecation of the inam lands, without possession, the transaction will be declared null and void in so far as it is intended to create alien on the lands or to treat them as security for the loan advanced.

Lands held for 50 years and upwards, with or without titles, computing the period of possession up to 14th December 1867 will be confirmed to the holders on the terms prescribed in the Land Inam Rules, and will not be included in the title-deed granted by the Inam Department to the religious institutions.

The alienations, whether made in favour of the disciples of the institution or others unconnected with it, will be treated alike, and disposed of under these rules.

Appointment of Dharmadarsis.
(Section 15 of the Muzrai Regulation.)

Government may appoint Dharmadarsis to manage the affairs of religious or charitable institutions for such term and with such powers as may be prescribed and may frame rules for the conduct of business among them.

Investment of Dharmadarsis with the powers of a corporate person.
(Section 16 of the Muzrai Regulation.)

Government may invest Dharmadarsis with the powers, functions and responsibilities of a corporate person, including power to hold and dispose of property and to sue and be sued.

Appointment of Committees with powers of management.
(Section 17 of the Muzrai Regulation.)

Government may also appoint a Committee of persons chosen by election or otherwise with such powers of management and supervision as may be prescribed by rules, over one or more religious or charitable institutions.

Investment of trust money.
(Section 18 of the Muzrai Regulation.)

It shall be lawful for any trustee or person or persons having the management or control of any religious or charitable institution to invest money belonging to the institution and not required for immediate use on any of the following securities, and on no others, *viz*:—

(*a*) In Promissory Notes, debentures, stock or other securities of the Government of India or Mysore ;

(*b*) In stock or debentures of, or shares or as deposits in Railway or other Companies approved by Government ;

(*c*) On a first mortgage of immovable property situate in Mysore ; provided that the property is not a lease-hold for a term of years and that the value of the property exceeds by one half, or if it consists of buildings exceeds by three-fourths, the mortgage money ; or

(*d*) On any other security expressly authorised by the Instrument of Trust or approved by Government.

Recovery of arrears of rent or revenue due to a Muzrai institution.
(Section 19 of the Muzrai Regulation.)

Arrears of rent or revenue due from tenants in respect of property belonging to a Muzrai institution may be recovered by the officers empowered to recover revenue due to Government in the same manner as arrears of land revenue due to Government.

Procedure when property is situated in more districts than one.
(Section 20 of the Muzrai Regulation.)

When the property of any religious or charitable institution is situated in more districts than one, the Deputy Commissioner in whose district the institution itself is situated or with his consent any other Deputy Commissioner in whose district any part of the property is situated, may exercise all the

powers conferred by this regulation as regards the whole of the property provided that, in cases of doubt or difference, Government may direct any one of the Deputy Commissioners having jurisdiction to take cognizance of the whole matter.

II. PUJARIS AND OTHER HEREDITARY TEMPLE SERVANTS.

Enquiry into the claims to the office of a Pujari or other servant of a Muzrai institution.
(Section 32 of the Muzrai Regulation.)

When there is a dispute about the office of a Pujari or other servant of a Muzrai institution which by law or usage descends by hereditary right, the Amildar of the taluk in which the institution is situated shall hold an enquiry in the presence of the parties interested and record statements and evidence relevant to the case.

Decision by Deputy Commissioner or Assistant Commissioner.
(Section 33 of the Muzrai Regulation.)

The Muzrai Officer shall, after reading the record of enquiry by the Amildar and hearing the parties interested, and after making such further enquiry as he thinks necessary, pass a decision on the merits of the case.

No temple office or service in a Muzrai institution to be hereditary, except under certain circumstances.
(Section 34 of the Muzrai Regulation.)

In the absence of proof to the contrary no office or service in a Muzrai institution shall be deemed to descend by hereditary right unless it has been conferred originally with such an express stipulation in writing by a person with due authority or has been held successively by three generations of the same family in succession in due legal course.

Appointment of a Pujari or other officer in a Muzrai institution.
(Section 35 of the Muzrai Regulation.)

Where there is no claimant entitled to succeed to the office of a Pujari or other office in a temple or other place of worship the appointment shall be made by the Muzrai Officer in cases of institutions under the direct management of the Muzrai Department or in cases of other institutions dedicated to the public or a section of the public by the devotees of the institution living in the vicinity under such rules as may from time to time be made by Government.

Removal of a Pujari at the instance of Bhaktas.
(Section 36 of the Muzrai Regulation.)

Where a majority of not less than three-fourths of the inhabitants of a village or other unit being devotees of a temple object to the employment as Pujari of a person claiming by hereditary right, such person shall be set aside provided that the objectors pay to the claimant such amount by way of compensation as may be fixed by the Muzrai Officer.

III. DHARMADARSIS.

The Muzrai institutions classed as "Minor" will be under the care of a Committee of Dharmadarsis, subject to the control of the officers of Muzrai Department.

Appointment.

The Committee will be appointed by the Deputy Commissioners of Districts and one of them will be nominated as the Convenor.

Number.

The number of Dharmadarsis shall not be less than three or more than five for each institution or group of institutions.

Choice of Dharmadarsis.

In choosing Dharmadarsis the following consideration should be kept in view:—

1. The number of Dharmadarsis should vary according to the importance of the institution or group of institutions.

2. The institutions of distinctive denomination such as Vaishnava, Saiva, Brahman, Sivachar, Jain, etc., the majority should be wherever possible of the same denomination.

3. The persons chosen should ordinarily be residents of the locality or living in the neighbourhood.

4. They should be men of reputed good character popular and public spirited.

5. Preference should be given to the devotees of the institution.

Period of office.

Every Dharmadarsi will hold office for three years unless removed within such period for a sufficient reason.

Removal.

Any Dharmadarsi failing to attend more than three consecutive meetings of the Dharmadarsis or being absent from the station for more than three months together will be liable to be removed. For any other sufficient reason to be recorded and communicated to the party concerned the Deputy Commissioner may remove any Dharmadarsi from his office. An appeal against such an order will lie to Government in the Muzrai Department.

Appointment in case of vacancy.

Whenever a Dharmadarsi vacates his office or is removed from his office before the expiry of the term of five years, the vacancy may be filled up by the appointment of another person, such person holding the office only for the unexpired portion of the aforesaid term.

Notification of appointment and removal.

All appointments and removals of Dharmadarsis will be duly notified by the Deputy Commissioners in the *Mysore Gazette*.

IV. MANAGEMENT.

What Dharmadarsis may do.
("B" Set of rules under Section 15 of the Muzrai Regulation.)

Except in matters which may hereinafter be excepted and subject to the general or special direction of the Deputy Commissioner Dharmadarsis shall exercise full powers of management in the affairs of the institutions placed in their charge.

In the following cases, powers of disposal will rest as heretofore in the Amildars or other Muzrai officers :—

(*a*) Conversion or disposal of any of the properties movable or immovable belonging to the institution.

(*b*) Investment of any institution funds.

(*c*) Incurring of any expenditure outside the scale fixed for the institution or appropriating funds provided for one purpose to another.

(*d*) Variation from *mamul* in the matter of observances of honours granted to individuals.

(*e*) Appointment, punishment, suspension or dismissal of *Vahivatdar*.

Scale of expenditure.

The scale of expenditure referred to above, will be fixed in the first instance by the Deputy Commissioner, in consultation with the Muzrai Superintendent and will be revised every five years. Except when such general revision is taken in hand, any changes

that may be found necessary in actual working, may be ordered by the Deputy Commissioner without previously consulting the Muzrai Superintendent.

In framing the scale of expenditure the following principles should be kept in view:—

(*a*) The Abhishekam, Naivedya and other regular *Puja* articles under Nityakatle should wherever practicable be fixed in kind and commuted to money equivalent at prevailing market rates.

(It is to be noted that the sanctity of an institution depends upon the due performance of Nityakatle services and the expenditure under this head should be the first charge upon the income of an institution.)

(*b*) Fixed money allotments based upon the average of the previous three years should be made for Hetchukatle items. (Expenses under feasts, processions, music, etc., should be kept as low as possible; but the religious ceremonies required on the occasion should be fully provided for, wherever possible.)

(*c*) Under establishment the multiplicity of ill-paid servants should be diminished wherever practicable and the amounts thus set free should be utilized to provide suitable remuneration to the Pujari and other responsible and indispensable servants of the institution. Sufficient provision should be made for keeping the premises clean and tidy.

(*d*) A sufficient reserve from the estimated income should be kept so as to provide for the cost of establishment to be entertained in the various offices for the transaction of Muzrai business and audit (estimated to cost about 5 per cent of the income) and for the periodical repairs and improvements of the buildings and other properties of the institution, for which there should be a reserve of 10 to 15 per cent according to the condition of the buildings. Thus the reserve should ordinarily be from 15 to 20 per cent of the income.

(*e*) In drawing up the scale, the Dharmadarsis, if any, the leading inhabitants or devotees of the temple, the pujaris and other responsible servants of the institution should as far as possible be consulted. The scale should be in the appended form and should contain brief remarks explaining the demands made under the more important items, wherever necessary.

(*f*) In case the servants are in the enjoyment of temple lands in lieu either wholly or partly of services to be rendered, the same should be noted at foot with the nature of services and the estimated annual income from the property.

Subject to Rules under Section 13 of the Muzrai Regulation.

The Dharmadarsis shall be subject to the provisions of Section 13 of the Muzrai Regulation and the rules framed thereunder.

The rules are as follow:—

"The following accounts of income and expenditure shall regularly be kept by all

persons in charge of religious or charitable institutions with an annual income of and above Rs. 100:—

(*a*) Cash Book of daily transactions, Form No. I.

(*b*) Monthly statement of income and expenditure under the various heads, Form No. II.

(*c*) Stock Register of movable properties belonging to the institution, Form No. III.

(*d*) Register of immovable properties of the institution, Form No. IV.

(*e*) Jamakarch account of articles of provision, etc., Form No. V.

An extract from the monthly statement (Form No. II) shall be submitted to the Deputy Commissioner through the Amildar of the Taluk within a week after the close of the month The Dharmadarsis or other body of persons in charge of the institution should meet once every half-year, within fifteen days after the half-year closes, *i.e.*, before 15th January and 15th July and audit the accounts of the Institution, and also adopt a brief report on the conduct of the institution with a statement of income and expenditure under the various heads which should be submitted to the Muzrai Officer within the fortnight following.

All Revenue Officers of Government of and above the grade of Amildars shall be entitled to inspect the institution, and enquire into its administration. Every facility should be furnished by the persons in charge to these Officers in the conduct of their inspection and in the scrutiny of the accounts and registers maintained.

In case of default or irregularity in the maintenance of accounts and registers under para 1 or in the due submission of the monthly return and half-yearly report under para 2, or failure to render all necessary facilities for the conduct of inspection and verification under para 3, a summary enquiry will be held by the Muzrai Officer who may inflict a penalty not exceeding twenty-five rupees for each infraction.

Conduct meetings

Dharmadarsis shall meet at least once a month or oftener, if necessary, and shall keep a record of their proceedings, a copy of the proceedings being submitted to the Amildar.

Supervise worship

They should see that the daily and periodical ceremonies are performed at the regulated times and in the prescribed manner and that the amounts assigned therefor are properly utilised. For this purpose the Dharmadarsis may arrange to visit the institutions by turns or apportion the supervision in compartments.

Maintain premises in repair.

It shall be the duty of the Dharmadarsis to arrange to maintain in good repair the buildings and other appurtenances of the institution and to keep the premises clean and tidy.

Make the institution useful.

7. Every opportunity should be taken advantage of to make the institution as useful as possible to the public.

Maintain inspection and Visitors' Books.

8. An inspection book for noting remarks of officers of and above the grade of Amildars and a Visitors' book for entry of suggestions by respectable gentlemen visiting the institution should be maintained. Extracts of the more notable suggestions should be sent to the Amildar once in six months with a note of action taken.

and other records of the institution.

9. In addition to the accounts prescribed under Section 13 of the Muzrai Regulation, the following records should also be kept and registers maintained:—

(*a*) Rules of management of minor Muzrai institutions.
(*b*) Rules regarding custody of jewels.
(*c*) Minutes of proceedings.
(*d*) Rules of business, if any, and programme of supervision of work.
(*e*) Scale Register.
(*f*) Attendance Register of servants (Form No. VII).
(*g*) Sevartha and Kanike Register (Form No. VIII).
(*h*) Puduvat Register (Form No. IX).
(*i*) Register of Remittances to Treasury (Form No. X).

Annual report

10. Soon after the close of the year, a report should be submitted to the Amildar, (Form No. XI) on the administration of the institution together with abstract of income and expenditure and information regarding accretions and losses to property, state of building, improvement of services and popularity and other notable points.

V. SERVANTS OF MUZRAI INSTITUTIONS.

The technical servants of a temple are the Pujaris, Archaks, Agamiks who conduct the actual worship. These belong ordinarily to a special and numerically small class. Though in their case hereditary right is usually recognized, yet at the same time good character and knowledge of forms and rituals of worship are requisite qualifications and have to be insisted upon. In case an officiator should exhibit insufficient knowledge of the method and the texts he may be given time to acquire sufficient learning on the subject. A persistent repute for bad character or immoral life will be sufficient reason to remove an Archak from his post.

2. In the case of vacancies arising, a Hakdar may, if a female or minor, be permitted to present a competent substitute within a reasonable time and on such mutual understanding as regards participation of profits as they may come to. If no such substitute is produced, the Muzrai Officer may proceed to appoint a duly qualified man and in so doing he is not bound to reserve any fraction of the emoluments to the Hakdar. The substitute so appointed will not be removed merely at the pleasure of the Hakdar.

The non-technical but superior appointments consist of all posts which can be held by the community in general, such as Sannidhi Paricharaks, Swayampakis, Mantrapushpa, Adhyapaka, Vedaparayana, Stotrapatha, Sripada, etc. In these cases also a reputation for good character is essential and in posts where special qualifications are required the officiators have also to be duly qualified. The interests of the institution, however, do not require that special prominence should be given to Hakdari rights and unless such rights have been expressly created under orders passed by competent authority no special recognition to such claims should be allowed. It is to be observed that the emoluments are never sufficient to pay both the Hakdars and their substitutes if these are to be at all satisfactory. The following general considerations may be kept in view in filling up vacancies in these offices:—

(1) Preference may be given to members of the family of the last Hakdar according to propinquity, but no person will ordinarily be appointed who is not at the same time duly qualified and also willing to enter upon his duties.

(2) The claims of persons obviously incompetent to perform the service will be passed over in favour of the next competent heir.

(3) In cases of minority of the heir, the registry may be deferred until such time as the minor proves himself to be competent to undertake the work.

As regards temporary vacancies the officiatory will ordinarily be at liberty to produce a satisfactory substitute and will, at the same time, be personally responsible for the latter's good conduct and for the discharge of legal and customary conditions attaching to the office. When he is not able to do so, the Muzrai Officer may appoint a suitable person from an approved list maintained by Dharmadarsis of candidates available in the locality qualified to hold the various offices.

VI. DUTIES AND POWERS OF MUZRAI OFFICERS.

1. The Deputy Commissioners and subject to their control the Sub-Division Officers and Amildars will be held fully responsible for the Muzrai Administration of their respective charges and will be expected to inspect institutions from time to time and see that the endowments are properly applied.

2. The Muzrai Superintendent will also inspect the more important of the institutions from time to time and his powers of inspection and enquiry will be co-ordinate with those of the Deputy Commissioners.

Amildar.

3. It shall, however, be the clear duty of the Amildar to systematically inspect all the minor institutions in the Taluk at least once a year in accordance with a programme arranged beforehand and submit a report of

his inspection in the appended form (Form XII); one copy should be submitted to the Deputy Commissioner through the Sub-Division Officer and another to the Muzrai Superintendent During the inspection, the Amildar should have the buildings and other properties examined, scrutinize the expenditure, check the accounts, enquire into the conduct of services and generally review the work of the Dharmadarsis

4 The Sub-Division Officer should inspect as many of these institutions as possible in the course of the year but should arrange to inspect all of them at least once in three years and should submit copies of notes of such inspections periodically both to the Deputy Commissioner and to the Muzrai Superintendent

5 The following registers shall be maintained in the Taluk Office —

(i) Register of Minor Institutions

(ii) Sanctioned scales of income and expenditure, one copy of the scales sanctioned for each institution should be retained in the taluk and carefully preserved

(iii) Register of Dharmadarsis (Form No XIII)

(iv) Register of jewels belonging to the various institutions of and above the value of Rs. 10 (Form No XIV)

(v) Register of investments including Puduvats (Form No XV)

Note —Items 2, 3, 4 and 5 may be written up in the same book separate for each institution and numbered serially according to the Institution Register and the abstracts of monthly expenditure received from the Dharmadarsis should be posted in that book, the entries for each year being noted in one page. The balance at the end of each year should be struck and the details of deposit noted

6. The Register of Institutions has been prepared in the first instance in the Muzrai Superintendent's office After verification, the entries should be copied into a bound register with sufficient space below each institution to insert corrections from time to time Copies of this register should be maintained in the offices of the Sub-Division Officer, Deputy Commissioner and Muzrai Superintendent and a statement of corrections should be submitted once a year to these offices by the Amildar

7 A consolidated list of the more valuable jewels, belonging to the various institutions should be kept in the Taluk Treasury and corrections should be made therein only at the instance of the Amildar. This Register should be re-written once in five years and at each renewal the correctness of the list should be certified to by both the Amildar and Dharmadarsis concerned As far as possible

the renewal should be made to synchronize with the appointment of new set of Dharmadarsis. *Vide* also detailed rules for the custody and inspection of jewels published with Government Order No. 1835-43—M. F. 535-09-16, dated 18th January 1919.

8. The Amildar should submit a brief report on the administration of the minor institutions within his charge not later than the end of August following, in duplicate, one to the Deputy Commissioner through the Sub-Division Officer and the other to the Muzrai Superintendent. A skeleton form of the report is appended (Form No. XVI) to which may be added any notable information on important events during the year. The report should also review the work of the Dharmadarsis and should bring to notice any specially meritorious work done by them. The Deputy Commissioner and the Muzrai Superintendent should review and incorporate the information contained in these reports in their annual administration reports

Sri Arkeswaraswami and Sri Chandramouleswaraswami Temples at Yedatore.

No. 3299-3301—Muz. 585-18-3, dated 17th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

GENERAL AND REVENUE DEPARTMENTS.

Read—

Note No. R. C. 1283, dated 20th March 1919, from the Muzrai Superintendent in Mysore, submitting for sanction, proposals for the revision of the scale of expenditure in the Sri Arkeswaraswami temple and the Chandramouleswara temple at Yedatore together with his Memorandum thereon and stating that the proposals were drawn up by him after personal inspection and enquiry and that they have been concurred in by the Deputy Commissioner who was consulted in the matter.

MEMORANDUM.

The temple of Sri Arkeswaraswami at Yedatore judged by its income is only minor but owing to its situation at the headquarters of the taluk which is also a place of pilgrimage and the archæological merit of the building it seems to be expedient that Government should retain direct control of the institution. It enjoys a cash grant of Rs. 436-6-0 a year and the marginally noted Inam and Kandayam lands. The total income of the temple amounts to Rs. 622-6-0 a year. The temporary Sheristadar has dealt with the institution and has brought to notice many points relating to the management of the institution which requires further enquiries.

Village	Kind	Sl. No.	Area	Assessment
	Inam Lands.			Rs. a. p.
Mirle ..	Wet	852	0 38	7 0 0
Kuppe ..	Dry	116	3 6	2 12 0
	Kandayam Lands.			
Chikkavaddaragudi ..	Wet	102	1 34	12 0 0
	Dry	102	0 30	
	Wet	103	2 23	16 0 0

2. The temple of Sri Chandramouleswaraswami which is close to that of Sri Arkeswaraswami and enjoys an annual cash grant of Rs. 174-9-0, may also with advantage be clubbed with Arkeswaraswami for purposes of administration as the same set of servants work in both the temples.

3. A comparative statement showing the existing and the proposed scale of income and expenditure in these temples is hereto appended.

4. *Establishment.*—The present archak is a boy of about 16 years quite inexperienced. To secure the services of a capable man the pay has been raised to Rs. 6.

The present Shanbhog holds the permanent appointment of Gollar in the Taluk Office and is besides incapable of managing the temple affairs satisfactorily. The post may be abolished and the Parpathegar of the Government Anna Chattram may look after the affairs of the temple also with a small allowance for the additional work.

The other offices in both the temples have been consolidated and slightly increased pay allowed, provision being made for all the Barawardars.

5. *Nityakatle.*—An allowance of 1 seer of rice and 1 tola of ghee is paid per diem from the local chattram for the Neivedya in the temple. The cash equivalent of this allowance has been entered on the receipt side. In view of the current high prices small increases have been allowed, thus raising the present allotment of Rs. 13 to Rs. 17-12-0.

6. *Hetchukatle.*—There are no material changes in any of the items.

7. No percentage contribution for the Muzrai Establishment Fund can be levied on the income of the institutions.

8. The temple of Sri Arkeswaraswami had a surplus of Rs. 1,144-3-2 (Uninvested and Rs. 832-10-4 Invested) at its credit on 30th June 1918.

No. 3299-3301—Muz. 585-18-2, dated 17th April 1919.

9. The following gentlemen may be appointed Dharmadarsis of the temples:—
Mr. Mavathoor Venkatasubbaiya.
Mr. Shanbhog Sitaramaiya.
Mr. Venkatapathi Sastri.
Mr. Badam Ranga Setti.
Mr. Thimmaiya.

Order No. 3299-3301—Muz. 585-18-2, dated 17th April 1919.

Government consider the proposals of the Muzrai Superintendent suitable a are accordingly pleased to sanction the same.

2. A separate Notification will issue in the matter of the appointment of Dha madarsis for the institutions

G. ARAVAMUDU IYENGAR,
Secy. to Govt., Muzrai. Dept.

To—The Muzrai Superintendent in Mysore.
The Deputy Commissioner, Mysore District
The Comptroller to Government.

Proposals regarding Conditions under which the Railway Audit Office should work at Mysore.

No. R. S. 2943-47—Ry. F. 234G-18-19, dated 25th April 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT

Read—

Government Order No. R. S. 2302-07—Ry. F. G. 234-16-17, dated the 29th January 1917, vesting the control over the Railway Audit Office in the Railway Secretariat, as a temporary measure, subject to the condition that the Financial Department should be invariably consulted in all matters appertaining the Audit Establishment.

2. Letter No. 792, dated the 6th September 1917, to the Financial Secretary, defining the subjects on which the Financial Department should be consulted by the Railway Department.

3. Government Order No. R. S. 4197-201—Ry. F. G. 254-17-18, dated the 29th June 1918, transferring the Railway Audit Office to Mysore and calling for proposals regarding the conditions under which it should work at the latter place.

4. Letter No. Rys. O. L. 2877, dated the 28th August 1918, from the Comptroller submitting proposals called for in the above.

Order No. R. S. 2943-47—Ry. F. 234G-18-19, dated 25th April 1919.

Government have carefully considered the various proposals and suggestions put forward and are pleased to direct that the Railway Audit Office be independent of the Comptroller.

2. The designation of the head of the Railway Audit Office will be the Examiner of Accounts, Mysore Railways, and that of his Assistants, Assistant Examiners.

3. The Examiner of Railway Accounts will, in all matters, except the audit of accounts, be under the administrative control of the Agent. The ruling of the Examiner in matters of audit shall prevail, provided that in cases where the Agent differs from any such ruling of the Examiner, he may require the latter to place the case before the Financial Department for decision. All such references shall be made through the Railway Secretary, who shall forward the same to the Financial Department for decision.

4. The question about the number of Gazetted and non-Gazetted staff and their pay and prospects may be separately brought up for the decision of Government.

D. G. DANI,
Secy. for Railways, Govt. of Mysore.

To—The Financial Secretary to Government.
The Comptroller to Government.
The Comptroller to Government, Railways.
The Agent, Mysore Railways.
The Secretary, Railway Committee.

No. R. S. 2817-21- Ry. F. 2 O. L. 18-19, DATED 11TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT

READ—

Government Proceedings No. 1641-44—Ry. F. 2 O. L. 16-17, dated 29th November 1916 delegating certain powers to the Agent, Mysore Railways.

2. Letter No. Rys. O. L. Estt. 62, dated 8—9th July 1918 from the Comptroller, Railways, regarding the extent of powers to be exercised by the Agent under items 15 and 16 in the Schedule of Powers.

Order No. R. S. 2817-21—Ry. F. 2 O. L. 18-19, dated 11th April 1919.

Items Nos. 15 and 16 in the Schedule of Powers sanctioned in the order read above are modified as noted below :—

Item 15. Fixing the limits of ordinary jurisdiction of any officer, or class of officers.—May exercise full powers in respect of non-gazetted officers.

Item 16. Deputation of officers and subordinates beyond their own jurisdiction.—May exercise full powers under para 310, Open Line Code, Vol. II in respect of journeys beyond the State to all places situate within a radious of 500 miles from headquarters, *i. e.*, Mysore City, except in the case of Gazetted Officers for which previous sanction of Government should be obtained.

D. G. DANI,
Secy. for Railways, Govt. of Mysore.

To—The Chief Secretary to Government.
The Secretary to Government, Financial Department.
The Comptroller, Railways.
The Agent, Mysore Railways.
The Secretary, Railway Committee.

Exd.—C. R.

Preliminary Survey of a line of Railways from Chikmagalur to Koppa, *via* Mudgere.

No. R. S. 2995-3000—Ry. F. G. 62-18-19, DATED 30TH APRIL 1919.

PROCEEDINGS OF THE GOVERNMENT OF HIS HIGHNESS THE MAHARAJA OF MYSORE.

RAILWAY DEPARTMENT

READ—

Government Order No. R. S. 2247-2252—Ry. F. G. 62-17-18, dated 22nd April 1918, sanctioning an estimate amounting to Rs. 3,682 for the reconnaissance survey of a line of Railway from Chikmagalur to Koppa *via* Mudgere.

2. Correspondence ending with Railway Secretary's Note No. 1029-427, dated 13th March 1919, submitting for sanction the accompanying estimate amounting to Rs. 19,610 for a preliminary survey of the above line.

Order No. R. S. 2995-3000—Ry. F. G. 62-18-19, dated 30th April 1919.

Sanctioned.

2. As there is no provision for this work in the current year's budget, funds required therefor, *viz.*, Rs. 19,610 should be met by Reappropriation out of the budget grant for Railways during the year.

D. G. DANI,
